A. PEDLER,

Director of Public Instruction, Bengal.

The 20th December 1904.

PRISMATIC COMPASS AND CHAIN SURVEYING.

1. The map will afterwards be plotted by the candidate on a scale of not less than 1 inch to 100 feet.
2. The candidate will inspect his task and decide whether chain or prismatic compass survey is the more suitable, as he may use whichever he likes.
3. If he selects to conduct a chain survey, he must, as an additional check, record the bearings of all lines.
4. The field-book will be given up on the completion of the task.
5. No pages may be torn out of the field-book.

PLANE-TABLE TEST.

The candidate may be directed to run a circuit with the plane-table and to fill in selected details in the interior both by direct measurement and the method of intersection; the scale of the work should be as large as possible.

LEVELLING TEST.

The candidate may be directed to run a line of levels between two field stations and to check his work.

PLOTTING TESTS.

The candidate will have his field-book of the chain and compass survey and his level-book returned to him for plotting. Detailed instructions will be given at the time of the examination.

USE OF THEODOLITE AND ADJUSTMENT OF INSTRUMENTS.

The candidate will be required to read horizontal and vertical angles, observe the three angles of one triangle and make the usual adjustments, temporary and permanent, of a level and theodolite.

A. PEDLER,

The 30th December 1904.

Director of Public Instruction, Bengal.

INSTRUCTIONS FOR CARRYING OUT THE PRACTICAL TESTS.

1. A candidate having communication with any one except his own coolies is liable to summary expulsion from the examination.
2. Each candidate will conduct a separate survey test with the assistance of three coolies only. No candidate will be allowed to bring his own coolies.
3. Each candidate will be provided with an Index map on which the extent of his task is shown and other necessary instructions will be noted.
4. Each candidate will be provided with—

A Prismatic Compass
A Plane-table with Index Rule
A Level and Levelling Staff
A 100 feet or 66 feet chain and 10 arrows
An offset rod*
6 Flags
10 Pages for each task
1 Field-book
1 Level-book

These must be returned intact on the completion of the task.

* If a candidate prefer to use a tape instead of an offset rod, he may do so, but he must supply it himself.

5. The time allowed for each task is left to the discretion of the officer conducting the examination.

NOTIFICATION.—By the Government of India, Revenue and Agricultural Department.

In exercise of the power conferred by section 20 of the India Mines Act, 1901 (VIII of 1901), the Governor-General in Council is pleased to make the following rule for application to all mines in British India:—

RULE.

The managing agent of a mine, or, if there is no managing agent, the owner or the manager of a mine as may be determined by the Magistrate of the district, shall furnish to the Chief Inspector of Mines in India, Calcutta, through the Magistrate of the district, an annual return of the output of the mine and of the labour employed therein in the form set forth below. The return shall reach the Magistrate of the district not later than the 1st February in each year, and shall relate to the immediately preceding calendar year—

RESOLUTION.

THE Secretary of State for India has brought to the notice of the Government of India that it not infrequently happens that natives of India, students or others, who have proceeded to England, desire to obtain passports to enable them to travel to foreign countries in which the possession of a passport is necessary or desirable, and that difficulty often arises from want of evidence to show that the applicant is a British subject, and therefore entitled to a passport. Appeals for assistance are also frequently addressed to His Lordship by destitute Indians who desire to return to their country and by students who, owing to embarrassed circumstances, are unable to complete their course of education.

2. In order to enable the Secretary of State to deal with such cases satisfactorily, the Governor-General in Council has decided that it is necessary to press upon Indian students and others visiting England the desirability of providing themselves, before their departure from India, with an authoritative certificate of identity, in the form appended to this Resolution, signed by the head of the district (in a Presidency Town, the Commissioner of Police) in the case of residents of British India and by the Political Officer in that of residents of Native States. For a student the certificate should be signed by the head of his last school or college and countersigned by the District Officer in a Presidency Town, the Commissioner of Police or Political Officer, in the case may be.

A. PEDLER,

Director of Public Instruction, Bengal.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

The following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (fourty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are:—

- (1) That the competition be open to all educated women, being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.

- (3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

IRRIGATION DEPARTMENT.

The 17th January 1905.

No. 1.—Notification.—In supersession of all previous notifications, it is hereby declared that, in exercise of the powers conferred on him by sections VIII and XIII of the Canals Act, V (B.C.) of 1864, the Hon'ble the Lieutenant-Governor of Bengal is pleased to appoint the Executive Engineer, Nadia Rivers Division, to be *ex-officio* Collector and Supervisor of the undermentioned lines of navigation from the date of publication of this notification:—

- (1) The river Bhagirathi throughout its whole course from the Ganges to Nadia, or to its junction with the Hooghly.
- (2) The river Hooghly from Nadia to its junction with the river Mathabhangha.
- (3) The river Jalangi from the Ganges to Nadia.
- (4) The river Bhairab from the Ganges to the Jalangi.
- (5) The river Mathabhangha from the Ganges to its junction with the Hooghly.
- (6) The river Ganges from Digha Ghat to Damukdia.

The above lines of navigation were notified under section II of the Canals Act, V (B.C.) of 1864, in Bengal Government Notifications Nos. 150 and 230, dated, respectively, the 18th June 1879 and 17th November 1902, and the Executive Engineer, Nadia Rivers Division, was appointed *ex-officio* Supervisor of the said lines of navigation under section XIII of the Act in Bengal Government Order No. 1991, dated the 27th January 1904.

No. 2, Notification.—In supersession of that portion of Notification No. 150, dated the 18th June 1879, which defines the limits of the toll-stations of the Nadia Rivers as follows:

"The following shall be limits of the different toll-stations:—

- (1) *Swarupganj station, Bhagirathi river.*—On the north a line drawn across the river from the point at which the boundary of the Nadia Municipality meets the river. On the

south a line drawn across the river from the southernmost point of the village of Natun Bazar.

(2) *Jalangi river*.—On the north-east a line drawn across the river Jalangi from the eastern boundary of the toll-office compound. On the south the same as the southern limit of the Bhagirathi.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

The following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are:—

- (1) That the competition be open to all educated women, being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

MARINE DEPARTMENT.

The 19th January 1905.

No. 5Marine.—The following Notification, dated the 16th December 1904, published by the Government of Ceylon, regarding the pearl fishery of 1905, is republished for general information.

D. B. HORN,

Secy. to the Govt. of Bengal.

CEYLON PEARL FISHERY OF 1905.

Notice is hereby given that a pearl fishery will take place at Marichchikaddi, in the Island of Ceylon, on or about February 20, 1905.

The banks to be fished are the South-West Cheval Paar, which is estimated to contain 3,500,000 oysters, sufficient to employ 200 boats for two days with average loads of 10,000 each a day; the Mid-East Cheval Paar, estimated to contain 13,750,000 oysters, sufficient to employ 200 boats for seven days with average loads of 10,000 each day. The North and South Modernagam, with 25,700,000 oysters, sufficient to employ 200 boats for thirteen days with average loads of 10,000 each day; the South Cheval Paar, estimated to contain 40,220,000 oysters, sufficient to employ 200 boats for twenty days with average loads of 10,000 each a day; each boat being fully manned with divers.

2. It is notified that fishing will begin on the first favourable day after February 19. Boat owners and divers should be at Marichchikaddi by February 16.

3. Marichchikaddi is on the main land, eight miles by sea south of Sillavaturai, and supplies of good water and provisions can be obtained there.

4. The fishery will be conducted on account of Government, and the oysters put up to sale in such lots as may be deemed expedient.

5. The arrangements of the fishery will be the same as have been usual on similar occasions. Persons attending the Fishery Camp from India will be permitted to travel to Ceylon by either of the following routes—(1) Tuticorin to Colombo or (2) Paumban to Marichchikaddi—and by no other. Arrangements will be made as at the last fishery for travellers to proceed from Paumban direct to the Camp. The only restriction imposed on travellers by the Paumban route will be inspection by the Medical Officer at Paumban.

6. Drafts on the Banks in Colombo or bills on the Agents of this Government in India, at ten days' sight, will be taken, on letters of credit being produced to warrant the drawing of such drafts or bills.

7. For the convenience of purchasers the Treasurer at Colombo and the different Government Agents of Provinces will be authorized to receive cash deposits from parties intending to become purchasers, and receipts of these officers will be taken in payment of any sums due on account of the fishery.

8. No deposit will be received for a less sum than Rs. 250.

9. All communications regarding the fishery must be addressed to the Government Agent, Northern Province, Jaffna, Ceylon, up to the end of January, after which date they should be addressed to him at Marichohikkaddi.

By His Excellency's command,

A. M. ASHMORE, Colonial Secretary.

BABU BRAJAMOHAN DUTT'S PRIZE ESSAY FOR NATIVE LADIES.

The following subject has been selected for Babu Brajamohan Dutt's Prize Essay of Rs. 45 (forty-five) for the year 1903-1904.

"The shortcomings of the existing system of female education in this country."

The conditions for the award of the prize are:—

- (1) That the competition be open to all educated women, being natives of Bengal, without regard to age.
- (2) That the prize be given for an essay, to be written in either Bengali or Sanskrit.
- (3) That the essays be sent to the Central Text-Book Committee for adjudication within six months of the date of advertisement.
- (4) That each essay be accompanied by the written declaration of the husband, parent, or guardian of the competitor, that to the best of his belief she has received no assistance of any kind, direct or indirect, in writing the essay.

Candidates are requested to send their essays, not later than the 31st July 1905, to the Secretary to the Central Text-Book Committee, Office of the Inspector of Schools, Presidency Division, at 12 Dalhousie Square, Calcutta. The envelope containing the essay should be superscribed "Brajamohan Dutt Prize Essay." The name of the successful competitor will be published in the *Calcutta Gazette*.

The winner of the prize in any year may, if she pleases, again compete. If she is adjudged to have sent in the best essay in such subsequent competition, her name will be published in the *Gazette*, but the prize will be awarded to the next eligible candidate.

No prize will be awarded if, in the opinion of the judges, the best essay sent in is not such as to deserve a prize.

CALCUTTA,

A. PEDLER,

The 10th January 1905.

Director of Public Instruction.

NOTIFICATIONS OF THE BOARD OF REVENUE.**NOTIFICATION—No. 609B.**

In exercise of the power conferred by the note appended to rule 10 of the rules promulgated by the Government Notification No. 3681S.R., dated the 1st August 1893, as subsequently corrected by erratum No. 4348S.R., dated the 12th September 1893, the Board of Revenue, in continuation of their Notification, dated the 11th October 1893, publish the following Notification for general information:—

In Calcutta the licensed vendors of stamps at the Police Court and the Small Cause Court shall not be required to write at the time of sale the name of the purchaser and the date of sale on adhesive Court-fee stamps sold by them up to and inclusive of the value of one rupee. They must, however, affix their signature to such label or labels before delivery thereof to the purchaser. Provided that this relaxation of the rule shall not apply to those adhesive Court-fee stamps which are affixed to impressed sheets to make up fractions of less than Rs. 10 under rule 4 of the above rules.

By order of the Board of Revenue, L. P.,

CALCUTTA, the 23rd January 1905.

H. F. SAMMAN, *Offg. Secretary.*

No. 11196B.

Notice is hereby given that the Second Sale of Opium, the Provision of 1902-03, will be held at the Government Opium Sale-room, No. 2 Bankshall Street, on Wednesday, the 1st February 1905, at 11 a.m., and will comprise 4,000 chests, viz.—

Opium manufactured at the Patna Factory, consisting of	Chests.
Ditto at the Ghazipur Factory, consisting of	2,000
	2,000
Total	4,000

2d.—The general conditions of the sale now advertised will be the same as usual. They may be ascertained by reference to the notification issued on the 22nd November 1904, and published in the *Government and Exchange Gazette*, or on personal application at the Office of the Board of Revenue.

3d.—The latest dates for deposit and clearance will be the 6th and 17th February 1905, respectively, that is to say, no Bank of Bengal Receipts, Government Promissory Notes, or other public securities that may be tendered for deposit in redemption of Promissory Notes given by purchasers in the sale-room will be received after 3-30 p.m. of Monday, the 6th February 1905, and no Bank of Bengal Receipts in full payment of lots will be accepted after 3-30 p.m. of Friday, the 17th February 1905.

No. 415.—*The 30th January 1905.*—In exercise of the powers conferred by section 37 of the Bengal Settled Estates Act, III of 1904, the Lieutenant-Governor is pleased to make the following rules, for the purpose of carrying out the provisions of the said Act:—

RULES.

1. Every application under sections 3, 13, 14 and 15 shall be presented to the Commissioner of the Division in which the whole or major portion of the estate is situated, who, after causing the errors or omissions therein (if any) to be corrected or supplied by the applicant, shall forward it to the Local Government with such remarks as he may think fit.
2. Every application under sections 3, 13, 14 and 15 shall be on water-marked paper, shall bear a court-fee stamp of one rupee, and shall be signed and verified as required by section 4, and in addition to the particulars specified in that section and section 5 there shall be set forth in it—

I.—The name, father's name and address of the applicant.

II.—The reasons for the application.

III.—A clear statement of the applicant's competency to contract, of the manner in which he is in possession of the estate and of his right therein, showing in particular whether the right is permanent, heritable and transferable.

IV.—A full statement of the provisions of the settlement which it is proposed to make, and, if there be a proposal for the appointment of a private trustee, a statement of the remuneration which it is proposed to reserve for him in the settlement.

V.—A brief history of the family of the applicant, together with a statement of public services rendered by the applicant or other members of the family. In addition to the declarations and draft deed of settlement required by section 5, the application shall be accompanied by such copies of title-deeds, sanads and other

papers as may be required by the Commissioner to furnish evidence in support of the statements in the application as to the right and possession of the applicant in the estate and of the public services rendered by him or other members of his family.

3. Every trustee appointed under the Act may reimburse himself or pay or discharge, out of the trust property, all expenses properly incurred in or about the execution of the trust or the realisation, preservation or improvement of the trust property, or the protection, support or education of the beneficiary and shall have a prior claim upon the trust property and its income for such expenses and interest thereon.

In the absence of express directions to the contrary contained in the settlement, a trustee shall have no right to remuneration for his trouble, skill and loss of time in executing the trust. The Collector when appointed a trustee shall receive no remuneration, but a rate will be levied on the trust property according to the provisions of Act X of 1892 (Government Management of Private Estates) and the rules thereunder.

4. The Collector in managing an estate attached by him under section 34, clause (1), shall be guided by the rules prescribed by the Board of Revenue for the management of attached estates so far as they may be applicable.

5. All expenses incurred by the Government in connection with proceedings under the Act up to the date on which the settlement takes effect shall be payable by the applicant for permission to make the settlement, and any expenses incurred after the settlement takes effect shall be payable by the applicant or by the tenant of the estate at the time the expenses were incurred, as the Local Government may direct.

And such expenses, if not paid on demand, may be recovered under the provisions of the Public Demands Recovery Act.

No. 478.—*The 31st January 1905.*—The following paper is published for general information:—

A. EARLE,

Secy. to the Govt. of Bengal.

Extract from a letter from the Government of Bengal, General Department, to the Commissioner of the Burdwan Division, No. 578, dated 26th January 1905.

PARA. 1. I am directed to acknowledge the receipt of your letter No. 917L.S.-G., dated the 14th December 1904, and enclosures, on the subject of the offer made by Babu Sati Prasad Garga, of Maisadal, of a donation of Rs. 20,000 for the erection of a hostel in connection with the College at Midnapore which is under the management of the Municipality of that place. The conditions attaching to the gift are that the hostel should be called "The Maisadal Luson Coronation Hostel" and that Government should present the land and also the bricks and surki required for the construction of the hostel building.

2. In reply, I am to say that the Lieutenant-Governor is pleased to accept the donation, and to request that you will be so good as to convey His Honour's thanks to Babu Sati Prasad Garga for his munificent gift. Babu Sati Prasad Garga may be requested to pay the money into the Midnapore Treasury.

No. 480.—*The 31st January 1905.*—The following is published for general information:—

A. EARLE,

Secy. to the Govt. of Bengal.

(1) *Letter from the Director of Public Instruction, Bengal, No. 20, dated the 3rd January 1905.*

THE Administrator-General of Bengal intimates that he would send a sum of Rs. 5,000 in Government securities (*plus* Rs. 68-13-2, the accumulated interest), being the legacy payable to me as the Director of Public Instruction of Bengal in office, under the terms of the will of the late Babu Bolye Chand Dutt.

2. The amount is to be used for the creation of a Trust Fund, to be called the "Dutt's Scholarship Fund," and the annual interest on it is to pay a monthly scholarship for one year to the student who stands first in Literature in the Calcutta University Entrance Examination. The scholarship is to be denominated the "Dutt's Scholarship" and its value shall be Rs. 14 a month, or such sum as the income would allow.

3. I beg to recommend that the donation may be accepted and the necessary orders passed for the creation of the Trust Fund.

(2) *Letter from the Government of Bengal, General Department, in reply to the above, No. 434, dated the 27th January 1905.*

I am directed to acknowledge the receipt of your letter No. 20, dated the 3rd January 1905, in which you report that the Administrator-General, Bengal, has intimated that he will send a sum of Rs. 5,000 in Government securities (*plus* Rs. 68-13-2, the accumulated interest), being the legacy payable to you as the Director of Public Instruction of Bengal in office, under the terms of the will of the late Babu Bolye Chand Dutt.

2. The amount is intended to be used for the purpose of creating a Trust Fund, to be called the "Dutt's Scholarship Fund," and the annual interest that will accrue therefrom is to be spent in paying a monthly scholarship, tenable for one year, to the student who stands first in Literature in the Calcutta University Entrance Examination. This scholarship shall be denominated the "Dutt's Scholarship" and its value shall be Rs. 14 per mensem, or such sum as the income will allow.

3. In reply, I am to say that the Lieutenant-Governor is pleased to accept the legacy. The Government securities should, under article 166 of the Civil Account Code, Chapter XI, be endorsed to the Comptroller-General.

The Accountant-General, Bengal, will be requested to open a Trust Fund, to be styled the "Dutt's Scholarship Fund," the Director of Public Instruction, Bengal, being its administrator.

NOTIFICATION.

No. 683 Medl.—*The 4th February 1905.*—It is hereby notified that the Lieutenant-Governor of Bengal, in exercise of the powers conferred by sections 4 and 5 of the Charitable Endowments Act, VI of 1890, and upon the application, and with the concurrence of the Magistrate of Midnapur, doth hereby order and direct that the Government securities, of which the particulars are contained in the first Schedule hereunder written, shall, from the date of the first publication of this notification in the *Calcutta Gazette*, vest, and be thenceforth vested, in the Treasurer of Charitable Endowments for the territories subject to the Government of Bengal, to be held by him and his successors (subject to the provisions of the said Charitable Endowments Act, 1890, and the rules, from time to time, framed thereunder by the Governor-General in Council) upon trust for ever thereafter to receive the interest, income, and profits of the same Government securities when and as the same shall become due and payable, and from time to time to apply the same to the endowment and maintenance of the "Raja Mohendra Lall Khan's (of Narajole) Zenana Hospital" established on the premises described in the third Schedule hereunder written in accordance with the provisions made in that behalf in the scheme, of which the particulars are contained in the second Schedule hereunder written, and it is hereby further notified that the said scheme, of which the particulars are contained in the said second Schedule shall come into operation on the vesting of the said Government securities in the said Treasurer of Charitable Endowments for the territories subject to the Government of Bengal.

The first schedule above referred to.

Government promissory notes of the 3½ per cent. loan of 1865 now converted into 3½ per cent. stock certificates of an aggregate value of Rs. 35,000.

The second schedule above referred to.

1. The Treasurer of Charitable Endowments for the territories subject to the Government of Bengal shall stand possessed of the Government securities of which the particulars are contained in the first schedule above written upon trust to receive the interest thereon when and as the same respectively shall become payable and from time to time to apply the same in accordance with the conditions hereinafter contained to the maintenance of the hospital called or known as the "Raja Mohendra Lall Khan's (of Narajole) Zenana Hospital" established at Midnapore in the year 1899 on the premises described in the third schedule hereunder written.

2. The administration of the interest of the said Government securities shall be entrusted to the Managing Committee for the time being of the Pearce Hospital, Midnapore, as Trustees.

3. The Raja of Narajole or a representative duly nominated by him shall always be a member of the said Managing Committee of the Pearce Hospital.

4. The said Zenana Hospital shall be considered as amalgamated with the said Pearce Hospital, provided that the said Trustees shall apply the annual interest of the said Government securities exclusively in or towards the upkeep, maintenance and improvement of the said Zenana Hospital. The expenses of management shall include the cost of providing a Lady Doctor for attending on the patients and a proper and effectual staff for their nursing.

5. Any surplus which may remain of the annual interest of the said Government securities after application of the same in manner provided in clause 4 hereof shall be deposited by the said Trustees in the Post Office Savings Bank and may be applied by them for such purposes in connection with the said Zenana Hospital as they shall think fit or may be invested from time to time in—

- (a) promissory notes, debentures, stock and other securities of the Government of India or of the United Kingdom of Great Britain and Ireland;
- (b) bonds, debentures and annuities charged by the Imperial Parliament on the revenues of India;
- (c) stock or debentures of or shares in Railway or other Companies, the interest whereon has been guaranteed by the Secretary of State for India in Council;
- (d) debentures or other securities for money issued by or on behalf of any local authority in exercise of powers conferred by an Act of a Legislature established in British India;
- (e) any security authorised by an order made by the Governor-General in Council under section 4, sub-section 3, clause (e) of Act VI of 1890.

In the event of any investment being so made, the same shall be transferred so as to vest in the Treasurer of Charitable Endowments upon the trusts declared in the above notification.

6. The Treasurer of Charitable Endowments may, with the sanction of the Lieutenant-Governor of Bengal, from time to time vary all or any of the investments for the time being vested in him upon the trusts declared by the above notification into or for others of a nature hereby authorised.

7. Subject to this notification the rules of the Government of Bengal for the time being in force relating to the management of charitable hospitals shall apply to the conduct and management of the said Zenana Hospital.

8. The said trustees shall cause to be affixed to and shall at all times maintain on the front gate of the said Zenana Hospital a suitable marble tablet bearing the words "Raja Mohendra Lall Khan's (of Narajole) Zenana Hospital"

The third schedule above referred to.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—*Notification.*—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the leasees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the leasees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or leasees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.
I.—Long leases, 16th June to 15th November	...	1 0 per acre.
II.—Season leases, 16th " to 15th "	...	1 8 " "
III.—Ditto, 16th November to 28th February	...	0 8 " "
IV.—Ditto, 1st March to 15th June	...	2 0 " "
V.—Water supplied to tanks	...	1 0 " 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

- (a) By the Divisional Canal Officer for errors in assessment or rates.
- (b) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashats* shall usually be selected; or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashats*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- I.—In the preparation of applications for leases.
- II.—In the measurement of irrigated lands.
- III.—In giving the names of the occupiers of the various fields.
- IV.—In receiving demand statements and informing the cultivators of the demands against them.
- V.—In receiving *parchas* and distributing them.
- VI.—In attending, when required, at enquiries and complaints.
- VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.
- VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may be within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashat* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

N^o. 7.—*Notification*.—With reference to Notification No. 101, dated 19th February 1881, which was published in the *Calcutta Gazette* of the 20th February 1881 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.
2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :—

	Rs.	A.
I.—Long leases, 16th June to 15th November	1	0 per acre.
II.—Season leases, 16th „ to 15th „	1	8 „
III.—Ditto, 16th November to 28th February	0	8 „
IV.—Ditto, 1st March to 15th June	2	0 „
V.—Water supplied to tanks	1	0 per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows :—

(i) By the Divisional Canal Officer for errors in assessment of rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is out.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jais raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jais raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the *silladars* any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jais raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :—

	Rs.	A.
I.—Long leases, 16th June to 15th November	1	8 per acre.
II.—Season leases, 16th „ to 15th „	1	8 „ „
III.—Ditto, 16th November to 28th February	0	8 „ „
IV.—Ditto, 1st March to 15th June	2	0 „ „
V.—Water supplied to tanks	1	0 „ 10,000 a. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows :—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is out.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashias* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashias*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may be within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashia* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

A written application must be made at least 20 days before the crop is out.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashias* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashias*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- I.—In the preparation of applications for leases.
- II.—In the measurement of irrigated lands.
- III.—In giving the names of the occupiers of the various fields.
- IV.—In receiving demand statements and informing the cultivators of the demands against them.
- V.—In receiving *parahas* and distributing them.
- VI.—In attending, when required, at enquiries and complaints.
- VII.—In reporting to the *zilladars* any mutations of holdings of persons who have signed a long lease.
- VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashia* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPLICATION FOR A LONG LEASE.

2. We agree that the amounts due shall be payable to the Collector of Champanan, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st January of each year, and shall be payable independently of our requiring water in any particular year or not.

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (a) English, including Grammar and Composition, (b) English correspondence, including Commercial correspondence, and (c) Letter-drafting and Précis-writing; (2) (a) Arithmetic and Algebra, (b) Geometry, Trigonometry and Conic Sections; (3) (a) Physics, (b) Chemistry and (c) Physiography; (4) (a) Commercial History, (b) Commercial Geography; (5) Drawing and Penmanship; and (6) (a) Book-keeping, (b) Shorthand and (c) Typewriting.

The papers be will prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the mercantile members of the Board on the suitability of the questions.

Regulations in connection with the examination.

- (a) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.
- (b) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (i.e., it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—
- (c) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.
- (d) If a student passes as required under (b) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (c). No certificate shall be issued for merely passing in the subjects of English and Mathematics.
- (e) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.
- (f) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.
- (g) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.
- (h) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.
- (i) The questions in each subject shall be fairly distributed over the whole course in that subject.
- (j) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.
- (k) The examination will be held on the dates and hours and in the order noted below:—

No. 870.—The 14th February 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the assisted siding at mile 138 on the Ondal Loop, East Indian Railway, and whereas coal mines are situate under the said land, and whereas the Jamgram Coal Company, Limited, through their Agents, Messrs. Bird & Co., have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the coal under the

line at the assisted siding at mile 138 on the Ondal Loop, East Indian Railway, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Jamgram Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Jamgram Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

That the working of the mine be extended under the land by galleries not more than 10 feet wide and 7 feet high, and with centres not less than 40 feet apart, forming coal pillars not less than 30 feet square.

And that no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on plan marked L. A. M. A. No. 14 signed by the Chief Inspector of Mines.

Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Ohoitodib siding of the East Indian Railway Company in Jherria, in the district of Manbhum, and whereas coal mines are situate under the said land, and whereas the Lutchipore Coal Company, Limited, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that they intend to work or get the mines or minerals lying under the siding, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the Lutchipore Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the Lutchipore Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

No further drivings or excavations shall be made or coal extracted to the north or west of the red line marked y. z. shown on the plan marked L. A. M. A. No. 28. To the south and east of the said red line y. z. the galleries shall not be more than 12 feet high and 12 feet wide with centres not less than 40 feet apart. Manholes not exceeding 5 feet high, 3 feet wide and 4 feet deep may be made if required by General Rule 8 of the Indian Mines Act.

And that no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 28 signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 8 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI)

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.
I.—Long leases, 16th June to 15th November	1	0 per acre.
II.—Season leases, 16th „ to 15th „	1	8 „ „
III.—Ditto, 16th November to 28th February	0	8 „ „
IV.—Ditto, 1st March to 15th June	2	0 „ „
V.—Water supplied to tanks	1	0 „ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the *killadars* any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation; and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—*Notification.*—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.
2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.
The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—
 - (i) No lease for less than 10 acres shall be granted.
 - (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.
9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.
10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.
When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).
When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.
11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).
12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.
I.—Long leases, 16th June to 15th November	1	0 per acre.
II.—Season leases, 16th „ to 15th „	1	8 „
III.—Ditto, 16th November to 28th February	0	8 „
IV.—Ditto, 1st March to 15th June	2	0 „
V.—Water supplied to tanks	1	0 per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment of rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gunashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gunashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the *silladars* any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gunashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

(4) Examiner in Commercial History and Geography.	...	Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.	...	Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.	...	Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (a) English, including Grammar and Composition, (b) English correspondence, including Commercial correspondence, and (c) Letter-drafting and Précis-writing; (2) (a) Arithmetic and Algebra, (b) Geometry, Trigonometry and Conic Sections; (3) (a) Physics, (b) Chemistry and (c) Physiography; (4) (a) Commercial History, (b) Commercial Geography; (5) Drawing and Penmanship; and (6) (a) Book-keeping, (b) Shorthand and (c) Typewriting.

The papers to be prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the non-representative members of the Board on the suitability of the questions.

Regulations in connection with the examination.

- (a) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.
- (b) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (i.e., it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—
- (c) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.
- (d) If a student passes as required under (b) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (c). No certificate shall be issued for merely passing in the subjects of English and Mathematics.
- (e) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.
- (f) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.
- (g) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.
- (h) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.
- (i) The questions in each subject shall be fairly distributed over the whole course in that subject.
- (j) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.
- (k) The examination will be held on the dates and hours and in the order noted below:—

Tuesday	...	11th April	...	11—1½ Physics. 2—4½ Shorthand and Typewriting.
Wednesday	...	12th "	...	11—1½ English, including Grammar and Composition. 2—4½ English correspondence, including Commercial correspondence.

DECLARATION—By the Government of Bengal, Revenue Department.

No. 1133.—*The 28th February 1905.*—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Sijua Colliery siding in mauza Sijua, district Manbhum; and whereas coal-mines are situate under the said land, and whereas the Sijua Coal Company, Limited, through their Agents, Messrs. Balmer, Lawrie and Company, have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the Sijua mines; and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Sijua Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding, or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare, under section 5, sub-section (2), clause (b) of the abovementioned Act XVIII of 1885, that the working shall be carried on by the said Sijua Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.—

No coal shall be extracted from the pillars formed by the drivings already made over and above such coal as is necessary to be extracted in the process of making manholes, not exceeding 5 feet high \times 3 feet wide \times 4 feet deep, if required by rule 8 of the rules made under the Indian Mines Act, 1901, and published with the notification of the Government of India in the Department of Revenue and Agriculture, No. 861—88-20, dated the 10th March 1904.

No drivings or excavations shall be made or coal extracted on the north-west side of level gallery proceeding from No. 12 shaft in the top seam, or on the north-west side of the line GH marked in red on plan marked No. 24 (1) in the bottom seam.

In both seams, on the south-east side of the points mentioned above, the galleries shall be made no higher than the height of the seams, not more than 12 feet wide, and with centres not less than 60 feet apart. Provided that, in the bottom-seam, galleries, with centres not less than 60 feet apart, may be driven in the direction of the north-west and south-east sides to or from the highest level gallery driven below the line EF to or from the present workings.

Manholes not exceeding the dimensions given above shall be made, if required by the above mentioned rule.

No further excavation shall be made in any of the galleries which have already been driven and the actual heights and widths of which have been recorded on plans marked LAMA No. 24 (1) and No. 24 (2) and signed by the Chief Inspector of Mines.

The plan hereinbefore referred to may be seen in the office of the Chief Inspector of Mines.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—*Notification.*—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.
2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be applied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

18. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November	...	1 0	per acre.
II.—Season leases, 16th " to 15th "	...	1 8	" "

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is out.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the sildars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

N^o. 7.—*Notification*—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,

Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 8 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :—

	Rs.	A.
I.—Long leases, 15th June to 15th November	...	1 0 per acre.
II.—Season leases, 15th " to 15th "	...	1 8 "
III.—Ditto, 15th November to 28th February	...	0 8 "
IV.—Ditto, 1st March to 15th June	...	2 0 "
V.—Water supplied to tanks	...	1 0 per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows :—

(i) By the Divisional Canal Officer for errors in assessment of rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the *silladars* any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged: this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

APPLICATION FOR A LONG LEASE.

We, the undersigned, of mauza _____, pargana _____, thana _____, apply for water to be supplied from _____ Distributary of the Teur (Madhuban) Canal for a term of _____ years, commencing on the 16th June and ending 15th November. The supply of water is required for the irrigation of the block of land formed by our holdings as specified below.

2. We agree that the amounts due shall be payable to the Collector of Champaran, or to such person as he may appoint, on the 1st January and 1st February, or if Rs. 10 or under on 1st January of each year, and shall be payable independently of our requiring water in any particular year or not.

3. We also agree to be bound by the rules published in the *Calcutta Gazette* for
 , pages , Notification No. .

4. We agree that this application shall not be deemed to have been completed until all the irrigable fields within the block have been signed for, and that failing such completion any season lease which may have been granted shall be enforced.

5. We agree that the areas and amounts as given in the statement below are correct at the commencement of the lease, and in token of agreement we attach our individual signature or mark.

6. Our heirs and representatives shall be bound by the terms of this agreement in case of our decease.

A. PEDLER,

Director of Public Instruction, Bengal.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1905.

With reference to Notification No. 5058F., in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH will be given this year to the author of the best original essay composed during the year 1905 giving the results of original research or investigation by the essayist on Mathematics.

2. Any native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

3. The essays of competitors must be sent in to the President of the Bengal Asiatic Society, 57, Park Street, Calcutta, by the end of December 1905. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1906.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

A. H. L. FRASER,

President of the Asiatic Society of Bengal.

ALEX. PEDLER,

Director of Public Instruction, Bengal.

and
Vice-Chancellor of the Calcutta University.

NOTIFICATION.

CONSTITUTION OF THE BOARD OF EXAMINERS FOR THE PRESIDENCY COLLEGE, CALCUTTA, FINAL COMMERCIAL CLASS EXAMINATION TO BE HELD IN APRIL 1905.

President	Principal of the Presidency College.
Members	Mr. E. Henry, of Messrs. Blackwood & Co.
			Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co.
			Mr. F. H. Stewart, B.A., Oxford, Lecturer, C Class, Presidency College.
(1) Examiners in English	Revd. Mr. Wann, Principal, General Assembly's Institution.
			Babu Gouri Sankar De, Professor, General Assembly's Institution.
(2) Examiners in Mathematics	Babu Sarada Prasanna Das, Professor, Presidency College.
			Mr. J. A. Cunningham, Professor, Presidency College.
(3) Examiners in Physics and Chemistry and Physiography.			Mr. H. H. Hayden, Lecturer on Geology, Presidency College.
(4) Examiners in Commercial History and Geography.			Babu Binoyendra Nath Sen, Professor, Presidency College.
(5) Examiner in Drawing and Penmanship.			Mr. Havell, Principal, Government School of Art.
(6) Examiners in Book-keeping, Shorthand and Typewriting.			Papers to be set by the teacher in these subjects in the Presidency College; the papers to be approved by Mr. E. Henry, of Messrs. Blackwood & Co., and Mr. J. B. Lloyd, of Messrs. Shaw, Wallace & Co. who will act as Moderators in the subjects in No. 6.

This will form a Board of Examiners consisting of a President and 11 members.

There shall be separate papers or examinations in (1) (a) English, including Grammar and Composition, (b) English correspondence, including Commercial correspondence, and (c) Letter-drafting and Pencil-writing; (2) (a) Arithmetic and Algebra, (b) Geometry, Trigonometry and Conic Sections; (3) (a) Physics, (b) Chemistry and (c) Physiography; (4) (a) Commercial History, (b) Commercial Geography; (5) Drawing and Penmanship; and (6) (a) Book-keeping, (b) Shorthand and (c) Typewriting.

The papers to be prepared by the Examiners on the subjects as noted above, and in the case of more than one Examiner under each heading the members belonging to this section are to set the papers in that section in consultation with each other.

After setting, the papers should be laid before the whole Examining Board with a view to obtain the advice of the mercantile members of the Board on the suitability of the questions.

Regulations in connection with the examination.

- (a) No marks should be allotted for any subject or paper. It is intended that Examiners should judge each answer paper and each answer or each examination in a subject as a whole, and should not give a value for fractions of answers which may be right, while the remainder of the same answers may be wrong or even absurd. The answer paper of each candidate should, after due consideration of both good and bad points in the answers, be placed in one of three classes—Good, Fair, and Bad—and marked accordingly by the Examiner.
- (b) No student will be declared to have passed the examination unless he obtains the classes of 3 good papers and 2 fair papers in the two subjects—English and Mathematics (i.e., it may be English 2 Fair and Mathematics 3 Good, or English 3 Good and Mathematics 2 Fair) in addition to passing as required in the following rules:—
- (c) To pass the full examination and to obtain the certificate of having passed fully the Commercial Examination of the Presidency College in the papers or examinations in the other subjects 3 to 6, three papers only may be classed as belonging to the bad class and the remainder must be either Fair or Good. Of these one must be in Book-keeping, Shorthand or Typewriting, and this will be specified in the certificate.
- (d) If a student passes as required under (b) in English and Mathematics and submits papers which are classed as Fair or Good in all the subjects in any two of the groups 3, 4, 5 or 6, he can obtain a certificate to that effect in a form different from the full certificate alluded to in (c). No certificate shall be issued for merely passing in the subjects of English and Mathematics.

- (e) The examination will be under the general direction of the Principal of the Presidency College, who will make all the necessary arrangements and who will consult the Board of Examiners in any case where it is necessary. The Principal will submit the results of the examination as declared by the Board of Examiners to the Director of Public Instruction with a report on the examination and with any reports or suggestions as to any suggested improvements of the arrangements or examination which may be made by the Examiners.
- (f) Candidates for the examination must send in their names to the Principal of the Presidency College on or before 15th March 1905, accompanied by a fee of Rs. 5, which will not in any case be refunded.
- (g) The question papers must be sent to the Principal of the Presidency College in double sealed covers on or before 30th March 1905. The answer papers should be sent direct to the Examiners under double sealed covers.
- (h) The papers set by the Examiners should be such as can reasonably be expected to be answered by the candidates within the time allotted for the examination.
- (i) The questions in each subject shall be fairly distributed over the whole course in that subject.
- (j) Candidates should be warned that if the answer papers are not legibly and neatly written or prepared, they will not be examined, and Examiners are requested either to reject or class as Bad papers which show carelessness or slovenliness or really bad work.
- (k) The examination will be held on the dates and hours and in the order noted below:—

Tuesday	...	11th April	...	11—1½ Physics. 2—4½ Shorthand and Typewriting.
Wednesday	...	12th "	...	11—1½ English, including Grammar and Composition. 2—4½ English correspondence, including Commercial correspondence.

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—*Notification.*—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.
I.—Long leases, 16th June to 15th November	1	0 per acre.
II.—Season leases, 16th „ to 15th „	1	8 „ „
III.—Ditto, 16th November to 28th February	0	8 „ „
IV.—Ditto, 1st March to 15th June	2	0 „ „
V.—Water supplied to tanks	1	0 „ 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

- (i) By the Divisional Canal Officer for errors in assessment or rates.
- (ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyat* or *gumashta*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- I.—In the preparation of applications for leases.
- II.—In the measurement of irrigated lands.
- III.—In giving the names of the occupiers of the various fields.
- IV.—In receiving demand statements and informing the cultivators of the demands against them.
- V.—In receiving *parchas* and distributing them.
- VI.—In attending, when required, at enquiries and complaints.
- VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.
- VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—*Notification.*—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 366, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14 the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.

6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III, and a "permit" shall be given to the lessee or lessees in the forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tank may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

13. The following rates will be charged for water, whether taken by lift or flow :—

	Ra. A.
I.—Long lease, 16th June to 16th November	... 1 0 per acre.
II.—Season leases, 16th „ to 16th „	... 1 8 „
III.—Ditto, 16th November to 28th February	... 0 8 „
IV.—Ditto, 1st March to 16th June	... 2 0 „
V.—Water supplied to tanks	... 1 0 per 10,000 c. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *paroha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows :—

(i) By the Divisional Canal Officer for errors in assessment of rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is cut.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters :—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 22, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged, where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

Director of Public Instruction, Bengal.

THE ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH FOR 1905.

With reference to Notification No. 5058F., in the *Calcutta Gazette* of the 28th December 1892, Part I, page 1172, the ELLIOTT PRIZE FOR SCIENTIFIC RESEARCH will be given this year to the author of the best original essay composed during the year 1905 giving the results of original research or investigation by the essayist on Mathematics.

2. Any native of Bengal, including any Eurasian or domiciled European residing in Bengal, may compete for the prize.

3. The essays of competitors must be sent in to the President of the Bengal Asiatic Society, 57, Park Street, Calcutta, by the end of December 1905. The prize will be adjudged to the best competitor, and awarded publicly at the Annual General Meeting of the Asiatic Society in February 1906.

Preference will be given to researches leading to discoveries likely to develop the industrial resources of Bengal. In the case of no essay being deemed by the Trustees to be of sufficient merit, no prize is to be awarded, but the amount is to be retained, so that in any future year two or more prizes may be given, or the prize may be enhanced in the case of an exceptionally good essay.

No. 1807L.R.—*The 7th March 1905.*—Whereas applications have been made by the proprietors of kaimi taluk Syam Sundar Birti in chakla Banchara, bearing tauzi No. 215, of mauzas Kuchiamora and Rahamatnagar, bearing tauzi No. 59, share 10a. 13g. 1k. 1kt., and Mudafat Aminuddin Khan, tauzi No. 87, share 5a. 6g. 2k. 2kt. of zamindari pargana Amrabad, in the district of Noakhali, for a survey and the preparation of a record-of-rights in respect of all lands situated in the said estates and tenure, and whereas they have paid the cost of the operations:

In exercise of the powers conferred by section 101 (2) (a) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.C.) of 1898, the Lieutenant-Governor of Bengal is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands comprised in the said estates and tenure in the district of Noakhali.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

- (a) the name of each tenant or occupant;
- (b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy raiyat, or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
- (c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupant;
- (d) the name of each tenant's landlord;
- (e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid, and the customary terms according to which such rent is paid;
- (f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
- (g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
- (h) the special conditions and incidents, if any, of the tenancy;
- (i) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;

WATER-RATE RULES FOR THE DHAKA CANAL.

The 4th February 1905.

No. 6.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

D. B. HORN,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.
2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. Villages which apply for a lease less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.

10. The Divisional Canal Officer shall issue permits for long leases to the lessees through the Subdivisional Canal Officer.

When water is urgently required, the Subdivisional Canal Officer may grant a season lease which will be cancelled if the long lease is subsequently concluded. The Subdivisional Canal Officer may also issue season leases under rule 13 (III and IV).

When a lease is granted an agreement shall be taken in forms given in Appendices I and III and a "permit" shall be given to the lessee or lessees in forms given in Appendices II and IV.

11. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (Forms of application and permit are given in Appendices V and VI).

12. Water may be supplied by measurement through a permanent outlet, when the working level of the water in the distributary can be kept fairly constant.

ON WATER-RATES.

18. The following rates will be charged for water, whether taken by lift or flow:—

	Rs.	A.	
I.—Long leases, 16th June to 15th November	...	1 0	per acre.
II.—Season leases, 16th „ to 15th „	...	1 8	„ „
III.—Ditto, 16th November to 28th February	...	0 8	„ „
IV.—Ditto, 1st March to 15th June	...	2 0	„ „
V.—Water supplied to tanks	...	1 0	„ 10,000 a. ft.

ON DEMAND STATEMENTS.

14. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when the demand statement is sent to the Collector for realising the amounts. Persons charged under rule 24 shall be served, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

15. The rates for water supplied under rule 13 (I and II) shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied under rule 13 (III) shall fall due on the 1st April following.

The rates for water supplied under rule 13 (IV) shall fall due on the 1st July following.

The rates for water to be supplied under rule 13 (V) shall be payable before water is supplied.

16. Water-rates imposed under rule 24 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

17. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

A written application must be made at least 20 days before the crop is out.

18. Remissions on other grounds than the above require the sanction of Government.

19. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

20. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

21. When a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land for which the lease is executed. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyat* or *gumashta*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

22. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladar any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

23. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his own occupation, which may lie within the boundaries of the long lease, subject to a limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 22 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

24. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

25. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that water has been taken in this way, he shall serve a notice on the persons liable to be assessed, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

26. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the area should be assessed, fix the rates allowed under rule 24 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

27. Applications may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; but in such cases the persons assessed under rule 24 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 24. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 24.

ON PENALTIES AND CANCELLING OF LEASES.

28. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

29. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any long lease if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease of which the lands cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

30. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

31. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

WATER-RATE RULES FOR THE TEUR (MADHUBAN) CANAL.

The 4th February 1905.

No. 7.—Notification.—With reference to Notification No. 101, dated 19th February 1884, which was published in the *Calcutta Gazette* of the 20th February 1884 at page 365, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Teur (Madhuban) Canal, with effect from the 1st April 1905.

D. B. Horn,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Teur (Madhuban) Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the lessees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.

2. The Collector of the district is responsible for the collection of water-rates.

3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 14, the Collector may require the Superintending Engineer to state his opinion in writing, which shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. 6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—

- (a) the Sectional Officer, or
- (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block, or a definite part of a block, under the following conditions:—

- (i) No lease for less than 10 acres shall be granted.
- (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.

9. WATER-RATE RULES FOR THE DHAKA CANAL.

The 27th March 1905.

No. 11.—Notification.—With reference to Notification No. 49, dated 1st September 1903, which was published in the *Calcutta Gazette* of the 2nd September 1903 at page 1157, and in exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal is pleased to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Dhaka Canal, with effect from the 1st April 1905.

A draft of the rules and rates was published in the *Calcutta Gazette* of the dates noted in the margin as Notification No. 6, dated the 4th February 1905.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

GENERAL CONDITIONS.

1. The revenue administration of the Dhaka Canal is vested in the Superintending Engineer of the Gandak Circle. The Divisional Canal Officer is responsible for maintaining the canal in an efficient condition, for the distribution of water to the leasees, and for the closing of the outlets in rotation when required; he is further responsible for the assessment of water-rates.
2. The Collector of the district is responsible for the collection of water-rates.
3. Except as provided in the Act and in these rules, no appeal shall lie from any order passed by a Canal Officer, but the Subdivisional Canal Officer shall modify any order passed by him in accordance with the order of the Divisional Canal Officer, and the Subdivisional Canal Officer or Divisional Canal Officer shall modify any order passed by him in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.
4. In appeals to the Collector under section 91 of the Act other than those especially provided for in rule 16, the Collector may require the Superintending Engineer to state his opinion in writing, which opinion shall form part of the record of the proceedings of the case.

ON BLOCKS.

5. The Divisional Canal Officer shall map out the irrigable area into blocks demarcated by suitable boundaries, and in order to equalise the area to be dealt with each year, shall determine the date of expiry of the leases in each block, so that as far as practicable one-fifth of the total area usually irrigated may fall out of lease every year.
6. Each block, determined as above, shall be numbered and marked on the maps to be maintained by the Divisional Canal Officer, and shall also be recorded with its irrigable area in the registers to be kept by him.

ON APPLICATIONS.

7. Any person who requires a lease for water must apply to—
 - (a) the Sectional Officer, or
 - (b) the Subdivisional Canal Officer.

These applications must be made in writing and may be on plain paper.

The person receiving them shall enter on the back any further data required.

ON LEASES AND PERMITS.

8. Ordinarily 5-year leases may be granted for the whole irrigable area of a block or a definite part of a block under the following conditions:—
 - (i) No lease for less than 10 acres shall be granted.
 - (ii) No lease shall be granted when the water must cross unleased lands, unless a suitable village channel exists.
9. Villages which apply for a lease at a period less than five years in advance of the date of expiry fixed under rule 5 will only be granted leases for the remaining years of the term fixed for the block in which they are situated, so that all the leases within the same block may expire on the same date. These leases will be granted under the same conditions as 5-year leases.
10. The Divisional Canal Officer shall issue permits for long leases to the leasees through the Subdivisional Canal Officer.
11. When water is required, pending the completion of a lease for a term of years, the Subdivisional Canal Officer may, on application, grant a season lease which will be cancelled if the long lease is subsequently concluded.
12. Season leases for the supply of water at any season may be granted, on application, by the Subdivisional Canal Officer.
13. When a lease is granted, an agreement shall be taken in forms given in Appendices I, III, IVA and IVB, and a "permit" shall be given to the lessee or leasees in forms given in Appendices II, IV and IVC.
14. Water for filling tanks may be supplied when available for cash paid in advance; the water taken into the tanks may be used for irrigation or any other purpose (forms of application and permit are given in Appendices V and VI).

ON WATER-RATES.

15. The following rates will be charged for water supplied, whether taken by lift or flow:—

	Rs.	A.	
I.—Leases for a term of years, 16th June to 15th November	1	0	per acre.
II.—Season leases, 16th June to 15th November	...	1	8
III.—Ditto, 16th November to 28th February	...	0	8
IV.—Ditto, 1st March to 15th June	...	2	0
V.—Water supplied to tanks	...	1	0
			10,000 c. ft.

ON DEMAND STATEMENTS.

16. The statement of the amounts due for the water-rates leviable under these rules shall be prepared under the supervision and signature of the Divisional Canal Officer in such form as shall, from time to time, be sanctioned by the Lieutenant-Governor. A *parcha* showing the area and amount assessed against each cultivator shall be sent to him through the cultivator's representative when or before the demand statement is sent to the Collector for realization. Persons charged under rule 26 shall be served as soon the charge is made, by post or otherwise, with a statement showing the amounts charged to enable them to lodge an appeal to the Collector under section 91 of the Act if they desire to do so.

17. The rates for water supplied between 16th June and 15th November, whether on leases for a term of years or on season leases, shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied between 16th November and 28th February shall fall due on the 1st April following.

The rates for water supplied between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

18. Water-rates imposed under rule 26 shall fall due as soon as the assessment is made and shall be realized at once.

ON REMISSIONS.

19. Remission of water-rates, either in whole or in part, shall be granted as follows:—

(i) By the Divisional Canal Officer for errors in assessment or rates.

(ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realizable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators, and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyats* or *gumashtas*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the tahsildar in collecting rates.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance specified in rule 24 has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

28. The Divisional Canal Officer after hearing any objection that may be raised shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 26 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

20. Remissions on other grounds than the above require the sanction of Government.

21. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

22. Before awarding compensation under section 16 of the Act or making reference under section 17 of the Act, the Collector shall obtain the written opinion of the Superintending Canal Officer, and his written opinion shall form part of the record of the proceedings.

ON CULTIVATORS' REPRESENTATIVES.

23. Before a lease is entered into, the Subdivisional Canal Officer shall select as representative of the cultivators a suitable person or persons who shall be generally acceptable to the cultivators and shall each have a direct interest in the land covered by the lease. *Jait raiyats* or *gumashtas* shall usually be selected, or if it is undesirable in any particular case to appoint the *jait raiyat* or *gumashta*, the reasons for passing them over and selecting others in preference are to be noted by the Subdivisional Canal Officer in the list of cultivators' representatives to be maintained by him.

24. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

I.—In the preparation of applications for leases.

II.—In the measurement of irrigated lands.

III.—In giving the names of the occupiers of the various fields.

IV.—In receiving demand statements and informing the cultivators of the demands against them.

V.—In receiving *parchas* and distributing them.

VI.—In attending, when required, at enquiries and complaints.

VII.—In reporting to the zilladars any mutations of holdings of persons who have signed a long lease.

VIII.—In assisting the *tahsildar* in collecting rates.

25. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or their own occupation, which may lie within the boundaries of the long lease, subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer may disallow this free irrigation, and recover the rates, in whole or in part, from the *jait raiyat* or *gumashta* or other representative, if the assistance, specified in rule 24, has not been efficiently rendered to the satisfaction of the local officers. The reasons for such disallowance are to be recorded in the list of cultivators' representatives maintained by the Subdivisional Canal Officer.

ON UNAUTHORISED IRRIGATION.

26. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

27. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorised manner, he shall hold a local investigation; and if he considers that the land deriving benefit is liable to assessment he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

28. The Divisional Canal Officer, after hearing any objection that may be raised, shall, if he is of opinion that the land should be assessed, fix the rates allowed under rule 26 and dispose of the case within one month of the receipt of the record from the Subdivisional Canal Officer. Water-rates shall not be charged where the unauthorised irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate.

29. Applications for leases may be subsequently received from villages in which unauthorised irrigation has been detected, and these villages may be granted leases; in such cases the persons assessed under rule 28 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 26. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 26.

ON PENALTIES AND CANCELLING OF LEASES.

30. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

31. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any lease for a term of years if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

32. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels or banks of a canal or drainage work after he has been desired to desist therefrom, except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose.

33. Unless specially exempted by the Lieutenant-Governor from the operations of these rules, no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

The 24th March 1905.

No. 18R.—Notification.—The following notification issued by the Railway Board is republished for general information.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

Railway Board's Notification No. 24, dated the 17th March 1905.—It is hereby notified for general information that His Majesty's Secretary of State for India has sanctioned the construction of a railway on the 5' 6" gauge from Bhagalpur to Bausi, a total distance of 31.04 miles, as an integral part of the East Indian Railway.

The 28th March 1905.

No. 19R.—Notification.—Whereas it appears to the Lieutenant-Governor of Bengal that land in the Muzaffarpur district is likely to be needed for a public purpose, viz., for a railway from Silout, a station on the Tirhut State Railway, to Ottur:

Notice is hereby given to all whom it may concern that in exercise of the power conferred by section 4 of the Land Acquisition Act, I of 1894, the Lieutenant-Governor has authorised the Bengal and North-Western Railway Engineers for the time being engaged on this undertaking to enter upon and survey land and do all other acts required for the proper execution of their work as provided for or specified in the said section.

The general route taken for the railway will probably be from Silout direct to Ottur.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 24th March 1905.

No. 35 Marine.—The Lieutenant-Governor is pleased to make the following promotions in the Bengal Pilot Service:—

Name.	From—	To—	Nature of promotion.	Date of promotion.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 24th March 1905.

No. 36 Marine.—It is hereby notified for general information that Hongkong is declared free from plague and that the regulations for the prevention of the introduction of plague by sea, which were imposed in the ports of Orissa and Chittagong against vessels arriving from that place, are hereby withdrawn.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 25th March 1905.

No. 37 Marine.—Mr. R. H. Shalverton, Licensed Branch Pilot, is granted ten days' leave on urgent private affairs, with effect from 22nd March 1905, in extension of the leave granted to him in this Department Notification No. 26 Marine, dated 7th March 1905.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 28th March 1905.

No. 38 Marine.—Whereas it appears that the estimated income of the Commissioners of the Port of Calcutta, under the Calcutta Port Act, III of 1890, from the 1st April 1905 to the 31st March 1906, after deducting therefrom the estimated expenditure for the above period, will be insufficient for the payment of the sums which, under the provisions of the said Act, are payable during the year to the Secretary of State for India in Council and to

holders of debentures under the said Act, it is hereby notified that from the 1st April 1905 the Port Commissioners will charge upon all goods landed from or shipped into any sea-going vessel lying or being within the limits of the Port, whether such goods shall or shall not be so landed or shipped at any dock, wharf, quay, stage or jetty belonging to the Commissioners, in addition to or other than those prescribed by any scale of tolls, dues, rates and charges for the time being in force, under the provisions of sections 103, 104, 104A and 107 of Act III of 1890, a due which shall approximate four annas per ton, except for export and bunker-coal and manganese ore, the due on which shall be 1½ annas per ton. Goods transhipped within the Port are exempt, also ballast, with the exception of dressed stone. For the purpose of levying such due on miscellaneous general cargo landed or shipped at the Kidderpore Docks or at the Jetties, the Commissioners will follow the schedules of charges prescribed for the Docks and the Jetties, and charge one-fifth of the rates therein specified; but where the landing or shipping charge is in these schedules levied on the ton by weight, then the due under this notification shall be four annas per ton. For the purpose of levying such due on goods landed or shipped over the Inland Vessels Wharves or otherwise than through the Docks or Jetties, the ton shall be reckoned at the actual weight where such is ascertainable. Where the weight is not declared, then the ton shall be reckoned at the respective weights and measurements given in the schedule in force for the Inland Vessels Wharves.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

The 28th March 1905.

No. 50 Marine.—In exercise of the powers conferred on him by section 6, sub-section (1) of the Indian Ports Act, 1889, the Lieutenant-Governor proposes to make the following rule for keeping the deep water channels of the river Hughli clear of fishing nets with a view to ensure the safety of the shipping. The rule will be taken into consideration on the expiry of a month from the date of its publication in the Gazette, and the Lieutenant-Governor will be glad to consider any suggestions or observations which may be made by any person concerning it within that period:—

“Between the hours of day-break to dark no stake net shall be cast by fishermen in any part of the navigable channel of the river at Garden Reach, Sankral, Jarmakera Reach, Pir Serang and Budge-Budge, where the channel lies close to the shore. Landmarks have been erected to define the channels that are to be left clear, and no fishing boats shall be moored nor nets of any description be cast between the lines indicated by these marks and the shore.”

SURVEY OF INDIA.

NOTIFICATION.

Calcutta, the 8th March 1905.

No. 71.—An examination for admission to the Provincial Service of the Survey of India will commence on the 28th August next at various centres, which will be notified later to candidates receiving nominations.

The number of vacancies offered for this year's examination will probably be 15, of which 4 will probably be for native candidates.

Applications for rules (a copy of which is printed below) should be addressed to the Assistant Surveyor-General, in charge Surveyor-General's Office, 13 Wood Street, Calcutta.

No application to appear as a candidate for the examination will be entertained after the 30th June 1905.

SURVEY OF INDIA.

(Vide R. & A. Department No. 137²-a, dated the 4th January 1901.)

MEMO. OF INSTRUCTIONS FOR APPLICANTS FOR THE PROVINCIAL SERVICE OF THE SURVEY OF INDIA.

- 1st.—Every candidate for the Survey of India must forward his application in writing to the Surveyor-General, accompanied by such certificates as to age (Baptismal Certificate required in case of European and Eurasian candidates), *moral character, education, soundness of health, and good eyesight* as will clearly establish his suitability for employment. The application must further be accompanied by *specimens of Plan and Free-hand drawing*. The candidate's name having been registered, he will be informed of the time and place of examination, when decided on. The examination papers will be issued from the Trigonometrical Branch Office in Dehra Dun.
- 2nd.—No application can be entertained from any individual whose age at the date of the completion of the examination will be under 18 or above 22 years except in the case of Natives whose maximum age is fixed at 24 years. The Surveyor-General, however, has the power to extend the age limits to 30 years in the case of those candidates who are at the time in pensionable service in the subordinate grades of the Survey of India. No person who is married or is likely to be soon married will be admitted unless of pure Asiatic origin. Candidates, if of European parentage, must be Statutory Natives of India and have at least passed the High School Pass examination or First Arts examination at an Indian University having qualified in Algebra as one of the subjects, and if Natives the F.A. Pass examination.
- 3rd.—Candidates must be prepared to undergo the examination detailed below, which will give them entrance to the Training School at Dehra; no candidate will be considered to have qualified unless he gets 50 per cent. of the marks in Mathematics and 30 per cent. of the total marks in drawing.
- 4th.—Examinations will be held in August as a rule. The most suitable of the candidates who qualify will be selected.
- 5th.—When under examination for the Department, the candidate must sign the Bond printed on the reverse of this paper.
- 6th.—The selected candidates will enter the Department, as Probationary Sub-Assistant Superintendents, 3rd grade, on a salary of *Rs 120 per mensem*, and they must pass out of the Training School within a maximum limit of two years. They will not be confirmed in their appointments until they have served at least one year in a field party and have been well reported on.
- 7th.—As Surveyors are liable to much exposure and to work in trying climates, the medical certificate should particularly specify that the candidate is of good physique and is likely to stand hard work, such as riding and walking long distances. The medical certificate should be in the form as given overleaf, signed by a Medical officer in Government employ not lower in rank than Lieutenant. During his course at the Training School should he prove to be in the opinion of the Superintendent, Trigonometrical Surveys, physically unfitted for the Department, that officer may demand a further certificate of fitness.

CHARITABLE ENDOWMENTS ACT, 1890.

IN THE MATTER OF BABU JOY GOBIND LAW'S FUND FOR THE RELIEF OF FAMINE-STRIKEN PEOPLE IN BENGAL.

No. 2005 Agri.—The 3rd April 1905.—Whereas an application has been made to the Government of Bengal by Babu Joy Gobind Law, C.I.E., of No. 24 Suken's Street, in the town of Calcutta, zamindar and merchant, that with a view to creating an Endowment for or towards the relief of famine-stricken people residing in any part of the Province of Bengal (including Bihar, Chota Nagpur and Orissa) upon a famine at any time or times occurring in such Province the 4 per cent Calcutta Municipal Debenture No. 167, dated the 1st December 1904, for rupees one hundred thousand of which the said Joy Gobind Law, C.I.E., is the absolute owner, may be vested in the Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal upon the following terms that is to say:

1. That the endowment to be thus created shall be called “Babu Joy Gobind Law's Fund for the relief of famine-stricken people in Bengal” and that its object shall be the relief as hereinafter more particularly mentioned of famine-stricken people residing in any part of the Province of Bengal, more particularly Bihar, Chota Nagpur and Orissa.

2. That the Trustee to be appointed under section 23 of the Act VI of 1890 to administer the trust shall be the Secretary to the Government of Bengal, in the Revenue Department for the time being.

3. That the Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal (hereinafter referred to as the Treasurer) shall pay the net income derived from the said debenture to the said Trustee, and the said Trustee shall appropriate and apply the same for the relief of persons residing in the Territories subject to the Government of Bengal and in distress owing to inundation, draught, or other causes.

4. That in applying the said income the said Trustee shall, as far as possible, employ the said income in such poor and respectable people as are old or infirm, and in providing food and clothing for the aged or infirm.

5. That it shall be the duty of the said Trustee to spend and apply the said net income as and when required by him or any part of the said net income that the said Trustee may deem fit to invest in promissory notes, debentures, stock and other securities of the Government of India in the name of the said Trustee with liberty to the said Trustee at any time upon a famine occurring in any

part of the said Province of Bengal as hereinbefore defined to resort to the accumulations and apply the same in the manner and for the purposes in paragraphs 3 and 4 hereof mentioned.

6. That the said Trustee shall at all times conform and abide by any rules relating to the administration of endowments under the Charitable Endowments Act, 1890, which the Governor-General in Council, in exercise of the powers conferred in section 13 of the Act, may from time to time see fit to make.

7. That the said Trustee shall in books to be kept by him regularly enter or cause to be entered in full and true entries of all moneys received and paid respectively on account of the said endowment, and shall from time to time submit to such public servant as the Local Government may from time to time appoint in that behalf in such form and at such times as the said Local Government may from time to time prescribe an abstract of such accounts and such returns as to other matters relating to the management of the said fund and the administration thereof as the said Local Government may from time to time see fit to require.

Notice is hereby given that an order is proposed to be made by the Government of Bengal after the expiration of one calendar month to be computed from the first publication of this notice vesting the said Municipal Debenture in the said Treasurer of Charitable Endowments for the Territories subject to the Government of Bengal upon the terms aforesaid.

Any objection to the proposed order or suggestions thereon may be transmitted in writing to the Secretary to the Government of Bengal, Revenue Department, before the 5th day of May 1905.

Dated this 3rd day of April 1905.

EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 25th March 1905.—Maulvi Abul Hashem Khan, B.A., is appointed to be an Assistant Master in the Rajshahi Collegiate School and to Class VIII of the Subordinate Educational Service, *vice* Maulvi Lutfur Rahman, B.A., transferred.

This cancels the order of the 7th February 1905, appointing Maulvi Abul Hashem Khan to be an Assistant Master in the Chapra Zilla School.

The 29th March 1905.—Babu Ishan Chandra Sen, B.A., Head Master, Malda Zilla School (Class IV), is allowed leave of absence for one month under article 271 (i) of the Civil Service Regulations, with effect from the 20th March 1905 or such subsequent date as he may have availed himself of it.

Maulvi Ela Newaz Khan, B.A., Assistant Head Master, Maldah Zilla School (Class VIII, substantive *pro tempore*), is appointed to act as Head Master of that institution, *vice* Babu Ishan Chandra Sen, on leave.

The 30th March 1905.—Babu Jogendra Nath Bose, B.A., Sub-Inspector of Schools, Darjeeling Terai (Class VIII), having returned to his duty on the forenoon of the 5th March 1905, the unexpired portion of the leave granted to him under the orders of the 6th March 1905 is cancelled.

The 1st April 1905.—Babu Revati Nandan, an Assistant Master in the Patna Training School and also Officiating Assistant Head Master of that institution (Class VIII), deceased, was absent on privilege leave, under article 271 (i) of the Civil Service Regulations from 1st December 1904 to 4th February 1905.

Babu Ram Prasad, B.A., an Assistant Master in the Patna Training School (Class VIII), acted as Assistant Head Master of that institution, *vice* Babu Revati Nandan, on leave.

Babu Raghunath Prasad, Head Master of the Middle Vernacular School, attached to the Patna Training School (on Rs. 25), acted as an Assistant Master in the latter institution and in Class VIII of the Subordinate Educational Service from the 1st December 1904 to 6th January 1905, *vice* Babu Ram Prasad, on deputation.

Babu Kasi Nath, B.A., acted as an Assistant Master in the Patna Training School and in Class VIII of the Subordinate Educational Service, on Rs. 25 a month, from the 7th January to 4th February 1905, *vice* Babu Ram Prasad, on deputation.

Babu Bireswar Das, B.A., Assistant Head Master, Bankura Zilla School (Class VI), is appointed to act as an Assistant Master in the Uttarpara Government School during the absence, on leave, of Babu Uma Charan Mitra, or until further orders.

This cancels the orders of the 15th February 1905 appointing Babu Mohesh Chandra Ghosh, B.A., an Assistant Master in the Bankura Zilla School (substantively *pro tempore* in Class VII), to act as an Assistant Master in the Uttarpara Government School during the absence, on leave, of Babu Uma Charan Mitra, or until further orders.

A. PEDLER,

Director of Public Instruction, Bengal.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF VISITING COMMITTEES OF SECONDARY SCHOOLS MAINTAINED FROM PUBLIC FUNDS.

(These rules are supplementary to the rules for the management of schools, which are already in force.)

1. For every secondary school managed by Government or by a District Board, Municipal Committee or Joint-Committee there should be Visiting Committees, consisting of local residents adequately representing the classes from which the students are drawn.
2. For Government schools, except collegiate schools, the members of the Visiting Committees should be appointed by the District Officer in consultation with the Inspector of Schools. For collegiate schools they should be appointed by the Director of Public Instruction on the nomination of the Principals of the attached colleges, who should consult suitable local authorities before sending in their selections.
3. For schools managed by District Boards, Municipal Committees or Joint-Committees, the members should be appointed from among the members of the District and Local Boards, Municipal Committees or Joint-Committees, as the case may be, by the Chairmen concerned. Other gentlemen interested in education may also be appointed members.
4. The term of office of members of Visiting Committees should be for a period of three years from the date of their appointment. Any member should be eligible for reappointment at the end of that period at the discretion of the appointing authority. Members who have not fulfilled the duties for which they were appointed should not be reappointed on the expiry of the three years' term of office. A member should be appointed whenever a vacancy occurs.
5. Visiting Committees shall have no power to issue any orders to the Head Masters of schools, their functions being confined to the offering of advice for the consideration of the school authorities and the officers of the Education Department.
6. The Visiting Committee of a school should inspect the institution at least once a quarter. Visits should not, however, be paid to the school during school-hours more often than once a month. Due notice of visit should ordinarily be given to the Head Master, but surprise visits may be made when necessary. The number of members visiting a school on any occasion should not be more than two.
7. The Visiting Committee should either record their opinion in the Visitors' Book of the school for the information of the Inspector or the Deputy Inspector of Schools, or the Principal of the College, as the case may be, or may communicate their suggestions in writing direct. A copy of the remarks should also be forwarded in the case of schools managed by District Boards, Municipal Committees or Joint-Committees to the Chairman concerned within three days of the inspection.
8. The members of every Visiting Committee should elect from amongst themselves a Chairman and a Secretary, and submit their names to the District Officer, the Director of Public Instruction or the Chairman of the District Board, Municipal Committee or Joint-Committee, as the case may be, for approval.
9. A meeting of a Visiting Committee should be called by the Secretary when considered necessary, or at the requisition of any two members of the Committee, for the general discussion of matters relating to the school. Not less than seven days' notice should be given of any meeting.
10. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.
11. The maximum number of members of a Visiting Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, in cases where the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.
12. Under the directions of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee, and be in charge of all papers belonging to the Committee.
13. The Secretary shall keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by a Committee shall be duly recorded in a book kept for the purpose, which should be open for inspection by all inspecting officers of the Education Department.

INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF COMMITTEES OF MANAGEMENT OF AIDED SECONDARY SCHOOLS.

[These rules are supplementary to the rules already in force in schools aided by Government or by District Boards and Municipalities.]

1. The general management of an aided secondary school, high or middle, is subject to the rules prescribed from time to time by Government or the Department for the management of aided schools. The local management should remain in the hands of a Committee of Management, the members of which should be so selected as to represent all classes of the community—legal, commercial, trading, industrial and agricultural; but in cases in which the Director of Public Instruction is satisfied that the promoters of a school can give guarantees for efficient management otherwise, it will be sufficient if it is placed under a Visiting Committee as in the case of a school maintained from public funds.

2. Appointments to a Committee of Management should be made with the approval of—

(a) The District Officer, in consultation with the Inspector of Schools, in the case of a school aided by Government;

(b) The Chairman of the District Board or Municipal Committee, in the case of a school aided by a District Board or Municipal Committee.

3. The members of a Committee of Management of a school should elect from amongst themselves a Chairman, a Secretary and an Auditor, and submit their names to the District Officer or the Chairman, as the case may be, for previous approval.

4. A meeting of the Committee should be called by the Secretary, usually once every month (except in the long vacation months), or oftener if need be. Not less than seven days' notice should be given of any meeting.

5. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

6. The monthly audited accounts should be presented at the next month's meeting of the Committee for the purpose of being passed.

7. The maximum number of members of a Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, when the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.

8. Under the direction of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee. He should also keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by the Committee should be duly recorded in a book kept for the purpose.

9. The trust-deeds and other important papers relating to the school should be in charge of the Secretary or of some resident member of the Committee, except those which it is necessary to keep in the special charge of the Head Master; but all papers relating to the school in the shape of accounts and records should be available at any time for inspection by all inspecting officers of the Education Department.

10. No teacher should be appointed, promoted, suspended or removed, except by a resolution passed at a meeting of the Committee. In all cases of appointment, promotion and removal of the staff, the Head Master's opinion should be on record, and the Committee should always record reasons for removal, punishment, stoppage of promotion and superannuation of the staff.

In exceptionally urgent cases relating to teachers other than the Head Master, however, the Secretary should, after consultation with the Head Master, make a provisional appointment in anticipation of the Committee's sanction; but the matter should be reported to the Committee at their next meeting for approval.

Similarly a provisional arrangement should be made by the Secretary in consultation with the Chairman, and subject to the approval of the Committee, in respect of a vacancy in the Head Mastership when the case is exceptionally urgent; but this should not be taken to dispense with the necessity of final confirmation by the existing educational authorities, as required under the grant-in-aid rules.

11. Subject to the provisions of the grant-in-aid rules, the list of holidays will be settled by the Secretary, in consultation with the Head Master. In the case of a difference of opinion between the Secretary and the Head Master, the matter should be referred to the Committee for decision.

12. The arrangement of classes, the settlement of the school routine, and all other details relating to school discipline and teaching should be in charge of the Head Master, acting under the advice of the departmental educational officers, but the Committee, however, should have the right to offer their opinion and advice in these matters in writing to the Inspector or the Deputy Inspector of Schools.

13. All questions relating to the promotion of boys and the selection of candidates for the Entrance and Scholarship examinations should remain in the hands of the Head Master and be subject to the supervision of the inspecting officers of the Education Department only.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL.

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched-out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study.*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic., Cap. 3. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (a) their moral character, (b) knowledge of the language of the country in which they elect to study, and (c) physical capacity, from recognized persons who may be considered fit to certify to these facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industries.

12. Applications from natives of Bengal for such scholarships for the development of the mining industry, in the first instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as to the past educational experience, training and future requirements of each applicant for a scholarship. Applicants should also indicate, if possible, what they wish to work at in their future careers on return to India. The scholarships will be awarded by the Government of India on the recommendation of the Local Government.

NOTIFICATION.

No. 1899.—*The 6th April 1905.*—The following draft of rules which it is proposed to make in exercise of the powers conferred by section 14 of the Glanders and Farcy Act, XIII of 1899, is published for general information, and notice is hereby given that the draft will be taken into consideration by the Lieutenant-Governor on the 13th May 1905. Any objection or suggestion which may be offered with respect to the draft rules should be submitted to the Chief Secretary to the Government of Bengal on or before that date.

These rules, when finally approved, will have force within the limits of "Calcutta," as defined in Schedule I of Act III (B.O.) of 1899 and within the limits of the following Municipalities:—

North Barrackpore;	Baranagore;
South Barrackpore;	Cossipore-Chitpur;
Titaghur;	Manicktolla;
Panibati;	Tollygunge;
Kamarhati;	South Suburban;
North Dum-Dum;	Garden Reach;
South Dum-Dum;	Howrah;

and within the limits of the area bounded on the north by the Municipality of North Dum-Dum; on the south by the Municipality of South Dum-Dum; on the east by the Belgachia-Barasat Road, and on the west by the Municipalities of Kamarhati and Baranagore.

The rules have been specially framed for metropolitan areas and are proposed in lieu of those published under Notification No. 3124Agri., dated the 20th August 1900.

R. W. CARLILE,

Offg. Chief Secy. to the Govt. of Bengal.

DRAFT RULES.

Rule I.—The operations under the Glanders and Farcy Act, 1899, in Calcutta and within the Municipalities and area referred to above, shall be under the direction of the Superintendent or other officer in charge of the Bengal Civil Veterinary Department; and all Inspectors and Veterinary Practitioners duly appointed under the Act, and members of the Veterinary Preventive force appointed to assist the Inspectors and Veterinary Practitioners in carrying out the purposes and objects of this Act, shall be under the control of the said Superintendent or other officer in charge of the said Department.

Rule II.—The owner or person in charge of a horse which he believes, or has reason to believe, to be diseased within the meaning of section 2 (1) of the Act, shall report the case within twenty-four hours to an Inspector appointed under the Act or to a Police Officer who shall at once give information of the case to an Inspector appointed under the Act. Such owner or person shall also, if practicable, remove the animal to some isolated building within 50 yards of the stable, building, shed, enclosed place, open lines or other place where the animal has been standing, or to a remote part of such stable, building, shed, enclosed place, open lines or other place. He shall also keep it as far away from other horses as possible. The Inspector appointed under the Act shall also detain in such place any horse which has been in contact with or near the diseased animal or in the same stable, building, shed, enclosed place, open lines or other place until a license for its removal is granted in the form given in Schedule No. II attached to these rules.

Rule III.—An Inspector appointed under the Act may enter and search any enclosure, field, building or other place for the purpose of ascertaining whether there is therein any horse which is diseased; and, as far as practicable, he shall conduct his search in the presence of the owner of the horse or of the person in charge of the horse or of the building, field, enclosure or other place in which the horse is kept. The Inspector shall, if required to do so, before entering and searching any such building, field, enclosure, or other place, show the certificate of his appointment, which shall be in the form given in Schedule No. V attached to these rules.

Rule IV.—If an Inspector appointed under the Act believes, or has reason to believe, that the owner or person in charge of a horse is absenting himself in order to evade the provisions of the Act, or the rules framed thereunder, or if the Inspector meets with resistance or obstruction, he may nevertheless enter for the purpose of search any building, field, enclosure or other place, in which he believes, or has reason to believe, that a diseased horse is kept, provided that he be accompanied by not less than two members of the Veterinary Preventive Force.

Rule V.—Subject to the provisions of the two last rules, an Inspector appointed under the Act shall seize, and may hand over to a member of the Veterinary Preventive force for

detection, any horse which he believes, or has reason to believe, to be diseased. As soon as possible and with due care to prevent contagion to other horses and human beings, such horse shall be removed to the Contagious Diseases Hospital at Belgachia, there to be dealt with in accordance with the provisions of the Act. Any horse thus seized may be detained in the said hospital for as long as may be necessary, and may be subjected to any recognised test or tests.

Rule VI.—The Contagious Diseases (Animals) Hospital attached to the Government Veterinary College at Belgachia will be ordinarily used as a place for isolating, examining, treating or otherwise dealing with animals seized, under section 7, clauses (1) and (2) of the Act.

Rule VII.—When an Inspector appointed under the Act seizes a horse under section 6 of the Act, he shall present to the owner or person in charge of it a printed copy of these rules. If such Inspector is a Veterinary Practitioner appointed under the Act, and the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form given in Schedule No. I attached to these rules. If the Inspector is not a Veterinary Practitioner appointed under the Act, and if the horse is found on examination by such a practitioner to be diseased, he shall, as soon as practicable, procure from such practitioner a certificate of the nature referred to and serve a copy of it on the said owner or person in charge of the horse. Should the owner or person in charge be absent at the time of seizure, the documents referred to shall be nailed on to a prominent place within or without the premises where the seizure took place.

Rule VIII.—If the Veterinary Practitioner certifies under section 8 (1) of the Act that a horse is diseased, it shall be destroyed humanely in the presence of an Inspector appointed under the Act, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

Rule IX.—If, after completing the examination, the Veterinary Practitioner does not certify that a horse is diseased, he shall restore it to the owner or his agent at once, if he is present; and the expenses incurred shall be debited to Government. If, however, the owner or his agent is absent, due notice in the form given in Schedule No. IV, attached to these rules, shall be at once served upon the owner or his agent to remove the animal within seven days. This notice may be served either personally or by leaving it at the owner's or agent's last known residence or place of business; and in the latter case, a copy of it shall be posted at the police-station in the jurisdiction of which the animal was seized. If the animal is not removed within the prescribed period of seven days, it may be dealt with in one of the following ways, namely:—

- (a) The animal may be sold to defray expenses. In that case any balance that may remain may be kept at the owner's disposal for two months, after which time it shall be the property of Government.
- (b) The animal may be sent to the Pinjrapole.
- (c) The animal may be destroyed.

Rule X.—When a horse or carcass, which is diseased or believed to be diseased, is about to be removed to another place for examination, slaughter, burial, cremation or any other lawful purpose, the owner or person in charge of such horse or carcass shall attach a suitable covering over its muzzle and to any part of its body from which contagious or infectious matter may escape, so as to minimise danger from contact during removal.

Rule XI.—If a diseased horse dies, the owner or the person in charge of it shall, as soon as possible and with all due care to prevent contagion to other horses and human beings, cause the carcass to be taken to a suitable place to be there burnt or buried or otherwise destroyed in the safest and most efficacious manner practicable. The means to be adopted shall be decided in each case by an Inspector appointed under the Act and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

Rule XII.—The owner or person in charge of infected articles or places shall be responsible for carrying out the following orders as soon as possible after the issue of a notice by an Inspector under section 9 of the Act:—

- (i) Every piece of stable gear shall be destroyed by fire, except iron-work, which shall be made red hot.
- (ii) The roofs of buildings shall be well cleaned and freed from all dust and cobwebs.
- (iii) The walls shall be scraped, the wooden mangers and feeding boxes shall be burnt, and all woodwork which has been within reach of horses shall be carefully washed with soft soap and hot water, mixed with crude carbolic acid or phenyle in the proportion of one part of acid or phenyle to twenty parts of water.

- (iv) The floor, if of mud or brick, shall be dug up for a depth of at least eight inches, and if urine has percolated to a greater depth, to that depth; and fresh material shall be laid down. If the floor is of cement, and is in good repair, it shall be treated in the same way as the walls; but, if it is not in good repair, it shall be treated as provided in this rule.
- (v) All refuse derived from cleansing, and any dung, litter, straw, grass or hay shall be taken to a suitable place and shall be burnt. Any material left after burning shall be buried according to orders issued by an Inspector appointed under the Act.
- (vi) All buildings shall be thoroughly whitewashed with good lime and water, to which five per cent. of crude carbolic acid or phenyle has been added.
- (vii) Temporary stables of straw, grass or similar materials shall be pulled down, removed to a suitable place and burnt, the floor being treated in the manner prescribed in sub-clause (iv) above.
- (viii) The woodwork of carts shall be thoroughly scraped, washed with soap and hot water containing five per cent. of crude carbolic acid or phenyle, and exposed to the sun for two days, after which the treatment shall be repeated.
- (ix) The poles or shafts, dash-boards and other parts of carriages with which a diseased animal has come into contact shall be washed with soap and hot water containing five per cent. of crude carbolic acid or phenyle, the paint being scraped off and fresh paint being applied. The rest of the vehicle shall be thoroughly washed with soap and hot water containing one part of crude carbolic acid or phenyle to twenty parts of water.

Provided that, for reasons given in writing, an Inspector appointed under the Act may prescribe any other method of disinfection which the special circumstances of a particular case may require.

Rule XIII.—The owner or person in charge of a vessel, railway truck or any other conveyance which has been used for the transport of a diseased horse shall, within 24 hours of receipt of a notice issued under section 9 of the Act, have the said vessel, railway truck or conveyance and all the fittings thereof disinfected. In the case of vessels, the rules laid down in sub-clauses (i), (ii), (iii), (v) and (vi) of Rule XII shall be observed as far as applicable. The floor shall be treated in the manner prescribed in sub-clause (iv) of that rule in regard to walls; and all buttens shall be removed and burnt.

Rule XIV.—All stables, buildings, carts, carriages, or vessels which have been disinfected under Rule XII shall be examined after disinfection by an Inspector appointed under the Act; and the owner or the person in charge of such stables, buildings, carts, carriages or vessels shall give him all reasonable facilities for so doing. If the Inspector is not satisfied that the work of disinfection has been thoroughly done, he may pass such orders as he may consider necessary for the proper disinfection of the stables, etc., and the owner or person in charge of such stables, etc., shall be bound to carry out such orders without delay.

Rule XV.—The entire cost of carrying out the provisions of the rules under the Act shall be borne by the owner or the person in charge of the horse in respect of which a Veterinary Practitioner appointed under the Act has given a certificate that it was diseased; and the cost shall be recoverable as a fine. The account rendered to the owner or person in charge of the horse shall be in the form given in schedule No. III attached to these rules. A part or the whole of the costs may, however, be remitted and debited to Government by the Superintendent of the Civil Veterinary Department, if it is proved to his satisfaction that the debtor has executed promptly and thoroughly all the duties laid upon him by the Act.

Rule XVI.—In the event of obstruction, the Police shall be bound, on the written application of an Inspector, Veterinary Practitioner, or a member of the Veterinary Preventive force, to render such officers such assistance as may be necessary to enable them to perform duly their duties under the Act.

Rule XVII.—An Inspector appointed under the Act or a member of the Veterinary Preventive force, unless he is a gazetted or a commissioned officer, shall wear a distinctive departmental uniform when on duty, except in special cases in which he holds a written authority from the Superintendent, Civil Veterinary Department, that he is exempted from the obligation so to do.

Rule XVIII.—Except as provided in these rules, no person shall intentionally or negligently cause or permit any diseased horse to stray or to be worked, led or driven, in a public thoroughfare, road, street or place.

Rule XIX.—Whoever refuses or neglects to comply with, or commits a breach of, any rule framed under this Act shall be punishable with imprisonment for a term which may extend to one month, or with a fine which may extend to fifty rupees, or with both.

NOTE.—Under section 2 (2) of the Act, these rules apply also to asses and mules.

COMMR.'s OFFICE, RANCHI, the 15th March 1905.

GENERAL DEPARTMENT.

NOTIFICATIONS.

No. 1965.—The 11th April 1905.—The Lieutenant-Governor has been pleased, under section 17 of the Reformatory Schools Act, 1897 (VIII of 1897), to appoint the Principal of the Civil Engineering College, Sibpur, to be an *ex-officio* member of the Board of Management of the Alipore Reformatory School, vice Mr. K. B. W. Thomas, Personal Assistant to the Inspector-General of Police, Lower Provinces, resigned.

No. 1964.—The 11th April 1905.—The Lieutenant-Governor has been pleased generally to accept the recommendations made by the Committee appointed to consider the question of commercial education at the Presidency College, Calcutta, and to direct that the following

prospectus, showing the courses of study, the examinations, the rates of fees, and other cognate matters, as now provisionally decided upon, be published for general information:—

(1) Arrangements have been made for instruction and examination in two different courses of study—one to be a complete course every part of which shall be obligatory, and the other to consist of a series of lectures or classes all or any of which may be attended at option. The lectures in the former course shall be delivered during the day, while those in the latter shall be delivered in the evening only.

Day course.

(2) The following shall be the subjects prescribed for the day course:—

- (i) English (modern), and especially English correspondence, including commercial correspondence, letter-drafting and *précis*-writing;
- (ii) arithmetic, including commercial and mental arithmetic;
- (iii) one of the following languages, namely, Bengali, Hindi, Urdu, Uriya, French, German or Latin;
- (iv) one of the following subjects, namely, book-keeping, shorthand-writing or type-writing; and
- (v) commercial history and geography.

The course shall extend over a period of two years, at the end of which an examination shall be held in the prescribed subjects, in all of which the candidates will be required to pass. No candidate will be allowed to pass unless his answers on every subject are written in a good, legible handwriting.

Evening course.

(3) The following shall be the subjects prescribed for the evening course:—

- (i) outlines of political economy;
- (ii) banking and currency;
- (iii) commercial and industrial law;
- (iv) annuities and insurance;
- (v) book-keeping;
- (vi) shorthand-writing;
- (vii) type-writing; and
- (viii) English (modern).

In these subjects special examinations shall be held, candidates being allowed to take up each separately and to obtain certificates of having passed in it.

(4) Certificates shall be awarded by the Education Department to students passing the examinations, and shall require endorsement by the Secretary to the Bengal Chamber of Commerce, and lists of successful candidates, without classification, shall be published by that Chamber and by the Bengal National Chamber of Commerce.

Award of certificates and publication of results.

Admission.

(5) There will be no age-limit for candidates for either course. Candidates who have passed the "C class" examination of High Schools or the Entrance Examination will be eligible for admission to the day course; but others will be admitted only if they satisfy the Education Department, by passing a preliminary test-examination of a similar standard, that they have sufficient general education to enable them to derive advantage from the lectures. Candidates who have not attended the lectures in the day course, will be allowed to compete at the examination only if they have passed the Entrance or the "C class" Examination or satisfied the Education Department, by passing a preliminary test-examination, that they have a reasonable prospect of success. The form of certificate to be issued to students who have passed this examination, as laid down in paragraph (2) above, shall show whether the student has passed the "C class" or Entrance Examination or not and also whether he has duly attended the lectures prescribed for the day course. Those only who have passed the "C class" or Entrance Examination, and after attending the full day course of lectures have passed the prescribed examination, will be considered to be eligible for the full commercial certificate.

Candidates who have attended the lectures in the day course, will be eligible for admission to the evening course and allowed to compete at the examinations; but others will be admitted and allowed to compete only if they satisfy the Education Department by passing a preliminary test-examination that they have sufficient general education to enable them to derive advantage from the lectures, or that they have a reasonable prospect of success, as the case may be. The certificates issued on the result of the examination in this course, as laid down in paragraph (3) above, shall show whether the students have attended the lectures prescribed for the day course and have passed such examination and also whether they have attended the evening course of lectures.

(6) The fees shall not exceed Rs. 3 *per mensem* payable for the whole school year for the entire day course, and the like sum for each series of fifteen lectures in the evening course on—

Fees.

- (i) banking and currency;
- (ii) commercial and industrial law;
- (iii) annuities and insurance;
- (iv) English (modern).

The fee for each course of thirty-two lectures on the outlines of political economy shall be Rs. 5. As the evening lectures on book-keeping, shorthand-writing, and type-writing will be on advanced portions of those subjects and will continue over a considerable period, the fee for each course shall be Rs. 10.

(7) The setting of the papers for the examinations will be left to an Examination Board, which shall be constituted for the purpose by the Director of Public Instruction, and upon which the Education Department, the Bengal Chamber of Commerce and the Bengal National Chamber of Commerce shall be represented.

(8) Three gold medals, offered by the Remington Type-writer Company, shall be awarded on the results of the examination on the evening course of lectures on type-writing to the three students awarded the highest marks for

Prizes.

Agency.

Should any other prizes be offered hereafter, the fact will be announced and the terms on which they are offered for competition published in due course.

Opening of classes.

(8) The evening course of lectures on political economy began on the 7th March last. The new classes in the day course will be opened next June.

2. The Government of Bengal will be prepared to consider applications for grants-in-aid, which will probably take the form of contributions towards the salaries of the necessary lecturers, to enable other colleges and high schools to introduce schemes of education on the lines laid down in the case of the Presidency College by the prospectus above; but these will be dealt with separately and considered on their merits as they are received.

3. Four scholarships, of Rs. 16, Rs. 12, Rs. 8, and Rs. 8 *per mensem*, tenable for two years, respectively, are, under existing arrangements, available for candidates admitted to the day course who have passed the "Class" Examination; and candidates who have obtained similar scholarships at the Entrance Examination will be permitted to hold them during the day course.

PUBLIC WORKS DEPARTMENT.

ESTABLISHMENT.

The 8th April 1905.

No. 88.—Mr. C. A. White, Officiating Sanitary Engineer, is appointed to officiate as Superintending Engineer of the Central Circle, in addition to his own duties, vice Mr. W. B. Gwyther, Superintending Engineer, on deputation.

M. J. SCOBIE,
Offg. Secy. to the Govt. of Bengal.

MARINE DEPARTMENT.

The 7th April 1905.

No. 48 Marine.—Under the powers conferred upon him by section 36 of the Indian Steam-ships Act, 1884, and in supersession of the rules sanctioned under notification No. 122 Marine, dated the 4th September 1902, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules to regulate the granting of certificates of competency to Engineers of sea-going steam-ships.

W. A. INGLIS,

Surg. to the Govt. of Bengal.

General Rules.

1. Certificates of competency will be granted to those persons who pass the requisite examinations and otherwise comply with the requisite conditions. For this purpose Examiners have been appointed and arrangements have been made for holding the examinations periodically at the Port of Calcutta. The examinations will be held whenever necessary or at such other times as the Government may appoint. Certificates of competency granted to persons who pass requisite examinations.
2. The application for examination is to be made on Form Exn. 3, which must be filled up at the Port Office. The Form, Exn. 3, properly filled in, together with the candidate's indentures of Apprenticeship, testimonials, and discharges, must be lodged with the Port Officer not later than the day before the day of examination. As such testimonials may have to be verified before the candidate can be examined, it is desirable that they should be handed in together with the Form Exn. 3, as early as possible. Application how to be made.
The Port Officer should be particularly careful to ascertain that there are no gaps in the candidate's service which are not properly accounted for before he is allowed up for examination.
3. In cases where the services of a candidate require verification, or where he is in doubt whether his service complies with the regulations, and wishes to submit his case for special consideration, all certificates, discharges and testimonials, together with the form of application* properly filled in, should be submitted to the Port Officer, who will either deal with the case or transmit it to the Government for decision. How to apply in special cases.
4. All other enquiry regarding examinations should be made and dealt with in the same way. The point on which information is sought should be clearly stated and certificates, discharges, testimonials, etc., should be forwarded when they are material to the enquiry. Inquiries.
5. All candidates will be required to produce, in addition to the official discharge certificates, testimonials as to their workshop service and as to their service at sea. The testimonials as to workshop service must be signed by the employer and must testify to the candidate's conduct and ability, and state what kind of work he was engaged on (e.g., fitting, erecting, etc.), and for how long. Testimonials as to workshop service.
6. Testimonials as to service at sea must testify to the applicant's sobriety, experience, ability, and general good conduct for at least the last twelve months' service at sea preceding the date of application to be examined. They Testimonials as to sea service.

* Form Exn. 3 which can be obtained at the Port Office.

must be signed by the Master and Chief Engineer (or, in the case of testimonials to Chief Engineers, by the Master and Superintending Engineer), and must clearly state whether the applicant was on regular watch, and in regular charge of a watch on the main engines or boilers. It is desirable that testimonials of candidates should be endorsed by the Superintending Engineer. No time spent in clerical work will be allowed to count.

Further as to
testimonials.

7. In cases where a testimonial from the Chief Engineer, or from the Master, is for any sufficient reason not obtainable, one may be submitted from the Superintending Engineer in place of that of the Chief Engineer, and one from the Managing Owner or Secretary or Chairman of a large Company in place of that of the Master, but in every such instance the testimonial must declare that the facts stated are in accordance with the reports made by the Chief Engineer or the Master, as the case may be, or else that the facts are within the writer's personal knowledge.

Physical
defects.

8. When a candidate is observed to be hard of hearing, or is labouring under any other obvious physical defect, the signatories of his testimonials are required to mention that defect specifically, and to state whether it in any way interfered with the efficiency of the candidate as an engineer on watch. When these modified testimonials are such as to completely satisfy the examiner that the defect is not such as to interfere with the efficient discharge of the applicant's duties as engineer, the examination is proceeded with; otherwise the case is referred to the Government. Candidates afflicted with nervous impediment in speech may write their answers to *ad-hoc* questions.

Testimonials
of Foreigners.

9. The testimonials of service of Foreign Engineers and of British Engineers serving in foreign vessels, which cannot be verified by the Port Officer, must be confirmed either by the Consul of the country to which the ship in which the candidate served belonged, or by some other recognized official authority of that country; or by the testimony of some credible person on the spot having personal knowledge of the facts required to be established. The production, however, of such proofs will not of necessity be deemed sufficient. Each case must be decided on its own merits; and if the sufficiency of the proofs given appears to be at all doubtful, the point must be referred to the Government.

Certificate in
regard.

10. Should any doubt exist as to the age of a candidate he will be required to produce a Certificate of Birth or Baptism.

Foreigners to
know English.

11. Foreigners must prove to the satisfaction of the Examiners that they can speak and write the English language sufficiently well to perform the duties required of them on board a British vessel.

Verification
of service, &c.,
by articles.

12. Service which cannot be verified by proper entries in the Articles of the Ships in which the candidates have served cannot be counted.

Form of cer-
tificate.

13. If the candidate passes he will receive a form (Form Exn. 16) authorizing the Port Officer to whom it is addressed to issue the Certificate. The candidate's testimonials and other papers will be returned to him when the examination is finished. It is therefore important that the port at which the Certificate is to be issued should be the same on both the Form Exn. 16 and the form of application Exn. 3. If circumstances should make any alteration necessary, the Examiner should see that it is made in both forms; otherwise delay in the issue of the Certificate may be caused.

Service found
to be insuffi-
cient.

14. If after a candidate has passed the examination it is discovered on further investigation that his services are insufficient to entitle him to receive a Certificate of the grade for which he has passed, the Certificate will not be granted to him; but if the Port Officer is satisfied that the error in the calculation of the candidate's services did not occur through any fault or wilful misrepresentation on his part, he may either have the fee returned to him or have it placed to his credit. Should his services entitle him to a Certificate of a lower grade, it may be granted to him,

and the difference, if any, between the fee paid by him for the superior Certificate and the fee payable for the inferior Certificate will be returned to him or placed to his credit.

The Superior Certificate will not be granted until the candidate has performed the amount of service in which he was deficient, and has been re-examined in all the subjects unless the Government see fit to dispense with the re-examination.

15. If the candidate fails in practical knowledge he may not present himself for re-examination until he can produce proofs of three months' further service at sea, as Engineer on watch on the main engines or boilers, from the date of failure. If he fails in arithmetic, elementary questions, or drawing only, he may come up again at any time.

16. Candidates for examination, in making their application on the Form Exn. 3, will be required to pay the Examination fee before any step is taken towards inquiring into their services or testing their qualifications, &c. If the candidate is found not to be qualified, the fee will either be returned to him or placed to his credit until he is qualified.

17. The fee for examination must be paid to the Port Officer. In any case in which a candidate offers a gratuity to any other officer and in any place but in the Port Office, the candidate so offering a gratuity will be regarded as having committed an act of misconduct, and will be rejected, and not allowed to be examined for twelve months either at the Port where the offence was committed or at any other port.

18. If a candidate fails in his examination, no part of the fee he has paid will be returned to him.

19. The fees are as follows:—

	Rs.
Second Class Engineer's Certificate ...	15
First Class Engineer's Certificate ...	30
First Class Engineer's Certificate if candidate is already in possession of a Second Class Certificate of Competency granted by the Board of Trade, or by the Government of a British possession under section 8 of the Merchant Shipping (Colonial) Act, 1869 ...	15

Qualifications required for the various grades.

20. SECOND CLASS ENGINEER.—A candidate for a Second Class Engineer's Certificate must be not less than 21 years of age;

- (a) He must have served as an apprentice Engineer for four years in England or five years in India at least, and prove that during the period of his apprenticeship he has been employed on the making or repairing of steam engines, boilers, &c. Three years in England or four years in India of the apprentice time must have been passed in the fitting or erecting shops, or in both. In calculating the four years in England or five years in India of artisan service, which are to constitute the required apprenticeship, which should not begin at an earlier age than 15, time spent at a technical school (recognized by the Port Officer as suitable) where there is an engineering laboratory, may be taken into account and accepted as equivalent to artisan service, at the ratio of three years in the technical school to two in artisan service, provided that the applicant was over 15 years of age, and can produce the Principal's Certificate for regular attendance and satisfactory progress, and provided also that in such case the other portion of the time was spent in the fitting or erecting shops of an engineer, as indicated above.

Journeyman's time will be considered as equivalent to apprenticeship.

Every applicant must produce testimonials of ability as an engineer workman to the satisfaction of the Government.

If the candidate has not served for four years in England or five years in India as an apprentice Engineer, or as Journeyman, he will be required to have served, *in lieu thereof*, four years at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or six years in a home-trade steamer of not less than 66 nominal horse-power.

- (b) In addition to the apprenticeship as above described, or the alternative sea service, the applicant must have served one year at sea as Engineer on regular watch on the main engines or boilers of a foreign-going steamer of not less than 66 nominal horse-power, or eighteen months in a home-trade steamer of not less than 66 nominal horse-power.
- (c) He must be able to give a satisfactory description of boilers, and the methods of staying them, together with the use and management of the different valves, cocks, pipes, and connexions.
- (d) He must understand how to correct defects from accident, decay, &c., and the means of repairing such defects.
- (e) He must understand the use of the water gauge, pressure gauge, barometer, thermometer, and salinometer, and the principles on which they are constructed.
- (f) He must state the causes, effects, and usual remedies for incrustation and corrosion.
- (g) He must be able to explain the method of testing and altering the setting of the slide valves, and method of testing the fairness of shafts and adjusting them.
- (h) He must be able to calculate the suitable working pressure for a steam boiler of given dimensions, and the stress, per square inch, on crank and tunnel shafts when the necessary data are furnished.
- (i) He must understand the construction of steering engines, evaporators, feed filters, and feed heaters.
- (j) He must understand the construction of centrifugal bucket, and plunger pumps, and the principle on which they act.
- (k) He must be able to state how a temporary or permanent repair could be effected in case of derangement of a part of the machinery, or total breakdown.
- (l) He must write a legible hand, and have a good knowledge of arithmetic up to and including vulgar and decimal fractions and square and

In the case of England, "foreign-going steamer" includes every steamer employed in trading or going between some place or places situated beyond the following limits, that is to say, the coasts of the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europe between the River Elbe and Brest, inclusive. "Home-trade steamer" includes every steamer employed in trading or going within the following limits, that is to say, the United Kingdom, the Channel Islands and Isle of Man, and the Continent of Europe between the River Elbe and Brest inclusive.

In the case of India, foreign-going steamer includes every steamer employed in trading between any port of the territories which are or may become vested in His Majesty by the Statutes 21 and 22 Vict., Cap. 103, entitled "An Act for the better government of India," and any port or place not in the said territories, nor on the Continent of India, nor in the Straits Settlements, nor in the Island of Ceylon. "Home-trade steamer" includes every steamer employed in trading between any ports of the said territories or between any port of the said territories and any port or place on the Continent of India or in the Straits Settlements or in the Island of Ceylon.

cube root. He must also understand the application of these rules to questions about safety valves, coal consumption, consumption of stores, capacities of tanks, bunkers, &c.

- (m) He must be able to pass a creditable examination as to the various constructions of paddle and screw engines in general use, as to the details of the different working parts, external and internal, and the use of each part.
- (n) He must possess a creditable knowledge of the prominent facts relating to combustion, heat and steam.

21. **FIRST CLASS ENGINEER.**—A candidate for a First ^{First Class} Class Engineer's Certificate must be not less than 22 years of age.

In addition to the qualification required for a Second Class Engineer,

(n) He must—

- (1) have served at sea for 12 months, with a Second Class Certificate of Competency or service as Senior Engineer in charge of a watch on the main engines or boilers of a foreign-going steam-ship of not less than 99 nominal horse power; or
- (2) have served at sea for 18 months, with a Second Class Certificate of Competency, or service as First Engineer of a home-trade steamer of not less than 99 nominal horse-power; or 2 years as Second Engineer of a home-trade steamer of not less than 99 nominal horse-power, with a Second Class Certificate of Competency, or service; or
- (3) have served 2½ years with a Second Class Certificate of Competency or service as third Engineer of a home-trade steamer of not less than 99 nominal horse-power, if during the whole of that period he has been the senior Engineer in charge of a watch on the main engines and boilers; or
- (4) possess or be entitled to a First Class Certificate of service.
- (t) He will be required to make an intelligible hand sketch, or a working drawing of some one or more of the principal parts of a steam engine, and to mark in without a copy all the necessary dimensions in figures, so that the sketch or drawing could be worked from.*
- (e) He must also be able to take off and calculate indicator diagrams.
- (d) He must be able to calculate safety-valve pressures, and the strength of the boilers shell, stays, and riveting.
- (c) He must be able to state the general proportions borne by the principal parts of the machinery to each other, and to calculate the direct stress, the torsional stress, and the bending stress in round bars, and the direct stress and the bending stress in rectangular bars with given loads.
- (f) He must be able to explain the method of testing and altering the setting of the slide valves, and to sketch about what difference any alteration in the slide valve will make in the indicator diagram, and also the method of testing the fairness of shafts and of adjusting them.
- (g) He must be conversant with surface condensation, superheating, and the working of steam expansively.
- (h) His knowledge of arithmetic must include the mensuration of superficies and solids and the extraction of the square and cube roots, and the

* See Appendix C.

application of these rules to questions relating to the power, duty and economy of engines and boilers, and to the stresses in rods, shafts and levers of the engine.

- (i) He must understand the construction of, and be able to maintain in working condition, the auxiliary machinery which is placed under his charge, viz., refrigerating machinery, electric light engines and dynamos, electric motors fitted to ships' boats, hydraulic machinery, and the various descriptions of steering engines, etc.

Workshop service where engines are not made.

22. When the workshop service has been performed in a place where steam-engines are not made or repaired, and the class of work done is similar to that required in engine making, the service may be accepted with an additional year in the engine-room; that is, four years in England or five years in India of workshop service and two years in the engine-room (of which one year must have been at sea) or one year at sea in the engine room and one year at engine fitting in a suitable marine engine workshop. The approval of the Port Officer must be obtained in every such case before the candidate is examined.

Workshop service other than fitting or erecting.

23. When the workshop service has been performed in a place where engines are made, and the department in which the applicant has been principally engaged is not "fitting" or "erecting," the case must be referred to the Government with a report upon the service performed. If the service be such as is useful training for an Engineer, the Port Officer may accept the service, but in every such case the applicant must prove additional engine-room or marine engine workshop service as required above.

Qualifying service defined.

24. In the case of candidates for First Class Certificates, qualifying service means service on regular watch as senior Engineer in charge of the main engines or boilers. During the whole of the period claimed, candidates must have been in possession of Second Class Certificates.

In the case of candidates for Second Class Certificates, qualifying service means service as Engineer on regular watch on the main engines or boilers. In no case will time spent in clerical work be allowed to count.

Names on articles.

25. In all cases the candidates' names must have been duly entered on the ship's Articles as Engineers in their proper ratings.

Regular watch.

26. Being on regular watch means being on watch for at least eight hours a day.

Further as to qualifying service.

27. Only such service as gives the experience required to make a man thoroughly competent as a sea-going Engineer is accepted as qualifying service. Even for a Second Class Certificate the candidate must prove to the satisfaction of the Examiner that he is qualified by experience and knowledge to act as Chief Engineer in an under-powered steamer of 99 nominal horse-power on a voyage, say, India to Egypt, taking full responsibility for engines and boilers.

Sea service.

28. The sea service required by these Regulations is, unless otherwise stated, service performed in foreign-going ships.

Home-trade service.

29. Service in the Home or Coasting Trade is regarded as being equivalent to two-thirds of the same period of time served in the Foreign Trade, except in the case of Indian Coasting Voyages extending beyond a distance of 500 miles from the port of departure in steam-ships commanded by Masters holding Foreign-going Certificates, when such service will count as foreign-voyages, and will be reckoned as full time; but the time spent in the port of departure or Home Port will not be allowed to count. In all cases the length of service is deemed to commence on the date of sailing from the port of departure or Home Port and to end on the date of arrival at the Home Port. Such service must be vouched for in the form laid down in Appendix G.

30. Service as watch-keeper on a lake or river steamer of not less than 66 nominal horse-power may be accepted under the following conditions:— Lake or river service.

- (1) the service will only count half as much as sea service, i.e., every two months of lake or river service is only equivalent to one month's sea service;
- (2) candidates for second class certificates must prove, in addition to the lake or river service, at least three months' qualifying service at sea in a steam-ship of not less than 66 nominal horse-power;
- (3) candidates for first class certificates must prove, in addition to lake or river service in vessels of 99 nominal horse-power, at least six months' qualifying service at sea, with a Second Class Engineer's Certificate, in vessels of not less than 99 nominal horse-power.

31. Service performed on board auxiliary screw whalers and other vessels with auxiliary steam-power of not less than 66 nominal horse-power in the capacity of Engineer may be allowed to count towards qualifying candidates for examination for Second Class Engineers' Certificates of Competency to the extent of one-half the time the vessel is actually at sea. If the candidate is able to prove a larger amount of time under steam, he will be allowed to count the whole of such extended time. Service in auxiliary screw steam-ships.

32. Service performed in pilot vessels will not qualify a candidate for examination. Service in pilot boats.

33. Service in sea-going steam dredgers, trawlers, or tug-boats may be accepted under the following conditions:— Service in dredgers, trawlers or tug-boats.
Two months of such service is only equivalent to one month's qualifying service. Candidates for Second Class Certificates may perform all their sea service in sea-going steam dredgers, trawlers, or tug-boats, but they must have been on regular watch on the main engines or boilers, and the vessels must not be less than 66 nominal horse-power. Candidates for First Class Certificates must have served in vessels of at least 99 nominal horse-power, and have been in charge of a watch on the main engines or boilers. They must, in addition, have served in a qualifying capacity for at least six months in a foreign-going cargo or passenger steam-ship, or nine months in a home-trade cargo or passenger steam-ship.

34. Service performed in steam yachts, either within or beyond home-trade limits, may be accepted as equivalent to two-thirds of the time performed in foreign-going trading vessels, provided that the candidate's name is entered on the vessel's Articles and that he can prove, to the satisfaction of the Port Officer, that the time claimed was actually served at sea. Service in yachts.

Candidates for Second Class Certificates may perform all their service in yachts, but the candidate must have been on regular watch on the main engines or boilers, and the vessel must be of not less than 66 nominal horse-power.

Candidates for First Class Certificates must have served on vessels of not less than 99 nominal horse-power, and must have been in regular charge of the main engines or boilers. In addition they must have served for at least three months in a qualifying capacity on board a foreign-going trading or passenger steam-ship. This additional service will, however, not be required in the case of a candidate who has served for 18 months as first engineer, or for 2 years as second engineer, of a steam yacht of the requisite power.

35. The Government may see fit to allow an applicant who, in consequence of service abroad, has been unable to obtain a Second Class Certificate, to be examined for a First Class Certificate, although he has not obtained a Certificate of the lower grade, provided he is able to satisfy them as to the satisfactory character of his services. If any candidate who has not got a Second Class Certificate of First class Certificate without a Second class certificate.

Competency fails to pass the examination for the first Class Certificate, but passes that for the lower grade, he may be given a Second Class Certificate of Competency, but no part of the fee will be returned. A candidate who has been permitted to be examined for a First Class Certificate without first obtaining a Second Class Certificate of Competency or service and who fails in his examination in practical knowledge, may not be re-examined for a Certificate of the higher grade until he has served 3 months as watch-keeper with a Second Class Engineer's Certificate of Competency or service as required by the regulations. If the candidate fails altogether, i.e., both in the examination for the lower as well as for the higher grade of Certificate, he may be re-examined for a Second Class Certificate only, subject to the usual regulations relating to failure.

Certificates of service.

36. An officer who has attained the rank of Engineer or Assistant Engineer in His Majesty's Navy or Indian Marine service is entitled without examination, if an Engineer, to a certificate of service as First Class Engineer, and if an Assistant Engineer, to a certificate of service as Second Class Engineer. These officers may be examined for a certificate of competency on the same conditions as Engineers of the Mercantile Marine.

An officer who has attained the rank of Artificer Engineer in His Majesty's Navy or Indian Marine service is also entitled without examination to a certificate of service as Second Class Engineer.

Application of Naval Officers.

37. The Lords Commissioners of the Admiralty have directed that applications from officers of the Navy for Certificates of service or for permission to be examined for Certificates of Competency must, in the case of officers on the active list, be made through the Commanding Officer to the Secretary to the Admiralty, and in the case of officers on half pay direct to the Secretary to the Admiralty, who in either case will forward the applications to the Board of Trade.

Masters and Mates' Examination in steam.

38. Particulars of the examination of Masters and Mates in steam will be found in Appendix E.

Certificates.

39. The term Certificate in these Regulations means a Certificate issued by the Board of Trade or by a British Possession under the provisions of the Merchant Shipping Act.

Conduct of the Examinations.

Commencement and duration of Examinations.

40. The examinations will commence early in the forenoon, and will be continued from day to day until all the candidates whose names appear upon the Examiner's list on the day of examination are examined.

Examination of engine room Artificers.

41. Chief Engine Room Artificers, and Engine Room Artificers in the Royal Navy, may be examined for Certificates of Competency on the same conditions as Engineers of the Mercantile Marine.

Candidates to be punctual.

42. Candidates are required to appear at the examination room punctually at the time appointed.

Tables cleared.

43. Before commencing the examination, the tables and desks must be cleared of all scraps of paper or books that are not used in the examination, and care should be taken that the candidates do not bring into the examination room any book or paper.

Strangers not admitted.

44. No persons will be allowed in the rooms during the examinations other than those whose duties require them to be present.

No instructors will be allowed on the premises.

Blotting paper.

45. A sheet of blotting paper will be issued to each candidate with the first examination paper, and it must be returned to the Examiner when the last paper is completed each day. The Examiner will be careful to see that the blotting paper has not been used by the candidate in solving his problems, or for conveying information to other candidates.

All work to be shown.

46. No candidate will be allowed to work out his problems on a slate or on waste paper or to write on the blotting paper supplied for his use in the examination.

Violation of this rule will subject the candidate to all the penalties of a failure.

Additional sheets of paper will be supplied by the Examiner if required, but they must be attached to, and form part of, the examination papers.

47. All books necessary for the use of candidates under examination will be provided by the Government, and candidates are prohibited from bringing into the examination room books or papers of any kind whatever. The slightest infringement of this regulation will subject the offender to all the penalties of a failure, and he will not be allowed to present himself for re-examination for a period of three months. Books and papers strictly forbidden.

48. Candidates for First Class Certificates have to pass an examination in rough working drawing, which may, in the candidate's option, be either hand sketches clearly dimensioned and complete in the necessary views and sections, or drawings to a scale. Drawing boards and T squares will be provided by the Government, but the applicants will have to bring with them any drawing instruments they may require. Instruments are provided.

49. Candidates should be so placed as to prevent one copying from another, and no communication whatever between the candidates should be allowed. Candidates' places.

50. In the event of any candidate being discovered referring to any book or paper, or copying from another, or affording any assistance or giving any information to another, or communicating in any way with another, during the time of examination, or copying any part of the problems for the purpose of taking them out of the examination rooms, he will subject himself to all the penalties of a failure, and will not be allowed to be examined for a period of six months. Penalty for copying, &c.

51. No candidate may leave the examination room without permission and without giving up the paper on which he is engaged. Under no circumstances will the same paper be returned to him, but the Examiner may substitute other data, or another question. Leaving room or building.

52. If a candidate defaces, blots, writes in or otherwise injures any book or form belonging to the Government, his papers will be retained until he has replaced the damaged book or document. He will not be allowed to remove the damaged book or document, and will be subjected to all the penalties of a failure. Injury to books.

53. Perfect silence is to be preserved in the examination room. Silence.

54. Any candidate violating any of the regulations or being guilty of insolence to the Examiner, or of disorderly or improper conduct in or about the room, will render himself liable to the postponement of his examination, or, in the event of his having passed, to the detention of his Certificate for such period as the Government may direct. Penalty for breach of rules.

55. The examination of candidates for Second Class Certificates consists of three parts: arithmetic, elementary questions, and *vice versa*; and that of candidates for First Class Certificates of four parts: arithmetic, drawing, elementary questions, and *vice versa* (see paragraphs 21 and 22). Order of examinations.

56. When the number of marks obtained in arithmetic amounts to 28, that is, two-thirds of the maximum, the candidate passes in arithmetic. Arithmetic.

If the marks obtained amount to 21, but not to 28, and if the applicant has had long sea experience, his testimonials should be taken into account, and his examination continued, if deemed advisable by the Examiner, and he may be passed or failed, having due regard to his practical knowledge, and to whether he is being examined for second class or first class.

57. All engineer applicants presenting themselves for examination will be required to give written answers to ten questions selected from Elementary Questions shown in Appendix B (not published). These questions are intended to furnish a record to some extent of the candidate's knowledge at the time of his examination, and also to induce the Elementary questions.

candidates to pay more attention to their handwriting and spelling.

Examiners will require all candidates to fill up a form, Exn. 15b,* and they will forward it to the Port Officer, together with the report of the examination.

The questions for both classes of engineers will be taken from the same series of Elementary Questions; and candidates for first class certificates are expected to show their superiority by giving answers more complete than those of the other candidates.

* See page.

58. Having regard to the fact that when the verbal examination is held, the candidate has already passed in arithmetic, and, if a first class candidate, in drawing, and has also written answers to the elementary questions, the Examiners will deal with practical, rather than theoretical questions in this division of the examination; and no candidate should be failed without having been well cross-questioned on the points for which failure takes place.

Moreover in cases where the Examiner approves of the elementary paper but fails the candidate for lack of practical knowledge or for elementary, a written account of the points failed in must be forwarded to the Port Officer with the elementary papers and the report Exn. 15.

The elementary questions to be answered on Form Exn. 15b* are good starting points in *cisa voce* examinations. With the candidates' written answers before the Examiner, the same question can be put in a way requiring an answer in another form. Each question may be developed into several according to the circumstances of the case, e.g.—

1. What is made of? Of what parts does it consist?
2. What is its use?
3. What attention does it require at sea?
4. What attention does it require in port?
5. When it becomes defective, what is it that principally goes wrong with it?
6. How is it repaired?
7. What alteration may prevent a recurrence of the defect?

It is considered of great importance that engineers presenting themselves for examination should have an extensive knowledge of the particulars of actual casualties which have occurred at sea and be able to state how these might have been prevented, and how remedied. Sometimes an engineer presents himself who has had no personal experience of any defects, and who can tell nothing about casualties to machinery which have occurred in the experience of others: such candidates should be closely questioned as to their knowledge of boiler and engine construction and the repairs of same.

The management of engines and boilers at sea, the duties of the engineer on watch, the work to be done to the engines, boilers, and auxiliary machinery in port, and the periodical examinations of the working parts, form part of the *cisa voce* examination.

Reports of
examinations.

59. Reports of examinations on the form Exn. 16, together with the Examination Papers, should be forwarded to the Port Officer immediately the examinations are completed.

General.

60. Certificates of Competency shall be made and issued by the Government in the forms hereunto annexed.

61. Every Certificate of Competency shall be made in duplicate, and one copy shall be delivered to the person entitled to the Certificate, and the other shall be kept and recorded by the Port Officer of Calcutta.

62. No application from the holder of a certificate granted by the Government of any other British Possession or by the Board of Trade to be examined for a certificate of the same legal value shall be entertained.

APPENDIX A.

FORM EXN. 156.

Form to be filled up by all candidates at the commencement of the examination.

Port _____	Class for which examined _____
Date _____	Candidate's name _____

- A. Where and how long did you serve in works at the making or repairing of engines and boilers?
- B. How long and in what capacity did you serve in works on shore other than at the making or repairing of engines and boilers?
- C. How long have you served in the engine-room at sea, and in what capacities.
- D. With what descriptions of engines have you served at sea? What sizes were the engines?
- E. With what descriptions of boilers have you served at sea?
- F. What engine defects or defects to auxiliary machinery have come under your notice; what caused these defects, and how were they remedied? Give the names of the steamers for verification.
- G. What boiler defects have come under your notice; what caused these defects, and how were they remedied? Give the names of the steamers for verification.

APPENDIX B.

ELEMENTARY QUESTIONS.

1.
What parts of an engine are generally made of wrought iron?
2.
What parts of an engine are generally made of cast iron?
3.
For what parts of an engine is steel sometimes used?
4.
What parts of an engine are generally made of brass or gun-metal?
5.
Where is "white metal" sometimes used? On account of what property possessed by it, is it adopted? What objection is there to its more general use?
6.
For what parts is Muntz metal sometimes used? Is it malleable? For what properties is it valued?
7.
What difference is there in the composition of cast iron, of wrought iron, and of steel?
8.
How can cast iron, wrought iron, and steel be distinguished from each other?
9.
What are the different properties of cast iron, of wrought iron, and of steel?
10.
What is meant by the terms "breaking stress," "proof stress," "safe working stress?"

11.

What is the cohesive strength, or breaking stress, of good-ordinary wrought iron?

12.

Tempering steel: how is it done, and in what order do the colours come?

13.

What is case-hardening?

14.

Which of the common metals or alloys can be forged, and which of them are brittle or "short?"

15.

What is meant by "welding?" Which of the common metals can be welded?

16.

The expansion of metals by heat; give examples of this in the engine and in the boiler.

17.

In the construction of steel cylindrical marine boilers for what parts have the plates to be worked hot? What precautionary treatment of these plates is afterwards necessary?

18.

In what parts of cylindrical marine boilers is the strongest riveting employed? In which of the shell seams is it most necessary?

19.

What is "caulking," and how are seams prepared for caulking?

20.

Describe the different ways of fastening the ends of the main stays of a boiler. What are the merits of, or objections to, the different plans?

21.

What stress per square inch is allowed on boiler stays?

22.

Describe a riveted stay, and state where such stays are commonly used.

23.

Where are thin plates to be looked for in a boiler as it wears, and how is the thinness to be detected?

24.

How are boiler tubes fixed? What are "stay tubes," and how are they secured?

25.

Where is it generally that boiler tubes leak? How is this defect repaired? What are the causes of this leaking?

26.

What are the causes of cracked tube plates? Where are the cracks situated? How are they repaired?

27.

What is the difference between a "dry uptake" and a "wet uptake"? Which requires most repair? Why? Where have you seen a wet uptake?

28.

What is a superheater? What is its construction? What valves are on it? There is sometimes a gauge glass on it; what is that for? Are superheaters now in general use?

29.

What parts of a marine multitubular boiler are first injured by shortness of water?

30.

Where are angle irons sometimes used in the construction of a boiler, and where are flanged plates used?

31.

Priming; to what causes is it attributed? What means are applied to prevent it? What evils may be produced by it?

32.

Funnel draught; what makes it? What checks it?

33.

Flame sometimes seen at the top of the funnel; what causes this appearance? Is it beneficial or is it detrimental? Why so?

34.

A blast pipe: what is its construction? Where is it placed? For what is it used?

35.

How many bottom blow-off cocks are generally fitted to each boiler, and why are they so fitted?

36.

Blow-off cocks are sometimes fitted with a spanner guard? For what purpose is this? Describe how the guard is formed.

37.

Water-gauge test cocks; where are they placed? At what heights? Must the cocks themselves be at those heights? What provision is made for cleaning these cocks, should they ever become choked? When there are no test cocks, how is the height of the water ascertained?

38.

What is a dead-weight safety valve? Of what are the rubbing surfaces formed? How is a lock-up valve arranged to admit of lifting it or of turning it round, and to prevent adding to the weight?

39.

About what area of safety valve is now required by the Board of Trade? What is the effect of suddenly opening a safety valve when steam is up? To about what extent do safety valves rise when blowing off without being eased by hand?

40.

Spring-loaded safety valves: what advantages have they that are not possessed by dead-weight valves? What are the disadvantages, if any, as compared with dead-weight valves?

41.

Of what pieces does a glass water gauge mounting consist? How does it act? Where is it placed? At what height? Is it liable to derangement? How is its working tested?

42.

Glass water gauges have sometimes pipe connections top and bottom: what is the object of this arrangement? Should there be cocks at the extremities of these pipes? Why? or why not?

43.

Describe a Bourdon steam gauge. Some gauges have an inverted syphon pipe below them; what is its use?

44.

Why is a small cock sometimes put on the pipe leading to a steam gauge? Where should it be placed, and what error might be made by omitting to use it?

45.

Do steam gauges indicate the total pressure of the steam, or only a portion of that pressure? What is the pressure measured from?

46.

What is meant by the salting of the boiler? How is this prevented? What is the density of ordinary sea water? How is the density ascertained? What is the difference between the formation of scale and the salting of the boiler? What is the maximum density at which boilers should be worked at sea? In the event of condenser tubes leaking, what is the minimum density at which boilers should be worked? Give your reasons.

47.

Scum cocks and pipes; how are they arranged? Where are they placed? At what height in the boiler? When are they used? When must they be shut? Neglect of these cocks lead to what dangers.

48.

Scale; of what does it consist? Where is it most objectionable? How is it removed? How is its formation prevented? What evil effects are produced by it?

49.

What is a Salinometer? Of what does it consist? How does it act? How is it graduated? Can it be used at any temperature indiscriminately?

50.

What harm may be done through the check valve of one of a set of boilers being defective while under way? How would you work to avoid this harm?

51.

How is the leak from a split tube stopped in a boiler at sea? Describe the operation.

52.

What is the use of dampers? Where are they fitted? When should they be used?

53.

When there are no dampers fitted, what is used instead? What evil to the boiler is sometimes attributed to this? When the heating surfaces are clean, does this occur?

54.

Describe the piston of a steam cylinder, with its different rings and their uses. There are generally round pieces let in flush on one side of a piston; what are they? How are these pieces fixed?

55.

Cylinder drain cocks; what is their use? There is sometimes a valve upon each cock; what purpose does it serve?

56.

Cylinder escape valves; of what do they consist? How protected? How regulated? When are they most needed? To what danger do they expose the engineer? What precaution is sometimes used to obviate this danger?

57.

What is a compound engine? What different kinds are there for screw steamers, in respect to the number and arrangement of their cranks and cylinders? What is a triple expansion engine?

58.

What is link motion? What are some of its advantages? In modern engines for the screw propeller, when there is no link motion, what takes its place?

59.

What is a separate expansion valve? Why is it not fitted to all engines? What effect has an expansion valve upon the starting and upon the reversing of the engine?

60.

What arrangement is applied to reduce the friction of a slide valve? To what is the friction due?

61.

Describe a loose eccentric; how does it act? In what engines are the loose eccentrics still employed?

62.

What is the travel of the eccentric rod? How is it measured on the eccentric? What is the travel on the slide valve when the link motion is in mid gear, and the engine still moving?

63.

What are "double beat valves"? What objections are there to their use?

64.

What is a circulating pump? Is it always worked by the main engine? Give an example from your last steamer of the three water temperatures generally noted by careful engineers.

65.

An air valve is sometimes fitted to a circulating reciprocating pump; what purpose does it serve?

66.

What is the difference between a bucket air-pump, a piston air-pump, and a plunger air-pump?

67.

Whether are double-acting air-pumps made with plungers, with pistons, or with bucket? Circulating-pumps: describe their construction and action.

88.

What is an air-pump trunk? When is it necessary? How is it attached to the bucket? Centrifugal pumps: describe their construction and mode of working.

89.

What class of air-pump requires both foot and delivery valves, and in what other class can either of these valves be in some cases dispensed with?

90.

What are marine governors? What is their general construction? How do they act?

91.

With a surface condenser and a single acting air-pump, what is the effect of a leaky foot valve, and what is the effect of a leaky bucket when there is also a foot valve?

92.

Air-pump pet cock or valve; where is it placed? How does it act? What is its object? Does it in every case reduce the effective capacity of the pump? Is it equally applicable to double-acting pumps?

93.

At what temperature is the hot well worked? What is the effect of higher temperatures? What is the effect of lower temperatures? What limits the lowness of temperature? Has a very low temperature any disadvantages?

94.

Bilge injection with common condensers; what are the fittings required? When is it used? What precautions are necessary in using it?

95.

When surface condensers are used, what takes the place of the bilge injection? To what is the connection made? How is its valve formed? Why is this necessary?

96.

What are the practical guides to the proper amount of opening of the inlet valve for the circulating pump?

97.

Feed-pump pet-cock or valve: where is it placed? What is its use? How does it act? Is it always a necessary fitting?

98.

What are some of the ways of fastening the ends of surface condenser tubes? About what size and about what thickness are condenser tubes? What parts of a surface condenser are made of brass?

99.

What is a blow-through valve or cock? To what is it attached? There is sometimes a valve that when opened admits steam from the slide valve casing to the exhaust port: what is its use? To which cylinder is it fitted?

80.

What are snifting valves? Why are they generally omitted now?

81.

What connexions are generally fitted to the donkey pump and to what services can it be applied?

82.

When the engines are stopped with steam up, what are to be shut and what are to be opened?

83.

How is an engine heated up before starting? What precautionary examinations are made before starting?

84.

What is an interceptor or catch-water? Where is it fixed, what is its construction, how does it act, and what attention does it require?

85.

Describe an air-pump bucket, with its valve or valves and its packing. Of what are the valves generally made?

86.

Of what materials are air-pump rods made? Why so?

87.

What is the racing of the engine? When does it occur? What danger attaches to it? What is done to prevent it?

88.

When under way, when the air-pump bucket is at the top of its stroke, at what height is the water in the condenser?

89.

What is meant by the "pitch" of a screw propeller? How is it measured?

90.

Explain the difference between a "right hand" and a "left hand" propeller, and state how each of them revolves.

91.

What is the slip of a screw propeller? How is its amount expressed in figures?

92.

Which of the valves about engines and boilers have to be worked by hand, which of them work self-acting, and which are worked by the motion of the engine?

93.

Why is soda sometimes put into a boiler, and how is it put in when under way? What is the kind of soda used?

94.

Tallow cups for cylinders were sometimes made with two small cocks, or with only one small cock, or with one large hollow plug cock, or with one small cock and a valve: which of these is suitable for a high-pressure cylinder, and which for the cylinder of a condensing engine? Describe how the cup with only one small cock is used. What is now generally used instead of these? How has this change come about?

95.

Does a cylinder escape valve, self-acting, allow all the water to escape? If not, how much is left in the cylinder?

96.

What is a "Steam Lubricator" (sometimes called an Impermeator)? Explain its action? To what part of the engine is it connected? Whether will throwing cold water over it make it work faster or slower? Describe the one used in your last steamer?

97.

A common paddle wheel: of what is the centre made? Of what are the arms formed? What is the form of the bolts which attach the floats to the arms? How are the arms attached to the centres?

98.

Why have some paddle wheels one or more cast-iron floats in each wheel? With what engines are these most required? At what part of the circumference are they placed?

99.

Why are paddle wheel floats sometimes made of different breadths in the same wheel? With what description of engine is this most needed? Where are the broad floats placed and where are the narrow floats placed in the circumference of the wheel?

100.

What difference is there between a radial paddle wheel and one with feathering floats? What is the object of feathering floats? Are all the eccentric rods attached in the same way, and are they all of the same form?

101.

Whereabout is the centre of the eccentric of a paddle wheel with feathering floats placed? In that case are the feathering levers on the striking face or on the back of the float? When the paddle shaft has an outer bearing, how is the eccentric made?

102.

Of what materials are the working surfaces of a paddle wheel with feathering floats? How are they lubricated?

103.

What is a "Disconnecting Paddle Engine"? At what place is the disconnecting effected? How is it accomplished? In which of the cranks of a disconnecting engine are the crank pins fixed?

104.

Whether is link motion valve gear or the loose eccentric generally used for disconnecting paddle engines? For what steamers are disconnecting paddle engines frequently employed?

105.

What are expansion joints? Where are they necessary? What attention do they require? Of what should the working surfaces be made?

106.

What omission in the construction of expansion joints may lead to a serious accident when steam is first applied? How is this prevented in the construction of a steam trunnion pipe for an oscillating engine?

107.

Describe an oil cup with a syphon worsted? How is the worsted arranged? How is it cleaned? How far down the tube does it extend?

108.

Describe a thrust bearing; which of the surfaces wears? Why are there sometimes a number of oil tubes for one thrust bearing?

109.

What parts of a screw shaft are generally covered with brass? Why is this necessary? About what thickness is the brass?

110.

What is the stern tube or screw shaft pipe? Why is a pipe of such a length required? Of what is it made? How is it fixed at each end?

111.

What is a *lignum vite* bearing? How is the wood fitted? Where is such a bearing generally used?

112.

How is a screw propeller fixed on the shaft? What means are used to prevent its getting loose at sea?

113.

Where are sluice valves placed? What large sluice valve is there in almost all screw steamers? From what position should this valve be worked? Why so? What attention should it receive?

114.

With a condensing engine; what valves or cocks are on the skin of the ship in the engine-room and in the stokehole?

115.

What are the necessary fittings of a marine boiler?

116.

With a surface condensing engine, what cocks or valves are opened some time before the engine is started so as to be ready for starting whenever the order is given?

117.

What is a steam jacket? What cocks are on it? In what engines are jackets most generally used? Do they require to be felted?

118.

What parts of an engine or its fittings should be felted or otherwise protected from radiation?

119.

What are the small cylinders sometimes fitted on the slide valve casing cover of vertical engines? Explain their action. To what are they connected by a pipe? Why so?

120.

Name the principal pipes in connection with the engines and boilers of a steamer, and state to what the ends of these pipes are connected?

121.

Through what cocks or valves, pipes and chambers does the water pass on its way from the sea inlet rose plate to the water space of the boiler, with a jet condenser?

122.

Through what cocks or valves, pipe and chambers does the circulating water of a surface condenser pass?

123.

Through what cocks or valves, pipes and chambers does the steam pass from the boiler until it is in the form of water in the hot well?

124.

Name the pieces of the engine through which the pressure of the steam is transmitted from the piston to the screw propeller? Name them in the order in which they act?

125.

What is an air vessel? How does it act? At what parts of an engine or of its fittings are air vessels generally applied?

126.

What is the construction of a mudbox? Where should mudboxes be placed? Why are they necessary? How should the space be divided by the rose plate, and why?

127.

What is a trunk engine? Why has it fallen into disuse?

128.

What is an oscillating engine? For what steamers are oscillating engines generally adopted? Why? How is the steam conveyed to and from the slide valve casing?

129.

Of what parts does the valve motion gear of an oscillating engine consist.

130.

For what have geared engines sometimes been used? Of what were the cogs of the large wheel made?

131.

At what part of a screw steamer is the pressure that propels it applied to the hull?

132.

At what part of a paddle steamer is the pressure that propels it applied to the hull?

133.

About how much fuel per indicated horse-power per hour is required by modern steam engines, common, compound, and triple expansion?

134.

What is the explanation of the economy of the surface condenser?

135.

What is the construction of a surface condenser? Of what are its tubes made? How are they fixed? How are they kept tight? What is done with a split tube?

136.

Where do surface condensers foul? How are they cleaned?

137.

What non-conducting substances are employed to prevent radiation, and how are they applied?

138.

In the construction of smoke-box doors and of dry uptakes, what provision is made to lessen the amount of radiation?

139.

How can the formation of black smoke be prevented? Describe smoke-preventing apparatus?

140.

What is meant by "circulation" in a boiler, and what are the results of defective circulation?

141.

What means are sometimes adopted to improve the circulation in a boiler?

142.

By what arrangement is the circulation promoted in a "hay-stack" boiler?

143.

Describe a ship's side air-pump discharge valve; in what respects does it sometimes differ from a common stop valve, and what attention does it require?

144.

What is the construction of a feed escape valve, to what is its discharge connected, and how is its loading regulated? Where should the escaping water flow?

145.

When there is no feed escape valve, what is the arrangement of the feed valves or cocks?

146.

What is the measure of a horse-power? How is indicated horse-power ascertained?

147.

Has "nominal horse-power" a fixed meaning? What is the use of this expression? What is generally taken as the measure of one horse-power nominal?

148.

What is "back pressure" in a cylinder? About how much is it in each of the cylinders in your last steamer? Is excessive cushioning ever a trouble under certain conditions in modern engines? Say when and why and in which cylinder this occurs?

149.

What is meant by "speed of piston?" About how much is the speed of piston in modern marine engines?

150.

What is "atmospheric pressure?" What is its average amount? What instrument tells this amount?

151.

What is "gross pressure" or "absolute pressure?" What pressure is it—that is shown by the steam gauge?

152.

What is meant by "cutting off" steam? How is it done? What part of the valve regulates the cut off?

153.

What is a piston slide valve? Describe its construction? Why are such frequently employed in place of the common slide valve? What is a great drawback to the use of these valves?

154.

What fixes the time of closing the exhaust? After the exhaust is closed and before the port opens for steam, what becomes of the steam that is in the cylinder?

155.

What is the "lead" of the valve? What is its object? About what amount is it?

156.

What is the "cover" or "lap" of the valve? What is its object? About what proportion of the stroke of the valve is it made?

157.

What is the "exhaust cover" of a slide valve? What is its effect upon cushioning and upon exhaust?

158.

What is "minus cover" or "minus lap" on the exhaust? What is its effect upon the exhaust and upon cushioning?

159.

What is "cushioning" or "compression" in a steam cylinder? How is it affected by the amount of cover or of minus cover there may be upon the exhaust? How is it affected by the exhaust pressure?

160.

What is "mean effective pressure?" How is its amount ascertained?

161.

What is a dial vacuum gauge? What is its construction? For what is it used? About what amount should it show when the engine is working all right? What effect has the variations it indicates on the performance of the engine?

162.

Does the vacuum gauge enable you to tell what pressure there is in the condenser, or must you have recourse also to the barometer to arrive at that? How would you

ascertain the actual amount of back pressure there is in the condenser?

163.

What is a barometer? What is its construction? Is a barometer sometimes used instead of a vacuum gauge? In what respect does the weather barometer differ from the vacuum gauge barometer?

164.

The common vacuum gauge and the common steam gauge: in which of them are the graduations marked from atmospheric pressure? Does either of them tell what is the true actual pressure in the boiler or in the condenser?

165.

Do steam and vacuum gauges vary with the variations of the weather barometer? When the weather barometer varies from 29 to 31, how much will the vacuum gauge vary and how will that affect the working of the engine? Why?

166.

Vacuum is generally stated as so many inches. What is meant by, say, 20 inches vacuum? What does that tell us about the absolute pressure of the vapour then in the condenser?

167.

From what depth will a pump draw water? Is there any limit? Why?

168.

What is vacuum? Can vacuum move a piston? When the temperature of the water in the condenser is 212° , what is the greatest degree of vacuum there can then be in the condenser?

169.

What is a thermometer? its construction? What is the property of matter that is the principle of its construction? What temperatures are regularly noted by careful engineers?

170.

What is the temperature of (1) melting ice, (2) of boiling water, (3) of steam about 60 lbs. pressure by the steam gauge, (4) of steam about 100 lbs., and (5) of steam about 150 lbs., also (6) smoke in the funnel, and (7) of water in the hot well?

171.

What is meant by the "conduction" of heat? Give examples of it in the boiler and in the engine.

172.

What is meant by the "convection" of heat? Give examples of it in the boiler and in the engine.

173.

What is meant by "radiation" of heat? Give examples of it in the boiler and in the engine.

174.

Which is convection, which is radiation, and which is conduction in the following cases?—(1) Heat from the glowing fuel to the furnace crown. (2) Heat passing from one side of the furnace crown plate to the other. (3) Heat passing from the steam pipes in the engine room. (4) The heat of evaporation.

175.

What are the effective heating surfaces of a marine boiler?

176.

What parts of a marine engine are exposed to danger when the temperature is below freezing point?

177.

What precautions are necessary in cold climates when the temperature is below freezing point?

178.

State as many ways as you can by which a boiler might not get its full feed. A boiler, or one of a set of boilers, gets short of water although the feed valve is open its proper amount: to what causes might this be due?

179.

Of what are furnace bars generally made? About what thickness are they at the top? About what space is between them? Whether are the bars put further apart for Newcastle coal or for Welsh coal?

180.

Which burns faster—Newcastle coal or Welsh coal? Which is the flaming coal? Which makes most smoke?

181.

About how many tons of steam coal will be burnt per day in four furnaces, each 3' 9" wide, and of about the usual length? On what grounds do you say so?

182.

About how many tons of steam coal will be burnt per day with good triple expansion engines to drive an ordinary steamer of 40 feet beam 10 knots an hour by steam alone? On what grounds do you say so? What percentage more coal would be required to propel the same steamer one knot faster?

183.

About how many tons of steam coal will be burnt per day, with a good triple expansion engine, surface condensers the low pressure cylinder 60 inches diameter, doing average work? On what grounds do you say so?

184.

A pair of inverted cylinder direct acting engines, there is a liner half an inch thick between the ahead eccentric rod and the eccentric strap; in overhauling the engine this piece is lost and forgotten; what difference will its omission make in the working of the engine, on the admission, on the cut off, and on the exhaust of the steam? Which will take place earlier and which later, distinguishing between the up stroke and the down stroke?

185.

A pair of inverted cylinder direct acting engines driving a right-hand screw: on which of the crosshead guide bars is the pressure greatest in the up stroke, and on which in the down stroke?

186.

A screw propeller ■ getting loose, it has a little play on the shaft, sideways on the key or feather: how will this show in the engine-room.

187.

How would you prove whether the centre line of the trunnions of an oscillating cylinder be fair with the centre line of the main shaft?

188.

How can the fairness of a line of screw shafting be tested without lifting the shafts?

189.

Where are steel forgings generally used in marine engines?

190.

What is the composition of nickel-steel? Where is it sometimes used in engines and boilers?

191.

How is forced draught generated on board ship and supplied to boiler-furnaces? Is the air heated before delivery? If so, how?

192.

What is "induced" draught? Compare the merits of "forced" and of "induced" draughts?

193.

How is the intensity of the draught measured? What is the usual pressure employed in the mercantile marine?

194.

An explosive gas is liberated from bunker coal. Usually in well ventilated bunkers this gas escapes into the atmosphere without doing harm. In ill-ventilated bunkers the gas after mixing with a certain proportion of common air has been known to explode when a naked light has been brought in contact with it. What is the composition of the gas? Where is it found, in bunkers, 'tween decks, pockets,

and coal shoot? How near it be got rid of as soon as it evolves from the coal? How many cubic feet of air to one of the gas forms a violent explosive mixture?

195.

A lighted lamp or candle has sometimes been lowered into an apparently empty paraffin tank and produced an explosion resulting in injury to the person holding the light. What did the tank probably contain, and what produced the explosion?

196.

In vessels carrying coal-cargoes it has been observed that, generally speaking, the gas which escapes from the body of the coal is found more abundantly at the forward end of the hold than at the after end. Why should this be so?

197.

In recently opened ballast tanks, double-bottoms, and boilers, a light lowered into either has sometimes been extinguished. What would, in all probability, cause this?

198.

In double-bottom steamers where does the bilge water lie, and where are the roses of the bilge pipes fitted?

199.

What is the advantage of a large rose over a small one?

200.

Why, especially in vessels carrying cargoes liable to shift, should engine bilge suction be fitted to both wings of the bilge?

201.

In a heavily listed vessel, why is it difficult to keep steam?

202.

If the engine bilge pumps got choked and water accumulates in the stokehold bilges, what effect does the water have upon the bilge boards and stokehold plates, when the ship is rolling violently?

203.

In a triple-expansion engine, what spare gear do you consider necessary in the case of a foreign-going ship? Also, what stores would you provide for a voyage to New Zealand?

204.

What means are sometimes provided for temporarily coupling together the broken parts of, say, a tunnel-shaft? Describe the fitting?

205.

Does the pressure on the thrust-collar vary with the horsepower, or with the speed of the ship, or how?

206.

If the holding-down bolts of a thrust-bearing should become slack, what effect would it have upon the working of the engines?

207.

In an engine with three cranks, which of the three is subject to the greatest torsional stress (1) in going ahead, (2) in going astern?

208.

Is it usual to make the crank shaft of a triple or quadruple expansion engine in one piece? And is the diameter of the shaft uniform from end to end? Give your reasons for the practice which obtains?

209.

In a "built" crank shaft how are the webs rigidly secured to the pins and to the body of shaft?

210.

There are various descriptions of donkey engines in use on board ship for pumping purposes. Some pumps are fitted with escape-valves, some are not. Why should this be?

211.

Explain the function of an air-vessel fitted to a feed pump. Make rough hand sketches of (1) a satisfactory vessel, (2) an unsatisfactory vessel, where, say, the air-spring has been destroyed by carelessness, or has never been properly provided?

212.

Should cocks or escape-valves be fitted to air-vessels? Why, or why not?

213.

Where, by preference, should the escape valve of a feed pump be placed? Why?

214.

Scum cocks are sometimes fitted to boiler-shells at a height convenient for Engineers to manipulate when standing in the stokehold; the scum pipes in such cases are led upward, inside the boiler, to a little above the combustion chamber tops. What danger may arise from this arrangement?

215.

Cocks for testing the water level of boilers are sometimes fitted within reach of the engineer who is standing in the stokehold. These may have internal pipes leading upward and terminating at various levels. Under what circumstances may these become misleading?

216.

Why should the pipe which leads from the bottom of the water-gauge column to the bottom of the boiler-front, or back, be covered with non-conducting material? Why also should it never have lengthy horizontal bends?

217.

In your own experience, how frequently is this pipe removed and cleared?

218.

Why, even with the best of water-gauges, is it advisable to occasionally use the drain-cock?

219.

Steam loops have sometimes been inadvertently made in the length of piping leading from the top of the water-gauge column to the top of the boiler. Roughly sketch such a loop and explain the danger arising from its existence?

220.

Describe your method of thoroughly testing the water-gauge system to satisfy yourself that all the cocks and pipes are clear. Your answer can be written on a supplementary sheet of foolscap, which the examiner will hand you. Hand sketches, mere lines indicating pipes and circles indicating cocks, should be made. Identify the cocks and pipes by letters or numerals.

221.

Describe the construction of a water-tube boiler, mentioning the type selected?

222.

In a water-tube boiler, how is an economiser fitted, and what is its duty?

223.

How is the water-gauge fitted? Are glass-gauges used?

224.

The pressure of the steam in water-tube boilers is sometimes greater than at the engines. Why is this, and what percentage above the engine pressure does it amount to? How is this difference of pressure maintained?

225.

Describe any automatic method of feeding water-tube boilers. Of what material are the tubes made?

226.

Describe the construction of any steam turbine you are acquainted with, which is used on board ship. How is the expansion of steam effected? How many propeller shafts are employed, and how many propellers?

227.

Is the same power available to go astern as to go ahead?

228.

Of what material are the propellers made?

229.

How many pounds of coal per indicated horse-power per hour are burnt with this type of engine? Name the type of boiler in use?

280.

Describe one of the several classes of refrigerating machinery in use on board of ship. Several types exist, one being more economical than the rest. Which is it?

281.

Describe the defects to which the selected type is subject. How are the defects overcome?

282.

How frequently are the parts opened out for examination? Name the parts?

283.

How frequently are the condensers of refrigerating plants opened for examination? How frequently are the coils tested by hydraulic pressure? On which side of the coil is corrosion most commonly found? Why should this be so?

284.

Where ammonia is used in refrigerating machinery, should the machinery by preference be isolated? Why? In reply, give what information you possess bearing on the matter naming the ships for purposes of identification.

285.

Explain how the ammonia is removed from the tubes in which it is supplied, and how passed into the refrigerating machine?

286.

What objection is there to the presence of water in the ammonia?

287.

Describe the ammonia process of refrigeration.

288.

Of what material are the parts made which are in contact within the ammonia?

289.

Are escape-valves fitted to the compressors of ammonia machines?

290.

What is the maximum pressure found in the compressors of ammonia machines?

291.

What kind of pressure and other gauges are used in ammonia machines?

292.

Explain how carbonic acid is removed from the tubes in which it is supplied, and how passed into the refrigerating machine?

293.

What objection is there to the presence of water in the carbonic acid?

294.

Describe the carbonic acid process of refrigeration?

295.

Of what material are the parts made which are in contact with the carbonic acid?

296.

Are escape-valves fitted to the compressors of carbonic acid machines?

297.

What is the maximum pressure found in the compressors of carbonic acid machines?

298.

What kind of pressure and other gauges are used in carbonic acid machines?

299.

In which type of machine is brine used? What is its density? Where does it circulate?

300.

Are fans for circulating air used in any of these processes? If yes, why are they necessary?

301.

What means are in some cases employed for ascertaining the temperatures of refrigerating chambers without entering them?

252.
What effect may the swabbing of the compressor-piston rods have upon the working of refrigerating machinery?
253.
What is a rectifier? Explain its use?
254.
Describe the cold-air process of refrigeration?
255.
Of what material are the air suction and delivery valves made? How are the valves kept on their seats?
256.
How many compressors are there to a cold-air machine?
257.
What is the duty of the expansion cylinder of a cold-air machine?
258.
What objection is there to the presence of moisture in the air passed through the cold-air machine?
259.
How is water to some extent removed from the air? What is the minimum temperature of the air?
260.
What is the maximum pressure found in the compressors of cold-air machines?
261.
What kind of pressure and other gauges are used in cold-air machines?
262.
In refrigerating engines generally, to where is the exhaust steam led?
263.
Cold-air chambers on board ship are insulated. How insulated, and why?
264.
Is it prudent to allow the wires of an electric circuit to pass through the insulation? Explain fully.
265.
Describe the construction of a feed water-heater and give the name of its manufacturer.
266.
Describe any well-known ash-ejector.
267.
Describe any well-known independent feed pumps.
268.
Are independent feed pumps automatic in their action? Explain the action.
269.
What advantage, if any, have independent feed pumps over feed pumps worked by the main engines?
270.
To about what temperature is the feed water raised by passing through a feed-heater?
271.
What fittings are usually placed on a feed-heater? Why are they necessary?
272.
Describe the construction of a feed filter, enumerating its valves and cocks.
273.
How can the filter be cleaned? and what ingredients are generally removed when cleaning takes place?
274.
What is the intercepting material made of? How is it fitted?
275.
Describe an evaporator, and mention the type?
276.
What fittings are necessary with evaporators?

277.

How is the brine got rid of?

278.

How may the coils be cleaned?

279.

What is a dynamo? Describe its various parts? For what is it used?

280.

In what respect does an electric motor differ from a dynamo? Where are electric motors sometimes used on board ship?

281.

Describe a system of electric lighting employed on board ship?

282.

How is the position of a fault in the circuit discovered?

283.

What is "sparking," and may it under some circumstances (naming them) be a danger?

284.

What is "short-circuiting," and to what evil may it give rise?

285.

What means are employed to prevent any part of the circuit becoming overheated?

286.

Describe the features of an arc lamp.

287.

Describe the construction of a glow-lamp.

288.

What is the usual candle-power of the small glow-lamps in general use on board ship?

289.

Define the following terms:—Ampère, volt, ohm, watt. What is the measure of an electrical horse-power?

290.

Explain the uses of switches, brushes, commutators, outouts, field-magnets, armatures and resistance-coils.

291.

Why is it desirable to fit a dynamo in a cool place on board ship?

292.

What undesirable effect will ultimately occur to an electric wire, whose sectional area is constantly diminishing, say, through corrosion?

293.

What danger might arise from leading electric wire through coal bunkers?

294.

Is it better to lead electric wires, above or below side-scuttles? Why?

295.

What instruments are used on board ship to ascertain the strength of an electric current?

296.

Many ocean going steamers are fitted with hydraulic cranes &c. From where do they obtain their power? How is the hydraulic pressure kept at a relatively constant amount?

297.

Is any difficulty experienced in working hydraulic cranes in frosty weather? If so, why?

298.

Describe any steam steering gear you are acquainted with?

299.

When the helm is put hard over and the ship is going full speed ahead, what prevents the rudder returning to the amidship position?

300.

In the case of a steamship under way, does the officer, or man manipulating the steam steering wheel, overcome any resistance exerted by the rudder?

301.

Explain clearly what is being done by a helmsman manipulating the wheel of a steam steering engine?

302.

Is there any difference between the amount of horse-power required to put a helm hard over, in a given time, when the vessel is going full speed ahead, and when she is going full speed astern? This question refers to a case of a steamer fitted with one rudder only, and demands a more complete answer than merely "yes" or "no."

303.

What precautions should be taken before removing a manhole-door from a steam-boiler and why are these precautions necessary? In the absence of such precautions what casualties might occur?

304.

Describe the chief features of the engine-governor fitted to a steamer you have served in. Describe its action. Give the maker's name and name of ship.

NOTE.—The following six questions refer to oil-motors, fitted to launches which carry passengers:—

305.

Name the principal parts of an oil motor, and briefly state their functions. Give the name of the makers of the motor.

306.

What kind of oil is usually employed in oil motors? What is its flashpoint? What its specific gravity? What its calorific power? What precautions are taken in its storage to guard the public against casualty by fire or explosion?

307.

How many cylinders are generally used in oil motors? What kind of pistons are fitted? How frequently (measured in revolutions) is explosion per cylinder effected? How is explosion in the cylinder carried out?

308.

Describe how an oil motor is started. If starting prove difficult, where would you chiefly look for defects? How is piston speed modified? How is the speed of vessel varied? How is reversing effected?

309.

Before examining an oil motor with a naked light, what steps should be taken for safety's sake?

310.

How frequently should an oil motor, working 12 hours a day, be opened up for examination, cleaned and its parts readjusted? What difficulty arises when the internal parts become foul with carbonized oil?

NOTE.—Questions isolated from their context should be read in the light of the context. Thus the "sparking" referred to in question 253 relates to the sparking in an electric lighting circuit on board ship. See question 281.

APPENDIX C.

EXAMINATION in ROUGH WORKING DRAWING for a FIRST CLASS ENGINEER'S CERTIFICATE of COMPETENCY. (FORM EXN. 17).

1. The regulations in regard to the qualifications of a candidate for a first class engineer's certificate of competency specify that—

"He must be able to make rough working drawings of the different parts of the engines and boilers.

"He must be able to state the general proportions borne by the principal parts of the machinery to each other."

2. In accordance with these clauses, a candidate for a first-class certificate is required to make a rough working drawing of the parts specified as on page 34. An engineer who has been some years in charge of marine engines and boilers ought to have familiarly in his mind the general construction of at least one set of engines and boilers, say that set he was last with. Fine drawing is not expected, and in the proportions of the parts a wide margin will be allowed; absurd dimensions will be failure in practical knowledge.

3. The drawing must, however, be practically a working drawing, giving a sufficient number of views to show the parts fully—sections, plans, or elevations, just as the candidate would require to be supplied to him if he had to make the parts to the design of another person.

4. A clear hand sketch showing the construction completely and fully dimensioned will be accepted if the candidate prefers this alternative.

5. A portion only of the parts specified may be accepted in place of the whole, if that portion is sufficient to show that the candidate has a good practical idea of the construction of the parts, and a fair notion of their general proportions or dimensions.

6. Candidates are hereby cautioned not to put on paper what they have not fully considered, and deliberately intend to be understood, as their statement of what they know about the construction of any part required.

7. The statements given in by a candidate may be in themselves, apparently, of little importance, but as sample material from which the state of the candidate's knowledge of engines and boilers is to be inferred, every detail which is glaringly inconsistent with a sound knowledge of the use of the part, or in which an essential consideration has evidently been overlooked, is an important element in the description which the candidate is giving of his own qualifications.

8. The candidate is advised not to begin more than he can clearly finish in the time allowed. An important object in this part of the examination is to ascertain whether the candidate can be trusted to mark all necessary dimensions upon a sketch or a drawing. The test of this is, practically, the making of the part from the sketch without having to supply additional dimensions, and without measuring the drawing. To prove this ability the candidate must fully dimension the parts shown in his sketch or drawing, notwithstanding that the parts may be correctly drawn to scale. A drawing is fully dimensioned when no part of it is left to the option of the party who is to work to the drawing.

9. To prevent misunderstanding, however, when the candidate has been led into showing more of the details than he has time fully to finish, he should name, in the statement on the other side, the particular parts which he has fully dimensioned.

10. All dimensions should have lines and darts, to indicate distinctly the points between which the dimensions are given.

11. Beware of writing cross dimensions upon centre lines, or upon longitudinal dimension lines. This is not an order but a recommendation.

12. The candidate is not expected to design anything; he has merely to sketch or draw something with which he is expected to be already familiar. At the same time he should call attention to any defect in the design of the article or apparatus. Omission to do so will imply want of practical knowledge.

13. Pencil in nothing after half-past 3; all the dimensions, the figures, and the darts must be inked in; employ the remaining time in examining the drawing and in inking in any figures which may have been before overlooked, and in checking the dimensions.

14. Make sure that you will have sufficient room on the drawing sheet to show all the necessary views. You can

have another sheet of drawing paper if necessary. All the paper used must be forwarded with the drawing.

SUBJECT FOR EXAMINATION IN ROUGH WORKING DRAWING
(FORM EXN. 17A).

(Specimen).

Read the foregoing general instructions.

A common slide valve with its spindle. Show also an outline section of the ports at the cylinder face. Show the provision for connecting the slide valve to the spindle.

The candidate is requested to fill up the following, and to attach this paper to his drawing :—

STATEMENT BY THE CANDIDATE.

The accompanying drawing, made by me this day, without referring to any document, and without the assistance of any person, is intended by me to be sufficient for the new construction of the parts above described to fit the places of similar parts which are to be removed. The construction is similar to what I have been with in the _____ steamer _____, but the dimensions may be different.*

The diameter of the cylinder is _____

The stroke of the piston is _____

The stroke of the valve is _____

The cover at top end on steam side is _____

The cover at bottom end on steam side is _____

The lead at top is intended to be _____

The lead at bottom is intended to be _____

The inside cover is + _____

The thickness of the face of valve is _____

The thickness of the body of valve is _____

The greatest opening for steam will be _____

That gives an area equal to one _____

The opening for exhaust when the crank is on the top centre is _____

That gives an area equal to _____ th of piston.

The length of the connecting rod is _____

The valve will cut off steam on the down stroke at _____

The valve will cut off steam on the up stroke at _____

The parts fully dimensioned, in ink, are _____

The Candidate may omit this part if he chooses.

Dated at _____

this _____ day of _____ 19 _____

Applicant.

APPENDIX D.

READING THE WATER-GAUGES.

NOTWITHSTANDING that the reading of the water-gauge is made a special feature in the examination of engineers, many boiler casualties result from the engineer of the watch either not understanding the construction of the water-gauge fittings or not satisfying himself by actual trial that the cocks, pipes, &c., are clear.

In one case, two furnace crowns came down in a steamer that was just starting on a voyage. The engineers were satisfied that there was plenty of water in the boiler because the water-gauge showed full glass, and they called the attention of a Board of Trade Surveyor to this fact as being conclusive evidence that the casualty could not have resulted from shortness of water. On examination of the fittings, however, it was found that the cock between the boiler and the steam pipe leading to the gauge was shut, having been carelessly left in that position on the previous day when the mountings were overhauled for survey. Directly the cock was opened the water disappeared from the gauge-glass, and the second engineer admitted that he had blown down the boiler in order to lower the water level, as the glass was full.

* Run the pen through the words that do not apply.

Many steamers have had their furnaces brought down at sea in a similar manner to the above through what the engineers of the watch have called "false water in the glass," and which on examination has been found to result from the top communication being checked.

These casualties resulted from what, to say the least, was bad management, not false water.

Unless a candidate under examination is able to prove that he understands how to verify the indications of the water-gauge, he should not be passed in practical knowledge, and, as failure in practical knowledge involves the candidate going to sea for another three months before being eligible for re-examination, the examiner should explain to such candidate his error, after failing him, in order to prevent further casualties resulting from his want of knowledge on this subject.

The sketches, Figures 1, 2, 3, 4, and 5, Plate I, represent the usual methods of attaching water-gauge mountings to marine boilers. The important features in each gauge and the method of verifying its indications are dealt with separately in the following remarks:—

Plate I.

REFERRING TO FIGURE 1 ONLY.

In this case the water gauge cocks are attached direct to the boiler, and the accuracy of the gauge when the boiler is under steam can be tested as follows :—

First.—Let B remain open, then close cock D and open cock E, and if steam issues it proves that cock B and the passage through the top fitting and gauge glass are clear. If no steam or water issues, either cock B or the passage through the top fitting and gauge glass is choked and the gauge cannot act properly until the obstruction is removed.

Second.—Close cock B and open D and E, and if water issues, cock D is clear. If no water or steam issues, either cock D or the passage from the boiler through the lower fitting is choked and must be cleared before the gauge can act properly.

REFERRING TO FIGURE 2 ONLY.

In this case the gauge cocks are attached to a bent pipe of comparatively large diameter (at least 3 inches in the bore), the upper end of which communicates with the steam space, and the lower end with the water space of the boiler. Owing to the bore of the pipe being large it is not liable to become choked or stopped under the ordinary conditions of working. The water-gauge is, therefore, in practically the same condition as if it were attached direct to the boiler, as in Figure 1. This gauge, when at work, is tested in precisely the same manner as the one shown in figure 1.

Screw plugs are inserted at PP and QQ, by the removal of which the apertures in the pipe can be cleared, if necessary, by the insertion of a wire or rod when steam is down.

REFERRING TO FIGURE 3 ONLY.

In this gauge there is an open communication from A to O through the column Y, and in order to "blow through the glass" it is only necessary to shut cocks D and B alternately, keeping E open. But to "blow through the water-gauge," including the pipes H and I, it is necessary, after blowing through the glass as described above, to shut A and C alternately, at the same time keeping B, D and E open for such time as will ensure the complete discharge of the contents of the gauge and its connections. When B, D and O are clear and A choked, the steam lodging in the glass and in the pipe I leading from column Y to A becomes condensed, and the water flowing through C to take its place rises in column Y and in the glass to a level above that of the water in the boiler. In other words, the gauge shows a false level. If now E be opened and water is blown out, then on E being again closed the water in the gauge will rise higher than before and be still further misleading. On the other hand, when B, D and A are clear and O choked, the water, if any, in the glass is trapped and no longer rises and falls with the water in the boiler or with the motion of the vessel; it, however, slowly rises in the glass owing to the condensation of the steam in the upper part of the gauge until such time as E is opened when the whole of the water in the glass is blown out, and on E being closed the glass does not show any water notwithstanding that the water in the boiler may be at the proper level. When the test cocks T T T are attached to column Y, as shown in Figure 3, they cease to be reliable when either cock A or O or the pipe in connection therewith is choked, or nearly choked.

REFERRING TO FIGURE 4 ONLY.

Sometimes the water-gauge fittings are arranged as shown in Figures 4 and 5, with no passage up the column, the central portion (N) of the column being simply a pillar or connecting piece of any convenient section between the upper and lower portions to which the cocks B and D are attached.

By this arrangement double communications are obviated and there is no need for what is known as "double shut off" in testing the accuracy of the gauge. When, however, the gauges are constructed in this manner the cocks B and D are unreliable as test cocks in the event of there being no glass in the gauge. This feature should be carefully noted. Moreover, when in working condition the reduction of pressure in the glass which arises when E is opened causes the water in pipe H to rise above its normal level. This objectionable feature should also be noted.

REFERRING TO FIGURE 5 ONLY.

Sometimes there is a bend, L, in the steam pipe I leading from cock A to cock B. This has occasionally escaped observation when new boilers have been fitted on board ship. In most cases this bend arises from the pipe being led in an abnormal direction to escape other pipes, beams or fittings near the smoke box. With such a bend the condensed steam collects in the pipe and falls to the bottom of the bend, and in time it completely fills the pipe from J to K. The steam from K down to the level of the water in the glass is thereby trapped and, as condensation proceeds, leads to a reduction of pressure in the pipe below that of the boiler and an equivalent rise of the water in the bend and also in the gauge-glass. When the vessel is quiet the water in the gauge-glass increases in height until cock E is opened or until the pressure in the boiler is so much in excess of that in the lower part of pipe I as to cause the water in the bend to be blown into the gauge-glass. In either case instantaneous change of water level ensues.

In the ordinary course of working the phenomenon described above is more or less modified by the presence of air in the upper part of the gauge and by the rise and fall of the water in the boiler and gauge-glass arising from the rolling or pitching motions of the vessel.

OTHER SPECIAL POINTS TO BE NOTED.

When the cocks A and C are omitted, as in Figure 2, it is owing to the bore of the stand pipe being sufficiently large to enable it to be regarded as part of the boiler. Such pipes require, however, to be examined and cleared at intervals by passing a rod through the holes provided for the purpose at PP and QQ.

Cocks at A and C are not necessary for the testing of gauges arranged as shown in Figures 4 and 5. Examiners ought, however, to make sure that candidates are aware of the impossibility of testing the reliability of the indications of water-gauges arranged as in Figure 3 when the cocks A and C are absent and of the effect which the choking of cock A or C, or pipe H or I has on the indications of the test cocks T T T attached to column Y.

Probably more than half the steamers afloat are fitted with water-gauges as shown in Figures 3 and 4, and it is therefore specially important that engineer candidates should thoroughly understand their construction, the principle on which they act, and the steps which must be taken to keep them in an efficient condition.

When fitting a gauge-glass into its place it is specially important that it should not be placed so high as to prevent a clearing rod being inserted at G, figures 1, 2, 3, 4 and 5. This defect, especially if it occurs in a water-gauge attached to a boiler subject to priming, permits a rapid accumulation of scum around the top of the glass and results in the choking of the orifice leading from cock B to the gauge-glass in each of the figures.

When a gauge-glass is too short or is placed either too high or too low in the fittings, it is also liable to become choked by the packing material being forced over its ends by the glands whilst being screwed up.

The use of unsuitable or insecure internal pipes in connection with either the ordinary gauge-glass cocks of the description shown in Figure 1, or with test cocks which are joined to the boiler itself, should also be carefully guarded against.

Boiler casualties have resulted from the cocks B and D having the parts wrongly placed as shown in Figure 6, Plate II. In one case of that kind which forms the subject of Report No. 208 under the Boiler Explosions Acts, the engineer in testing the water-gauge omitted to see that the passages in the cocks B and D were clear when the handles were in their proper working position. This defect could easily have been discovered if proper attention had been paid to the condition of the cocks. A defect of this nature may be due to faulty construction originally, or to the handle of the cock having been overstrained, and the neck twisted. Whether the passages in the plugs are fair and clear can, however, be verified in a few minutes. As an illustration, the water cock D, Figure 6, Plate II, can be verified by blowing through E with B shut and then moving the handle of D to one side until it is just closed, and then to the other side until it is again just closed; the proper working position of the handle is about equally distant from each of the above positions. The other cocks can be verified in the same manner.

Another serious casualty occurred through the handle of the cock A, Figure 3 having been twisted from its original position relatively to the orifice of the cock, resulting in the cock being shut when apparently open.

When a water-gauge, that is, clear in all its parts, has been thoroughly blown through, the water in the glass rises above the level at which it formerly stood, immediately the drain cock E is closed, but if left undisturbed for a time it gradually falls to its former position. The amount of rise which occurs on these occasions depends chiefly on the temperature of the contents of the boiler and on the length of the pipes by which column Y is connected top and bottom to the boiler, but in cases where the gauge is of the description illustrated in Figures 3, 4 and 5, it amounts in high pressure boilers to about 4 inches, while the time occupied by the water in returning to its former level ranges from 30 to 40 minutes. The cause of this rise is twofold, namely (a) the displacement of the comparatively cold water in pipe II by hotter and proportionately lighter water from the boiler, and (b) a slight condensation of the steam and a corresponding fractional reduction of pressure in pipe I. The cause of the gradual subsidence of the water in the glass to its former level is also of a dual character, namely (a) the cooling of the water in pipe II, and (b) the diminution in the condensation of steam in pipe I owing to the collection therein of air released from the steam condensed.

These results will, however, be somewhat modified if the water in the boiler is of higher density than in pipe II, and this will nearly always be the case owing to the condensation of the steam in the glass and upper fittings of the water-gauge, causing the water in the lower part to be fresher than that in the boiler.

The examiner should impress upon candidates the necessity for periodically blowing through the water-gauge on each boiler (no matter what the form may be) in a systematic and thorough manner, and, in cases where a boiler is fitted with two water-gauges, of keeping both in constant use; finally, he should further impress upon them the necessity for keeping the water-gauges well lighted, clean, and in all respects efficient.

APPENDIX E.

EXAMINATION OF MASTERS AND MATES IN STEAM.

These examinations are provided for the purpose of giving Masters and Mates who are possessed of Certificates of Competency an opportunity of undergoing a voluntary examination as to their practical knowledge of the use and working of the steam engine. The examiners are appointed by Government.

The examination is open to any person who holds a Certificate of any grade in the Foreign or Home trade or as Master of his own pleasure yacht. Candidates should fill up the form of application, Form Exn. 2, at the Port Office, pay the fee of Rs. 15, and deposit their Certificates with the Port Officer, who will inform the applicant when and where to attend to be examined. If the candidate fails to pass his Certificate will be at once returned to him.

If he passes, the report (Exn. 15) will be sent to the Port Officer, and the Certificate, together with the Form Exn. 2, will be sent to the Government; the words "Certified to have passed in steam," with the date and place of examination, will then be entered on the Certificate and its counter-

of the Mercantile Marine Office of the port named in the Form Exn. 2, and be delivered to the candidate in the usual manner.

If a candidate fails he may not present himself for re-examination until the expiration of three months from the date of failure.

The examination is for the most part *ad hoc*, and extends to a general knowledge of the practical use and working of the steam engine, and of the various valves, fittings, and pieces of machinery connected with it; and of the way in which electric lighting is carried out on board ship. Theoretical questions on calculations of horse-power or areas of cylinders and valves or any of the more difficult questions relating to steam engines and boilers will not be asked.

Examiners are to satisfy themselves that the candidates know the names and understand the uses of the various parts of engines and boilers, and their connecting pipes, valves, cocks, &c. Practical knowledge, as distinguished from theories and abstruse calculations, is to be the test of the candidate's fitness to have his Certificate endorsed.

The examiner should arrange to conduct part of the examination in the engine room of a steamship, unless from circumstances he finds it impossible to do so; but in the event of the candidate passing, the examiner should state in writing what circumstances prevented a visit to an engine room. If an opportunity offer, the candidate should be permitted, under the guidance of the examiner, to start and stop the engine of some vessel which may have her steam up.

The examiner, in sending in his report of the examination, should state where the examination has been held.

Candidates will be required to give written answers to sixteen out of twenty questions taken from the Elementary Questions printed in Appendix B. These questions will be altered from time to time without notice. The twenty questions are not to be difficult, theoretical, or book question, but are to be such as any man of ordinary capacity, who has any practical knowledge of the use and working of the steam engine, ought to answer.

If a candidate refers to any book or paper or memorandum, or obtains information from another candidate during the examination, he will be treated as having failed, will forfeit his fee, and will not be allowed to be re-examined for a period of three months.

The examiners will report in the case of failure, the nature of the question or questions that decided the failure, or the point in the management of the engine in which the candidate was deficient.

There is nothing in the regulations requiring that applicants for the voluntary examination shall have served on board steamships; all that is required is that they shall have a practical knowledge of the use and working of the steam-engine. Examiners will not fail to appreciate the fact that practical knowledge is best gained in the engine room; and the examination of an officer who does not produce official evidence of service in steamships, and of experience of engines, must necessarily be more searching than in the case of one who produces evidence of such service and experience.

Examiners will require all candidates to fill up a Form Exn. 15 (b), and they will forward it to the Port Officer with the report of the examination.

Masters and Mates may cancel questions A, B, and C, but they should fill up the form for questions D, E, F, and G, as evidence of their practical knowledge.

A candidate for this examination is required to have a thorough grasp of the construction of the steam-engine and boiler, to enable him, in the first place, to understand the nature and importance of any defect which may be reported to him by the Chief Engineer, and so that he may work in harmony with him in affording time and facilities for disconnections, inspections, adjustments, and repairs.

To have a looking-on knowledge of what the principal repairs are about engines and boilers and pipes, and how these repairs are accomplished.

To be able to form an independent opinion as to a breakdown, and the consequent propriety or impropriety of proceeding under steam with temporarily repaired or defective machinery.

To understand how to estimate approximately the reduction of fuel required for reduced speed, and consequently to sanction such reduction of speed ■ may seem to him to be warranted by the report of the Chief Engineer, and to satisfy himself before leaving port that there is sufficient coal for the voyage.

To have an intelligent grasp of the general run of pipes and connexions in the engine-room, the marking of cocks, the opening and closing of cocks and valves, how mistakes of importance may be made in the confusion of an accident and how best to guard against such mistakes.

To be capable of being left in charge of the feeding of a set of boilers, to understand the working of the water-gauge, and to be able to guard against being misled by false indications of the gauge glass.

To understand about blowing down and surfacing, the reasons for doing so, and the danger which may result from the neglect of these under certain circumstances.

A master or mate presenting himself for examination in steam must be understood to have made up for his want of practical experience by reading up about the steam-engine. He ought, therefore, to show that he has given his mind to intelligently understanding the *rationale* of the action of the steam-engine. Under this head he should, therefore, be able to state approximately the quantity of heat required in the formation of steam, the remarkable relation of "latent" heat to "sensible" heat, how much steam can be raised by the combustion of one pound of coal, what horse-power measure is, what indicated horse-power is, what is the action of the slide-valve, the course of the steam through the engine, and the advantage of working expansively, and how the expansive action is shown by the indicator diagram. To know the uses of the various parts of the engines and dynamos used for electric lighting, and how they and the cables are fitted in the hull; how wires are jointed, insulated, and cased; why it is desirable that they should be led along places which are dry and accessible; what is "sparking," and what are the causes which produce it; what is its danger in coal bunkers and petroleum-carrying steamers; what are the uses of switches and cut-outs, and why is it so important to prevent short-circuiting taking place.

The candidate has to answer in writing 16 out of 20 questions selected from the Elementary Questions (*see Appendix B*).

Selections for this examination are given on the alphabetic sheet for "Steam." Generally, these answers are given by candidates as learned by rote from a book; the candidate should therefore be asked such *et cetera* questions as will necessitate his giving his answers in different words, so as to discover whether he has the root of the matter in him.

The principal part of the *et cetera* is the examination on board a steamer, preferably one with which he is unacquainted. He is told to look about and try to find out the run of the machinery without the assistance of anyone: the examiner to be in the engine-room to see that this independent examination is properly carried out. When the candidate reports that he thinks he knows the whole arrangement of the machinery, the Examiner will then question him on the uses of the parts, get him to point out the different cylinders, pumps, valves, condenser, &c.; also the dynamo, its field-magnets, armature, commutators, brushes, cables, &c. He must show that he understands the run of the pipes in the bilges, not necessarily that he has gone over every one of them, but he ought to be directed to trace, at least, one important range of pipes and to thoroughly satisfy the examiner that he could be safely trusted to manipulate the

valves or cocks in connexion therewith. It will not often be practicable for the candidate to be asked to actually work engines under steam, but he must satisfy the examiner that he knows how to do so, and that he is aware what precautions have to be taken in regard to water in the cylinder, &c. It is most important that a candidate should show that, in the event of an accident depriving him of the assistance of engineers, he knows what to do to safely take his vessel to an anchorage, or to stop the engines and proceed under sail alone.

The examination of a mate in steam is the same as that of a master. The knowledge required has no reference to the mate's position. A mate may be examined, but such examination implies that the mate will one day be a master, when the possession of the knowledge will be an advantage to him in the discharge of his duties as master.

CALCUTTA UNIVERSITY NOTICE.

In January 1902, Babu Jogendra Chandra Ghosh, Member of the Senate, offered to place at the disposal of the Calcutta University Government Securities of the nominal value of Rs. 10,000 of the Loan of 1865 for the encouragement of the study of Comparative Indian Law by persons belonging to what is called the Adhyapak class in Bengal, and for the purpose of establishing out of the annual income of the fund of a prize to be awarded to the writer of the best essay on the subject under the following conditions:—

(i) By Comparative Indian Law shall be meant the Hindu Smriti Sastra, called Vyākhyāṭkāṇḍa and a comparison of the standard Sanskrit authorities on the subject with British Indian Law as contained in Parliamentary Statutes, Regulations and Acts of the Indian Legislative Councils, and the Law as laid down in Leading Cases. The study, which it shall be the object of the Prize to encourage is the History of the Hindu Smriti Sastra as it existed at and from the time when India came under British rule and how and to what extent it has been altered under British influence, regard being had not only to the existing Statutes, Regulations and Acts, but also to those which, having been in operation for a time, have now been repealed or become obsolete, and regard being also had not only to the existing Leading Cases but to cases which were considered Leading at one time, but have now been overruled, and how and to what extent such alteration has affected Hindu Society.

(ii) The essay, at the discretion of a Committee consisting of the Vice-Chancellor for the time being of the University, the President of the Faculty of Law and the Principal of the Government Sanskrit College in Calcutta, may deal with the whole of the Indian Comparative Law as before defined or with part or parts thereof; but in no case shall an essay be entitled to competition which in any way attacks the religious beliefs, usages or institutions of His Majesty's subjects. And it shall be in the province and discretion of the said Committee to (a) make a detailed programme of studies for the proposed prize, (b) name the subject of the essay for any one particular year, and (c) decide whether such prize shall be awarded every year or at longer intervals.

(iii) By Adhyapak shall be meant scholars of the Smriti Sastra, students of Smriti in the Government Sanskrit College in Calcutta, and in the sole or indigenous Brahmanical schools which send in candidates for the Title Examinations held in that College and students in other similar institutions in India.

(iv) The essay or essays shall be written either in English or in Bengali; but if any competitor sends in an essay in any vernacular language other than Bengali he shall be bound to furnish an English translation thereof.

(v) The adjudicators for the Prize shall be the Vice-Chancellor of the University, the Chief Justice of Bengal, the President of the Faculty of Law and the Principal of the Sanskrit College in Calcutta. They shall be entitled to consult experts of their own selection to assist them to (a) decide whether the essay or essays in competition is or are of sufficient merit to deserve the prize, (b) award such prize, (c) decide about the number of manuscript copies of such essay to be sent in by the successful competitor, and (d) consider the ways and means for the publication of any essay or essays.

(vi) The Prize shall be called the "Research Prize in Comparative Indian Law."

The offer was thankfully accepted by the Syndicate at their meeting held on the 8th February, 1902.

The first prize will be awarded in January 1906.

The value of the prize will be Rs. 1,000.

The subject for the year 1906 will be—

Discuss the theory of adoption as expounded by the Hindu Smriti Sastras, and compare the Law regarding the adoption of an only son therein contained with the decision of the Privy Council and of the different High Courts and other Courts in British India on that subject.

Candidates are required to send their essays to the Registrar, Calcutta University, on or before the 1st day of July, 1905.

SESSION 1905-1906.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905.

Candidates must furnish proof that they have passed one of the following tests:—

- (1) The B.A. Examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
- (2) The F.A. Examination of the Calcutta and Madras Universities.
- (3) The Intermediate Examination of Allahabad and Punjab Universities.
- (4) The Intermediate Examination for the degree of B.A. of Bombay University.
- (5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

APPRENTICE DEPARTMENT.**

SESSION 1905-1906.

CANDIDATES for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 8th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905. Candidates must furnish proof that they have passed one of the following tests:—

- (1) Standard VII or Middle School Examination of the Code of European Schools.
- (2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are forty-five vacancies for natives and nine for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There is one vacancy on the free list for Christian Apprentices in June next and there are three on the reduced fee list. For natives there are five vacancies on the reduced fee list, and six more will become vacant during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than 8th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application.

CALCUTTA,

The 28th March 1905.

A. FIDLER,

Director of Public Instruction, Bengal.

**INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF
VISITING COMMITTEES OF SECONDARY SCHOOLS MAINTAINED
FROM PUBLIC FUNDS. (APPROVED IN GOVERNMENT ORDER
No. 1812(Edn.), DATED 31st MARCH 1905.)**

[These rules are supplementary to the rules for the management of schools, which are already
in force.]

1. For every secondary school managed by Government or by a District Board, Municipal Committee or Joint-Committee there should be a Visiting Committee, consisting of local residents adequately representing the classes from which the students are drawn.
2. For Government schools, except collegiate schools, the members of the Visiting Committee should be appointed by the District Officer in consultation with the Inspector of Schools. For collegiate schools they should be appointed by the Director of Public Instruction on the nomination of the Principals of the attached colleges, who should consult suitable local authorities before sending in their selections.
3. For schools managed by District Boards, Municipal Committees or Joint-Committees, the members should be appointed from among the members of the District and Local Boards, Municipal Committees or Joint-Committees, as the case may be, by the Chairmen concerned. Other gentlemen interested in education may also be appointed members.
4. The term of office of members of Visiting Committees should be for a period of three years from the date of their appointment. Any member should be eligible for reappointment at the end of that period at the discretion of the appointing authority. Members who have not fulfilled the duties for which they were appointed should not be reappointed on the expiry of the three years' term of office. A member should be appointed whenever a vacancy occurs.
5. Visiting Committees shall have no power to issue any orders to the Head Masters of schools, their functions being confined to the offering of advice for the consideration of the school authorities and the officers of the Education Department.
6. The Visiting Committee of a school should inspect the institution at least once a quarter. Visits should not, however, be paid to the school during school-hours more often than once a month. Due notice of visit should ordinarily be given to the Head Master, but surprise visits may be made when necessary. The number of members visiting a school on any occasion should not be more than two.
7. The Visiting Committee should either record their opinion in the Visitors' Book of the school for the information of the Inspector or the Deputy Inspector of Schools, or the Principal of the College, as the case may be, or may communicate their suggestions in writing direct. A copy of the remarks should also be forwarded in the case of schools managed by District Boards, Municipal Committees or Joint-Committees to the Chairmen concerned within three days of the inspection.
8. The members of every Visiting Committee should elect from amongst themselves a Chairman and a Secretary, and submit their names to the District Officer, the Director of Public Instruction or the Chairman of the District Board, Municipal Committee or Joint-Committee, as the case may be, for approval.
9. A meeting of a Visiting Committee should be called by the Secretary when considered necessary, or at the requisition of any two members of the Committee, for the general discussion of matters relating to the school. Not less than seven days' notice should be given of any meeting.
10. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.
11. The maximum number of members of a Visiting Committee should be ten and the minimum six, and one third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, in cases where the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.
12. Under the directions of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee, and be in charge of all papers belonging to the Committee.
13. The Secretary shall keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by a Committee shall be duly recorded in a book kept for the purpose, which should be open for inspection by all inspecting officers of the Education Department.

**INSTRUCTIONS FOR THE APPOINTMENT AND PROCEEDINGS OF
COMMITTEES OF MANAGEMENT OF AIDED SECONDARY SCHOOLS.
(APPROVED IN GOVERNMENT ORDER No. 1812(Edn.), DATED 31st
MARCH 1905.)**

[These rules are supplementary to the rules already in force in schools aided by Government or by
District Boards and Municipalities.]

1. The general management of an aided secondary school, high or middle, is subject to the rules prescribed from time to time by Government or the Department for the management of aided schools. The local management should remain in the hands of a Committee of Management, the members of which should be so selected as to represent all classes of the community—legal, commercial, trading, industrial and agricultural; but in cases in which the Director of Public Instruction is satisfied that the promoters of a school can give guarantees for efficient management otherwise, it will be sufficient if it is placed under a Visiting Committee as in the case of a school maintained from public funds.

2. Appointments to a Committee of Management should be made with the approval of—

(a) The District Officer, in consultation with the Inspector of Schools, in the case of a school aided by Government;

(b) The Chairman of the District Board or Municipal Committee, in the case of a school aided by a District Board or Municipal Committee.

3. The members of a Committee of Management of a school should elect from amongst themselves a Chairman, a Secretary and an Auditor, and submit their names to the District Officer or the Chairman, as the case may be, for previous approval.

4. A meeting of the Committee should be called by the Secretary, usually once every month (except in the long vacation months), or oftener if need be. Not less than seven days' notice should be given of any meeting.

5. The notice should set forth the business to be transacted at the meeting, and no business other than that so stated should be transacted, except with the consent of all the members present. When any business of which notice has not been given is considered at a meeting, the decision recorded or resolution adopted at such meeting should be communicated forthwith to all the members, and the subject should be capable of being re-opened at a subsequent meeting convened on a requisition made by three members of the Committee within seven days of the communication of the original resolution; but, save as hereinbefore mentioned, no subject once finally disposed of should be reconsidered within six months, unless two-thirds of the members consent by signing a requisition.

6. The monthly audited accounts should be presented at the next month's meeting of the Committee for the purpose of being passed.

7. The maximum number of members of a Committee should be ten and the minimum six, and one-third of the members in office should form a quorum. The Chairman should have a casting vote, in addition to his ordinary vote, when the votes of the members present are equally divided. In the absence of the Chairman, one of the members present should be elected to preside. Committees should formulate any further rules of business that may be necessary.

8. Under the direction of the Committee, the Secretary should carry on correspondence with the proper authorities on behalf of the Committee. He should also keep a record of the proceedings of each meeting and submit it to the next meeting for confirmation. Such proceedings and all work done by the Committee should be duly recorded in a book kept for the purpose.

9. The trust-deeds and other important papers relating to the school should be in charge of the Secretary or of some resident member of the Committee, except those which it is necessary to keep in the special charge of the Head Master; but all papers relating to the school in the shape of accounts and records should be available at any time for inspection by all inspecting officers of the Education Department.

10. No teacher should be appointed, promoted, suspended or removed, except by a resolution passed at a meeting of the Committee. In all cases of appointment, promotion and removal of the staff, the Head Master's opinion should be on record, and the Committee should always record reasons for removal, punishment, stoppage of promotion and supersession of the staff.

In exceptionally urgent cases relating to teachers other than the Head Master, however, the Secretary should, after consultation with the Head Master, make a provisional appointment in anticipation of the Committee's sanction; but the matter should be reported to the Committee at their next meeting for approval.

Similarly a provisional arrangement should be made by the Secretary in consultation with the Chairman, and subject to the approval of the Committee, in respect of a vacancy in the Head Mastership when the case is exceptionally urgent; but this should not be taken to dispense with the necessity of final confirmation by the existing educational authorities, as required under the grant-in-aid rules.

11. Subject to the provisions of the grant-in-aid rules, the list of holidays will be settled by the Secretary, in consultation with the Head Master. In the case of a difference of opinion between the Secretary and the Head Master, the matter should be referred to the Committee for decision.

12. The arrangement of classes, the settlement of the school routine, and all other details relating to school discipline and teaching should be in charge of the Head Master, acting under the advice of the departmental educational officers, but the Committee, however, should have the right to offer their opinion and advice in these matters in writing to the Inspector or the Deputy Inspector of Schools.

13. All questions relating to the promotion of boys and the selection of candidates for the Entrance and Scholarship examinations should remain in the hands of the Head Master and be subject to the supervision of the inspecting officers of the Education Department only.

A. PEDLER,

Director of Public Instruction, Bengal.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL.

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study.*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic., Cap. 8. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (a) their moral character, (b) knowledge of the language of the country in which they elect to study, and (c) physical capacity, from recognised persons who may be considered fit to certify to these facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industries.

12. Applications from natives of Bengal for such scholarships for the development of the mining industry, in the first instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as

to the past educational experience, training and future requirements of each applicant for a scholarship. Applicants should also indicate, if possible, what they wish to work at in their future careers on return to India. The scholarships will be awarded by the Government of India on the recommendation of the Local Government.

CALCUTTA,
The 10th April 1905.V. H. JACKSON.
Assistant Director of Public Instruction Bengal.

NOTICE.

In reference to this Department notification dated the 26th January 1905, regarding the syllabus for English Readers for Standards III to VI for schools for Indian pupils, notice is given that such books (with the usual applications) should be submitted to the Director of Public Instruction for transmission after preliminary examination to the Text-Book Committee, not later than the 1st May 1905.

2. The application should state clearly that the books have been written in accordance with this Department notification dated the 26th January 1905.

3. Arrangements will then be made for the rapid examination of those books, and those which are approved will be included in the July list of approved books.

4. Unless this is done authors of such text-books will stand no chance of having their books selected for the scholarship courses for 1907, which will be published in August 1905.

"	"	"	"
"	"	"	"

- (b) That in the case of a loan granted by instalments, if the applicant, after taking one or more instalments, fails to take any other instalment within six weeks from the date on which he is entitled to it, the Collector may declare the loan closed. The total of the instalments taken by the applicant shall then constitute the loan, which shall be treated as having been fully paid on the date on which the last instalment was actually taken; and a fresh arrangement for repayment shall be made by the Collector, consistent with rules 7 and 8, in modification of this certificate.

- (c) That interest shall be levied for the period intervening between the date of the completion of the loan (in cases in which loans are granted in one payment), or between the dates of the payment of the instalments (in cases in which loans are granted in instalments), and the date from which the first instalment of interest, consolidated with the first instalment of the principal, becomes payable. The interest leviable in such cases shall be demanded in a lump sum six months before the date on which the first consolidated instalment of principal and interest is made payable.

- (d) That it shall be applied solely to the purpose specified above, and that if it shall be proved to the satisfaction of the Collector that any part of the loan has been misapplied, the whole amount of the loan, shall, with such interest as may have become due thereon, be deemed to have become due.

- These clauses to be used only when needed.
- (e) That unless _____^{*} the work has been completed by _____[†] or any extension of the said date granted by the Collector, the loan shall be held to have been misapplied.
- (f) That for the repayment of the loan, with any interest due on the same, the immoveable property specified in the margin is hypothecated to Government.
- (g) That if any instalment is not paid on the due date, the whole amount of the loan shall be deemed to have become due.
- (h) If it shall be proved to the satisfaction of the Collector that the statements made by the aforesaid _____ in his application for this loan, as to the nature and extent of encumbrances, are in any particular untrue, the Collector may so declare in writing, and thereupon the whole of such loan with such interest as may become due thereon shall forthwith become due and payable.

V. H. JACKSON,

Assistant Director of Public Instruction, Bengal.

CALCUTTA,

The 11th April 1905.

STATE TECHNICAL SCHOLARSHIPS FOR NATIVES OF BENGAL

1. With a view to provide for natives of India the higher technical education which may qualify them to assist in promoting the improvement of existing native industries, and the development of new industries wherever this may be possible, the Government of India are ready, as an experimental measure, to give a small number of Technical scholarships, if promising candidates, well qualified in some particular branch of industry, present themselves. The outlines of the scheme are sketched out below.

2. *Value of the scholarships.*—The value of the scholarships has been fixed at £150 a year, in addition to fees payable to the institutions where the scholars will study and travelling expenses; but Government will consider proposals for increasing it in special cases.

3. *Places and periods of tenure.*—Each scholarship is tenable for an average period of two years, which may be increased or reduced in special cases.

4. The scholarships may be held in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country which he may select for study.

5. *Subjects of study.*—Law, Medicine, Forestry, Veterinary Science, Agriculture and Engineering have been excluded from the scope of the present proposal. The scholarships are in the first instance proposed to be used for the encouragement of the mining industry in Bengal, but any other branch of industry can similarly be helped and fostered. Industries in which native capital and enterprise are engaged, or likely to be engaged, and in which the trained scholar might, on return to his country, find scope for his skill and ability, will be particularly appropriate for selection.

6. *Conditions of award.*—The scholarships are tenable by persons who are natives of India within the meaning of section 6 of the Statute, 33 Vic, Cap. 3. A competent knowledge of English, or the language of any other country in which the candidate proposes to work and study is essential to enable him to take full advantage of the course of study.

7. In the matter of selection of scholars, Government will be guided by considerations of the candidate's capacity, intelligence, particular interest in and connection with the industry selected, and the assurance that he will continue to devote himself to the subject on his return to India. These being matters which cannot be decided by the holding of degrees obtained, by examination, or by competition, no special examination is considered necessary and none will be held. But a scholar before nomination should have received the best technical education available in the Province, in the particular industry which he has to study, and no candidate will be considered qualified unless he has displayed an aptitude for technical study.

8. No age-limit has been fixed. But it may be fixed by Government in certain cases.

9. The candidates for scholarships should submit certificates attesting (a) their moral character, (b) knowledge of the language of the country in which they elect to study, and (c) physical capacity, from recognized persons who may be considered fit to certify to these facts. These certificates will not be returned.

10. The scholars in England or elsewhere, as the case may be, will be under the control and supervision of the Secretary of State. The conditions under which they will hold the scholarships will be similar to those laid down for Government of India scholarships, and power will be retained to cancel a scholarship and to send the scholar back to India if his progress and conduct be not satisfactory.

11. *Returned scholars.*—No scholar will be bound on his return to India by any engagement to serve Government or a private firm, and the choice of his career will be in the first instance determined, on his return from Europe by his own inclination. Should any occasion arise, Government will be glad to turn his ability and increased knowledge to account as teacher in an Industrial school or in other capacities connected with the improvement of local industries.

12. Applications from natives of Bengal for such scholarships for the development of the mining industry, in the first instance, should be made direct to the Director of Public Instruction, Bengal, on or before the 1st May 1905. Full particulars should be furnished as to the past educational experience, training and future requirements of each applicant for a scholarship. Applicants should also indicate, if possible, what they wish to work at in their future careers on return to India. The scholarships will be awarded by the Government of India on the recommendation of the Local Government.

SESSION 1905-1906.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905.

Candidates must furnish proof that they have passed one of the following tests:—

- (1) The B.A. Examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
- (2) The F.A. Examination of the Calcutta and Madras Universities.
- (3) The Intermediate Examination of Allahabad and Punjab Universities.
- (4) The Intermediate Examination for the degree of B.A. of Bombay University.
- (5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for

Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.C.S.

Dated Calcutta, the 18th April 1905.

IN supercession of the Notification, dated the 3rd January 1893, published in Part I, page 71, of the *Calcutta Gazette* of the 25th idem, it is hereby notified to all whom it may concern, under the provisions of secs. 9 and 72 of the Sea Customs Act, 1878, that the Collector of Customs, Chittagong, is ordinarily prohibited from granting permission to work cargo in sea-going vessels on Sundays. He shall, however, give written permission in the following cases:—

- I. When the application to work is supported by a declaration in a prescribed form signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.
- II. When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.
- III. When a vessel is a mail or regular steamer which calls at the port at fixed intervals.
- IV. When the vessel is a native brig on which no European is employed.
- V. When the application is made to discharge or load live-stock, ship's stores, ballast or coal for the ship's use.

2. These orders do not modify the existing orders under which a fee of Rs. 6 is charged for the services of the Inspector and Preventive Officer, or the orders contained in the Resolution of Government, in the Financial Department, dated the 24th September 1888, under which a fee of Rs. 100 is payable on Christmas Day, Good Friday, the King's Birthday and the 1st of January, in addition to the ordinary fee for the Inspector and the Preventive Officer.

NOTIFICATION.

No. 302T.—R, dated the 24th April 1905.—The Lieutenant-Governor of Bengal is pleased to direct that, with effect from the 1st May 1905, the following revised rules and forms shall be substituted for those published at pages 1207-1219, Part I of the *Calcutta Gazette* of the 16th September 1903 with the Government Notification No. 2093T.R., dated the 12th idem, on the subject of the payment of land revenue and cesses by means of postal money-orders.

R. W. CARLYLE,

Offg. Chief Secy. to the Govt. of Bengal.

RULES RELATING TO REVENUE MONEY-ORDERS.

1. These rules are divided into four parts :—

PART I.—Form of Revenue Money-order.

" II.—Issue of Revenue Money-orders.

" III.—Payment of Revenue Money-orders.

Section A.—Payment from Head Offices at the head-quarters of districts.

" B.—Procedure to be followed in the Collectorate.

" IV.—Disposal of Acknowledgments.

2. The forms in use are given in Appendix D.

PART I.

THE FORMS OF REVENUE MONEY-ORDER.

1. There are two forms of Revenue Money-order, viz., Form $\frac{1}{R.M.O.}$ on white paper, for land revenue and zamindari dāk cess, and Form $\frac{1A}{R.M.O.}$ on pink paper, for Road and Public Works cesses. Each of these forms is divided into three parts, viz. :—

- (a) The Money-order
(b) The Acknowledgment.
(c) The Coupon or Chalan.

2. Part (a) requires no description, as it is exactly like the corresponding portion of the ordinary Inland Money-order form. Parts (b) and (c) are considerably larger than the acknowledgment and coupon of an ordinary money-order. Part (b) is on one side a duplicate of the chalan and is returned to the remitter as his receipt; on the reverse of this part are the remitter's name and address. Part (c) contains on one side all the particulars required by the Treasury, and on the reverse instructions for remitters of revenue money-orders.

3. Form $\frac{1}{R.M.O.}$ is to be used for remittances of land revenue and zamindari dāk cess, and Form $\frac{1A}{R.M.O.}$ for remittances of Road and Public Works cesses, and for no other purpose.

Not to be used for any other purpose.

4. The forms of Revenue Money order should be freely distributed among the revenue-paying classes, and no restrictions whatever should be placed in the way of zamindars obtaining these forms.

To be freely distributed.

5. Every Postmaster, Sub-postmaster, and Branch postmaster will be personally responsible that a sufficient supply of Revenue Money-order forms of each kind is always available in his office. In cases of emergency, supplies may be obtained by telegraph direct from the Stock Depot of the Circle. Divisional Superintendents and Inspectors, when visiting post-offices, will see that a sufficient supply of Revenue Money-order forms of each kind is available, and mention in their diaries and inspection reports that they have done so.

6. The Revenue Money-order system does not apply to remittances of revenue payable to any Native State. Such remittances should be made by the ordinary Money-order form and be dealt with under the ordinary rules for money-orders.

PART II.

ISSUE OF REVENUE MONEY-ORDERS.

7. Revenue money-orders are issued from every Head, Sub, and Branch Post-office under the rules which govern the issue of ordinary Inland money-orders. The following paragraphs contain additional instructions, which relate solely to the issue of revenue money-orders.

Issue of Revenue money-orders.

8. The rules in the *Postal Guide* fixing the limit of value of a single ordinary Inland money-order apply to revenue money-orders. The rule prohibiting the inclusion of pies (fractions of an anna) in the amount of a money-order is not applicable to revenue money-orders, which may be for amounts including any fraction of an anna not less than one pie.

Limit of amount.

9. The Office of Issue will help the remitter in making the requisite entries, and, if necessary, will make entries for him in the form of a revenue money-order, but no fee or any other gratification whatsoever is to be demanded or accepted, either directly or indirectly.

Office of Issue to help remitter in making entries.

by any official of the Postal Department for this service. Disregard of this order will be punished by dismissal of the official in fault, who will, moreover, be liable to any further penalties provided by law. If, notwithstanding the assistance thus offered, the remitter is unable to fill up the entries himself or to give the information necessary for the purpose, the money-order should be returned to him and should not be issued by the post-office, till the information is complete.

Note—Remitters should also be advised to allow ample time for their revenue money-orders for land revenue to reach the Treasury before *last* day, as the acceptance of a revenue money order after *last* day does not exempt an estate from sale, except as permitted by the rules applicable to personal payment of land revenue after *last* day.

10. The Office of Issue is responsible that no revenue money-order is issued of which the coupon (Chalan) is blank or is not completely filled up. The post-office has no means of ascertaining the correctness of the information supplied by a remitter; all that it is necessary to see is that entries are made against every printed item in the coupon (chalan), that these entries are made against the appropriate printed items, that all the items are understood by the remitter, and that the money-order is not for a larger sum than is allowed by the rules for ordinary Inland money-orders. The spaces in the acknowledgment and chalan for the entry of interest, penalty and expenses (*kanarika*) are intended to meet the requirements of remitters who are in arrears as regards the payment of their cesses, and have incurred liabilities for interest, penalty, process-fees, or other costs of proceedings. Every alteration or correction in the money-order must be attested by the initials of the remitter.

11. The letter "R" should be written before the number of every revenue money-order, and this mode of distinguishing revenue money-orders should be adopted wherever the number is entered.

12. The number assigned to a revenue money-order by the Head Office or Sub-office of Issue will also be entered at the top of the coupon (chalan) and acknowledgment by the money-order clerk of the Head Office or the Sub-postmaster of the Sub-office of Issue, as the case may be.

PART III.

PAYMENT OF REVENUE MONEY-ORDERS.

SECTION A.—Procedure in the Head Office of payment.

13. When the revenue money-orders are in all respects* ready to be handed over to the postman, they should be examined with reference to the name of the audit office stamped on them and a separate list in triplicate† (Form *W.M.O.*) should be made out by the money-order clerk for each audit office, the name of the audit office being noted in red ink at the head of the list.‡ The money-orders should be entered in each list according to the offices of issue, and the entries in the money column of the list should be carefully totalled. The original copy of each list will take the place of the journal of money-orders paid, the duplicate will be sent to the Treasury under the procedure described below, and the triplicate will be sent to the audit office concerned. When for the preparation of a list more than a single sheet of Form *W.M.O.* is required, each sheet should be separately totalled and a grand total should be made at the end of the last sheet of the list or on a separate sheet. The date stamp of the office of payment should be impressed on the space provided for it on the reverse of the acknowledgment portion of each money-order.

Note.—When it is necessary to prepare one or more separate lists in addition to the list for the Home audit office, the total of each other list should be entered below the total of the list for the Home audit office and a grand total made both in figures and words. In that case too, after the words "detailed above" in the printed entry to be signed by the Postmaster at the foot of the original and duplicate of the list for the Home audit office should be inserted in manuscript the words "and in the accompanying list" or "and in the accompanying two lists" as the case may require.

14. The postmaster should then check the entries in each list with those on the money-orders, and also check the total of the money column. He will then prepare a Treasury Voucher Form (A/c 12), representing the total value of the money-orders as entered in all the lists. The amount represented by the Treasury voucher will not be charged against the letter of credit, and will be paid quite independently of the balance of any letters of credit held by the Treasury in favour of the post-office. Postmasters before sending revenue money-orders to the Treasury should examine them carefully, and any error which might have been avoided should be brought to the notice of the Superintendent.

15. The duplicate copy of each list with the money-orders entered therein attached to it, and the Treasury voucher duly filled up, should then be made over to the postman for delivery at the Collectorate, the postman's receipt for the documents being taken in the usual manner in the Register of Money-orders received.

* Only the total number and amount of revenue money-orders received for payment need be entered in the Register of money-orders received. In order, however, that the record may be complete, it will be necessary to make a note in the last column of the Register when for all the revenue money-orders received in one day are not included in the list of that date. For example, if in the Register of money-orders received on the 5th July there are shown 500 revenue money-orders for Rs. 10,000 but 300 of these orders for Rs. 7,000 were received too late for inclusion in the list sent to the Collectorate on the 5th, there should be an entry in the last column of the Register in this form:—

200 for Rs. 3,000 included in list of 5th.

300 for Rs. 7,000 included in list of 6th.

† The duplicate and triplicate will be prepared by carbonic paper, and a hard pencil must therefore be used in writing the list.

‡ If on any date revenue money-orders stamped with the names of all three Audit offices are received for payment it will be necessary to prepare three separate lists, each in triplicate.

16. The postman will take the duplicate copy of each list, the money-orders and the Treasury voucher to the Accountant, and will receive back from the Accountant the money-orders without the coupons and acknowledgments. The postman will be careful to see that he receives back all the money-orders and that they are all duly receipted by the Accountant, and in the case of money-orders for amounts exceeding Rs. 500, by the Treasury officer also.

17. The paid money-orders received back from the Treasury will be examined by the money-order clerk in the same way as ordinary money-orders, and checked in detail with the original list. The total amount of the money-orders entered in each list will then be entered in the appropriate journal of money-orders paid by a single entry thus:

Rs. A. P.

"As per Revenue Money-order list disposed of in the usual way.

"The money-orders will be

18. The original and triplicate of each list will be kept with the appropriate journal of money-orders paid until the next list of ordinary money-orders paid is sent to the audit office when the corresponding list of revenue money-orders paid will also be sent, the paid money-orders being arranged in order and attached to the lists. The original lists will then be filed, a separate file of original lists being kept with each journal of money-orders paid, so that the dates of the journal and file of revenue money-order lists correspond.

19. The amount of the Treasury voucher will be entered in the head office summary, and the head office cash-book on the receipt side opposite the item, "Drawn from treasuries," and will be included in the sum entered on the disbursement side under the head, "Money-orders paid." The amount will also appear in the Treasury pass-book and Register of transactions with the Treasury as money drawn from the District Treasury. All these entries must be made on the same date.

Entries in accounts.

Note.—The date referred to above is the date on which the money-orders are sent from the post-office to the Collectorate. If the procedure to be followed in the Collectorate is correctly observed, the money-orders will be credited in the Treasury on the same date. If, owing to press of work or other reasons, the money-orders are not credited in the Treasury on the same date, the entries in the head office summary, the head office cash-book and the Treasury pass-book should still be made as prescribed in rule 19 on the date on which the money-orders are sent to the Treasury for payment.

The money-orders should also be entered as paid on the same date in the appropriate paid list of money-orders; and if any revenue money-orders sent to the Collectorate have not been received back when the paid list is due to be sent to the audit office, the paid list should still be sent, and the money-orders should be forwarded on receipt, a note explaining the reason for their absence being submitted at the same time to the audit office.

20. On receipt of the acknowledgments duly signed, the money-order clerk will examine and compare them with the original list or lists already in his possession, and with the duplicate presented to him along with the acknowledgments; and, if all are found correct, the postmaster will sign each duplicate list and return it to the Collectorate official who brought back the documents to the post office.

21. The money-order clerk should be particularly careful to see that he receives from the Collectorate an acknowledgment for every money-order, except when a note has been made on the duplicate list against any order showing that it was not for Land Revenue, Road, or Public Works cess, or Zamindari Dāk cess. The money-order clerk will also see that every acknowledgment which he receives is in acknowledgment of the full amount of the money-order to which it appertains, and that the date of credit entered on each acknowledgment agrees with the date of payment of the money-order.

22. Before each duplicate list is returned to the Collectorate, the money-order clerk will carefully compare it with the original, and see that they are exactly alike, any remarks recorded in the one list (either in the Collectorate or by the money-order clerk, or the postmaster) being copied in the other list.

23. It will be the duty of the money-order clerk to report to the postmaster if the signed acknowledgments and the duplicate list or lists are not returned to him at latest by 4 P.M. on the day following that on which the Treasury voucher was sent to the Collectorate. On receipt of such a report, the postmaster should at once bring the matter to the notice of the Treasury Officer. Any serious or oft-repeated delay in the return of the acknowledgments should be reported to the Head of the Circle. The money-order clerk should report to the postmaster every case in which revenue money-orders are not received back on the same day that they are sent to the Treasury, and if it is found that this happens frequently, the postmaster should bring the matter to the notice of higher authority.

24. The money-order clerk will report to the postmaster every case in which the coupon (chalan) of a revenue money-order received by him is blank or is imperfectly filled up, and each such case should be reported by the postmaster to the Superintendent of the Division, in which the Office of Issue is situated.

25. On the 5th of every month, the money-order clerk will prepare a return (Form ² A.C.) of all revenue money-orders received during the last month, and this return will be submitted by the postmaster to the Head of the Circle.

Return of all revenue money-orders received during previous month.

SECTION B.—Procedure to be followed in the Collectorate.

26. On receipt in the Treasury of the money-orders with the duplicate copy of the list or lists in which they are entered and the Treasury voucher, the Accountant will check and

compare the documents. If there is any error, he will return all the documents to the Post-office with a note of the error or errors. This error note will be signed by the Accountant and the Taugi Navis of the Department concerned; when the documents are correct, the Accountant will at once cut off the portion of each money-order containing the coupon and acknowledgment, sign and date the money-orders (as payee), and return the paid money-orders to the Postman. In the case of money-orders for amounts exceeding Rs. 500, the Treasury officer also shall sign and date the money-orders as payee. The Accountant will retain the lower portion of each money-order, including the coupon and acknowledgment, the duplicate list or lists of money-orders (Form $\frac{1}{2}$ and the Treasury voucher. No money-order received from the Post Office may be refused.

The acceptance of the revenue money-order after *kist* day is to be treated in the same manner as the receipt of a personal payment of revenue after *kist* day, and the sum will be kept in revenue deposit till the Collector has passed orders accepting the payment.

27. The Treasury Officer will, on the same day, charge off the amount represented by the Treasury voucher (A/c 12) by transfer, and credit the amounts of the several money-orders as shown in the list

Entries in accounts.

or lists and on the acknowledgments to the appropriate departments.

If the estate on account of which a remittance of land revenue has been received is situated in another district, the remittance should be credited in the usual way, and the Collector to whom the money-order should have been addressed should be advised of the credit, according to the procedure in Chapter II, section XII, rule 2, of the Board's Taugi Manual, 1899. The remitter should also be advised of his error by a note on the money-order acknowledgment. In the case of Road and Public Works cess and Zamindari Dāk cess, the amount thus erroneously remitted should be transmitted by remittance transfer receipts to the Collector of the district to which the cess properly belongs, and the remitter of the money-order should be advised of his error, as in the case of land revenue.

If it should be found that a revenue money-order has been erroneously issued for a remittance of some due other than Land Revenue, Road or Public Works cess or Zamindari Dāk cess, the Treasury officer should make a note to that effect against the entry of the money-order on the duplicate list, and forward the coupon and acknowledgment with an advice list (Form 4, G.M.O.) to the appropriate department for disposal under the rules in Part III of the rules for Government money-orders other than revenue money-orders.

28. If it should be found that any money order represents a remittance apparently

Money-orders which cannot at once be credited in the Treasury accounts.

not due to or intended for Government or any department or authority having an account in the Treasury, or that the amount of the money-order cannot for this or any other reason be credited at once in the Treasury accounts, the amount should be disposed of according to the standing rules and practice of the Account Department, or be made over in cash to the officer who would have been entrusted with it had the money been paid in cash instead of by money-order, or had it been sent as cash in an ordinary or registered letter.

29. The Treasury officer will be responsible that the total of the amounts credited to the different departments and any sum made over in cash under rule 28 is equal to the amount of the Treasury voucher received from the post-office, and debited to the Postal Department.

Responsibility of Treasury officer.

30. The next business to be done in the Collectorate will be a rough examination of

Examination of money-orders.

the acknowledgments and coupons to see that the necessary particulars of remittance are given in each case. This examination should be made by the Taugi Navises of the Land Revenue and Cess Offices, and by the Certificate Department, if a certificate has issued on account of Road and Public Works cess. If the amounts due on account of any cess, interest, penalties, and expenses are wrongly distributed by the remitter in the money-order, the Land Revenue or the Cess Department will correct the distribution. It is not necessary at this stage that the money-orders should be sent to, or examined by, the Zamindari Dāk office, even when they contain remittances of zamindari dāk cess. The fact that the amount remitted is less or more than is due is immaterial. If more than is due is remitted, the excess will be treated as a payment in advance; if less than is due is remitted, it will be treated as a payment on account.

If owing to omissions or errors in the particulars of remittance, there is any doubt as to whether a remittance can be correctly credited according to the intentions of remitter, a note should be made across the acknowledgment in red ink, stating how remittance has been credited or what further particulars are required, and in the latter case the remitter should be asked to send the required information immediately by letter. If a remittance of land revenue by money-order is received in the Treasury after the *kist* day, a note should similarly be made across the acknowledgment in red ink to the effect that the payment is "too late for *kist* day." *

31. Immediately after the examination prescribed in the preceding rule the ack-

Documents to be returned to the post-office and to be retained in the Collectorate.

nowledgments should be signed, dated, and returned with the duplicate list or lists to the post-office. The acknowledgments must be signed by the Treasury officer by which the remittance is made.

* It is to be understood that the date of receipt of the money-order in the Treasury is the date on which it is paid, and not necessarily the date on which the acknowledgment is executed.

The Treasury Officer will be responsible that the acknowledgments and duplicate list or lists are returned to the Post-office at latest by 4 P.M. on the day following that on which they were received in the Collectorate. The chalangas will be retained in the Collectorate.

82. After the return of the acknowledgments to the Post-office, the chalangas of Form ~~xxx~~ should be sent to the Land Revenue Tausi Office, and those of Form ~~xxx~~ to the Cess Tausi Office, so that the remittances may be entered in the departmental registers. The chalangas should be initialled by a responsible officer of each department, and then be returned to the Collectorate. On each coupon is to be noted by the muharrir the date when he posted in the tausi ledger the amount referred to in the coupon. The muharrir is to sign such note.

33. When the duplicate list or lists, with the Postmaster's acknowledgment for the documents returned to him, are received back from the Post-office they should be attached to the chalangas and filed in the Collectorate.

PART IV.

DISPOSAL OF ACKNOWLEDGMENTS.

84. The Acknowledgments appertaining to Revenue Money-orders received from the Collectorate will be sorted separately for each Office of Issue, and enclosed in envelopes (Form ~~xxx~~) addressed to the Postmasters of those offices. The total number of acknowledgments closed in each envelope will be the registered number assigned to that envelope. The acknowledgments for orders issued at Branch office are not to be returned to the Branch office direct, but through the Account office.

35. The money orders issued by each office will then be bracketed together in the remarks column of the original copy of the list prepared in Form ~~xxx~~, and the registered number of the envelope enclosing the corresponding acknowledgments will be noted against each bracket. The closed envelopes will then be made over to the registration clerk for despatch, his receipt for the total number of envelopes 'numbered as above' being taken at the foot of the list.

36. On arrival in the Office of Issue, the envelopes will be opened and the acknowledgments contained in each envelope will be checked with the registered number of the money-order. The envelopes will then be destroyed. The acknowledgments will then be stamped with the Money-order stamp, and be sorted for distribution to postmen and village postmen. The numbers of all acknowledgments given to each postman and village postman will be detailed separately by the Money-order Clerk, Sub or Branch Postmaster in the postman's book or the village postman's register, the entries being repeated as often as the acknowledgments are given out for delivery.

37. The postman or village postman will obtain the remitter's signature or mark when delivering each acknowledgment in the postman's book or the village postman's register.

38. Acknowledgments which cannot be delivered in consequence of the remitter not being found will be returned by the postman, or village postman to the Money-order clerk, Sub-Postmaster, or Branch Postmaster as the case may be, who will sign for them in the Postman's Book or Village Postman's Register.

39. Undelivered acknowledgments will be kept in the Office of Issue (if a Head Office) for a period of 12 months, and, if still unclaimed, will be destroyed.

40. In Sub-Offices and Branch Offices undelivered acknowledgments will be retained for a period of three months, and, if still unclaimed, will be forwarded to the Head Office under a Postal Service registered cover. Such acknowledgments will be kept in the Head Office for a further period of nine months, and, if then still on hand, will be destroyed.

41. Postmasters, Sub-Postmasters, and Branch Postmasters of the Offices of Issue will be responsible that acknowledgments are delivered to remitters of Revenue Money Orders without any unnecessary delay and free of charge. Enquiries as to the punctual and free delivery of acknowledgments should be made from time to time from zamindars who may call at the Post Office to have Revenue Money-orders issued.

42. Remitters of Revenue Money-orders should be advised to examine carefully their acknowledgments for the money-orders, in case there should be any red ink note by the Collectorate calling for further particulars, or indicating a doubt as to whether a remittance has been correctly credited according to the intentions of the remitter.

ENGINEER DEPARTMENT.

Session 1905-1906.

CANDIDATES for admission to the Engineer Department should apply to the Principal in the prescribed form on or before the 15th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905.

Candidates must furnish proof that they have passed one of the following tests:—

- (1) The B.A. Examination in the B course in Physics and Chemistry of the Calcutta University. The candidate's age must be under 23 years.
- (2) The F.A. Examination of the Calcutta and Madras Universities.
- (3) The Intermediate Examination of Allahabad and Punjab Universities.
- (4) The Intermediate Examination for the degree of B.A. of Bombay University.
- (5) The High School Examination for Europeans and Eurasians.

The candidate's age in (2), (3), (4) and (5) must be under 21 years.

In selecting candidates who have passed the F.A. (all other things being equal), preference will be given to those who have passed in Sanitary Science in addition to the ordinary subjects of the F.A. Examination.

The maximum number to be admitted is limited to 40. The position in the University examination and the age of the candidate will be taken into consideration when selection is made, and such selection will be made by the Principal.

The tuition fee for students to the Engineer class is Rs. 10 a month for each month of the year, vacation included.

Ten scholarships will be awarded to students entering the Engineer Department not being already holders of junior or senior scholarships. Two of these will be reserved for

Europeans and Eurasians. Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Form of application for admission and any further particulars will be supplied upon application.

APPRENTICE DEPARTMENT.

Session 1905-1906.

CANDIDATES for admission to the Apprentice Department should apply to the Principal in the prescribed form on or before the 6th May 1905. Each application must be accompanied by a registration fee of Re. 1.

The session begins on Monday, the 5th June 1905. Candidates must furnish proof that they have passed one of the following tests:—

- (1) Standard VII or Middle School Examination of the Code of European Schools.
- (2) University Entrance Examination.

The candidate's age must be at least fifteen and not more than seventeen years.

There are forty-five vacancies for natives and nine for Europeans and Eurasians. The selection of candidates for admission will be made by the Principal.

There is one vacancy on the free list for Christian Apprentices in June next and there are three on the reduced fee list. For natives there are five vacancies on the reduced fee list, and six more will become vacant during the month of June. Election to these lists will be made by the Board of Visitors. Forms to be filled up for the consideration of the Board can be had on application to the Principal.

Every applicant before admission to the College will be examined by the College Surgeon as to his physical strength, fitness for manual labour and eyesight.

Before an applicant is admitted to the College his parent or guardian must sign an agreement in the prescribed form.

All applications from Christian candidates for admission to the free or reduced fee lists must reach the Principal not later than 6th May, so as to enable the elections to be made by the Board of Visitors before the opening of the session.

The vacancies on the native list will be filled up after the opening of the session from those apprentices who have joined the College after admission. Forms of application for admission and further particulars will be supplied on application.

No. 2939B.

NOTIFICATION.

CUSTOMS.

THE HON'BLE MR. K. G. GUPTA, I.O.S.

Dated Calcutta, the 18th April 1905.

IN supersession of the Notification, dated the 3rd January 1893, published in Part I, page 71, of the *Calcutta Gazette* of the 25th idem, it is hereby notified to all whom it may concern, under the provisions of secs. 9 and 72 of the Sea Customs Act, 1878, that the Collector of Customs, Chittagong, is ordinarily prohibited from granting permission to work cargo in sea-going vessels on Sundays. He shall, however, give written permission in the following cases:—

- I. When the application to work is supported by a declaration in a prescribed form signed by the owner or agent of the vessel, certifying that the permission is absolutely necessary to enable the vessel to leave the port owing to the state of the river or to the condition of the weather.
- II. When the application is made on grounds of special urgency, provided the Collector of Customs is satisfied that such grounds are sufficient.
- III. When a vessel is a mail or regular steamer which calls at the port at fixed intervals.
- IV. When the vessel is a native brig on which no European is employed.
- V. When the application is made to discharge or load live-stock, ship's stores, ballast or coal for the ship's use.

2. These orders do not modify the existing orders under which a fee of Rs. 6 is charged for the services of the Inspector and Preventive Officer, or the orders contained in the Resolution of Government, in the Financial Department, dated the 24th September 1888, under which a fee of Rs. 100 is payable on Christmas Day, Good Friday, the King's Birthday and the 1st of January, in addition to the ordinary fee for the Inspector and the Preventive Officer.

No. 362T.R.—The 25th April 1905.—Whereas an application has been made by the proprietor of estate Paikbasha, bearing tauzi No. 393 in the district of Bankura, for a survey and the preparation of a record-of-rights in respect of all lands comprised in the said estate, and whereas he has deposited the estimated cost of the operations:

In exercise of the powers conferred by section 101 (2) (a) of the Bengal Tenancy Act, VIII of 1885, as amended by Act III (B.O.) of 1898, the Lieutenant-Governor is pleased to order that a survey shall be made and a record-of-rights prepared in respect of all lands comprised in the said estate in the district of Bankura.

The particulars to be recorded in the survey and record-of-rights shall be the following:—

- (a) the name of each tenant or occupant;
- (b) the class to which each tenant belongs, that is to say, whether he is a tenure-holder, raiyat holding at fixed rates, settled raiyat, occupancy-raiyat, non-occupancy raiyat, or under-raiyat; and, if he is a tenure-holder, whether he is a permanent tenure-holder or not, and whether his rent is liable to enhancement during the continuance of his tenure;
- (c) the situation, quantity and one or more of the boundaries of the land held by each tenant or occupant;
- (d) the name of each tenant's landlord;
- (e) the money-rent payable at the time the record-of-rights is being prepared; or if a produce-rent, the fact that produce-rent is paid, and the customary terms according to which such rent is paid;
- (f) the mode in which that rent has been fixed—whether by contract, by order of a Court, or otherwise;
- (g) if the rent is a gradually increasing rent, the time at which, and the steps by which, it increases;
- (h) the special conditions and incidents, if any, of the tenancy;

- (i) if the land is claimed to be held rent-free, whether or not rent is actually paid, and, if not paid, whether or not the occupant is entitled to hold the land without payment of rent, and, if so entitled, under what authority;
- (j) the name of each proprietor, with the character and extent of his interest, and the situation, quantity, and one or more of the boundaries of the proprietor's private lands, as defined in Chapter XI of the Act;
- (k) the customs of the villages regulating the methods of irrigation, and the duties and rights of both landlords and tenants with respect to the use and maintenance of the means of irrigation.

No. 363T.R.—The 25th April 1905.—Under section 2 of the Bengal Survey Act, V (B.O) of 1875, Mr. H. T. S. Forrest, I.C.S., Convenanted Deputy Collector of Howrah, is vested with the powers of a Collector under the provisions of that Act, in the district of Howrah.

DECLARATION.

No. 366T.R.—The 25th April 1905.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken by Government at the public expense for a public purpose, viz., for a latrine for the Darbhanga police-station officers in mahalla Makdoomganj of the Darbhanga town, pargana Haveli Darbhanga, zilla Darbhanga, it is hereby declared that for the above purpose a piece of land measuring, more or less, 4 cottaks and 8 chitaks of standard measurement, bounded on the north by road leading to Kali Asthan, on the south by the Darbhanga police-station, on the east by land of Rajkishore Pershad and on the west by the Darbhanga police-station compound, is required within the aforesaid village of Darbhanga town, mahalla Makdoomganj.

This declaration is made, under the provisions of section 6 of Act I of 1894, to all whom it may concern.

A plan of the land may be inspected in the office of the Collector of Darbhanga at Laberia Serai.

R. W. CARLYLE,
Offg. Chief Secy. to the Govt. of Bengal.

DECLARATION—By the Government of Bengal, Revenue Department.

No. 365T.R.—The 27th April 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for the Tetturia north siding and the Jumoni Branch of the East Indian Railway, in district Manbhum, and whereas coal-mines are situate under the said land, and whereas the Tetturia Coal Syndicate through their agents Messrs. Milne and Company have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the mines in question, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to the surface of the said land and to the works constructed thereon, and whereas the said Tetturia Coal Syndicate have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Tetturia Coal Syndicate, in the manner and subject to the restrictions below specified, viz.:—

The galleries be driven not more than 10 feet wide and any convenient height with centres not less than 30 feet apart forming pillars not less than 50 feet square.

No coal be worked nor galleries driven where the distance from the top of the seam to the surface of the acquired land is less than 50 feet.

A plan marked L. A. M. A. No. 32, signed by the Chief Inspector of Mines in India on which are carefully recorded the present workings of the mine in question, be seen in his office.

DECLARATION.—By the Government of Bengal, Revenue Department.

No. 495 T.R.—The 1st May 1905.—Whereas certain land was acquired by the Bengal Government, under the provisions of Act I of 1894 and Act XVIII of 1885, for a public purpose, viz., for a siding off the Maunbhun. Jherria-Katraa line of the East Indian Railway near Sijua, in the district of Maunbhun, and whereas coal-mines are situate under the said land, and whereas the Sijua Coal Company, Limited, through their agents Messrs. Balmer Lawrie and Company have given notice to the Government of Bengal, in accordance with the provisions of Act XVIII of 1885, that the said Company intend to work the minerals beneath the siding, and whereas the mines have been inspected by the officer appointed by the Bengal Government for the purpose under section 5 (1) of Act XVIII of 1885, and whereas it appears to the Bengal Government that the working out of the coal of the mines underlying the said land is likely to cause damage to

the surface of the said land and to the works constructed thereon, and whereas the said Sijua Coal Company, Limited, have agreed not to work and get minerals underlying the land acquired for their siding or underlying the land acquired for the branch or other lines with which the siding is connected, or underlying the land of the branch or branches connecting the said siding with the main line, in such a manner as to injure or to endanger the safety of the undertaking or any part thereof, nor to claim any compensation for any restricted working:

Now, therefore, the Lieutenant-Governor of Bengal is pleased to declare under section 5, sub-section (2), clause (b) of the abovementioned Act, XVIII of 1885, that the working shall be carried on by the said Sijua Coal Company, Limited, in the manner and subject to the restrictions below specified, viz.:—

That the workings are extended with galleries not more than 11 feet wide and 7½ feet high, and with centres not less than 40 feet apart, forming pillars not less than 29 feet square, and further that a line of pillars 40 feet square be left, for support, under or adjacent to the boundaries forming the sides of the acquired land, the galleries as to height and width remaining the same; and that in all the above cases no further excavation shall be made in any of the galleries which already have been driven, the actual heights and widths of which have been carefully recorded on the plan marked L. A. M. A. No. 27, signed by the Chief Inspector of Mines.

The plan referred to may be seen in the office of the Chief Inspector of Mines in India.

D. J. MACPHERSON, Commissioner.
COMM. OFFICE, BHAGALPUR DIVN., the 5th May 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

THE yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10.30 A.M., both days :—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	160
Mensuration (a) the whole ...	60	30
Book-keeping (b) mercantile ...	100	50
Total ...	600	

Minimum required in all papers collectively, 400.

(a) Teddunter's Mensuration for Beginners.

(b) "Book-keeping," by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Re. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned :—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,
The 5th May 1905.

A. MACDONELL,
Offg. Principal, Civil Engineering College.

DACCA SCHOOL OF ENGINEERING.

1. Candidates for admission into the Overseer Branch of the Dacca School of Engineering are to submit their applications to the Principal, Dacca College, through their *bona fide* guardians on or before the 27th May next.

2. Candidates for admission must have passed the University Entrance Examination or standard VII of the Code for European Schools.

3. The selected candidates are to join on the second Monday in June.

4. The following particulars must be stated in the application:—

- (a) Name, address and occupation of father or guardian.
- (b) Race and Religion.
- (c) Age of the candidate.

5. Each candidate must produce a medical certificate of good and sound health from an Assistant Surgeon at the time of admission and a certificate of good moral character from the Head of the institution from which he comes.

V. H. JACKSON,

Asst. Director of Public Instruction, Bengal, in charge.

RULES OF THE GOVERNMENT OUTTACK SURVEY SCHOOL.

I.—The school is under the general supervision of the Principal of the Ravenshaw College.

II.—The number of admissions to the first year class of each year is limited to 50, of whom only 20 can be other than Uriyas or Bengalis domiciled in Orissa; but should the number of eligible Uriya (or domiciled Bengali) candidates fall below 30, the vacancies thus occurring can be given to non-Uriya candidates.

III.—The session usually begins in the last week of June. All applications for admission should be made to the Principal of the Ravenshaw College on or before the 15th June previous to the commencement of the session, and should furnish the following particulars:—

- (a) Name, address and occupation of father and guardian.
- (b) Race and religion.
- (c) Age of the candidate (which must not exceed 20 years).

IV.—Candidates for admission must submit satisfactory evidence that they have read up to the first class of a High English School or, in the case of Uriya (or domiciled Bengali) candidates, have at least passed the Middle English Examination or have passed the annual examination of the 5th class of a High School.

V.—Each candidate must produce at the time of admission a certificate showing good moral character, and also a medical certificate of good and sound health from an Assistant Surgeon.

VI.—No student who fails to pass the final examination of a Survey School or does not bring a transfer certificate under the ordinary transfer rules will be permitted to join the second year class after the 31st July.

VII.—The admission fee is rupee one and the monthly fee rupee one, but Government scholars receive free tuition.

VIII.—There are six Government scholarships, which are awarded each year to the best Uriya students and domiciled Bengalis permanently settled in Orissa only on the results of the annual examination of the first year class.

IX.—The course of study in the school extends over two years, and the students are required to attend at least 75 per cent. of the working days.

X.—The successful students at the annual examination of the first year class are usually promoted to the second year class; but those who wish may, at their option, leave the school with an amin certificate from the Head-master of the school. The successful students of the final survey standard examination receive certificates from the Director of Public Instruction, Bengal.

DARJEELING,

The 29th April 1905.

V. H. JACKSON,

Assistant Director of Public Instruction,
Bengal, in charge.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengal); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengal domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final B class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of Elementary Mathematics.
- (2) Careful training in Survey work.
- (3) Drawing, both Free-hand and Engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Biharis by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Rs. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, *six* being tenable in the second-year class, *six* in the third-year class, and *six* in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below :—

- (1) The Entrance examination of an Indian University in English and Mathematics.
- (2) Standard VII of the Code of European Schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion, and evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.
- (c) A certificate of good moral character.

PRESIDENCY COLLEGE, CALCUTTA, the 8th March 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity)	100	50
Dictation (spelling, punctuation, etc.)	100	50
Arithmetic (the whole)	240	160
Mensuration (a) the whole	60	30
Book-keeping (b) mercantile	100	50
Total	600	

Minimum required in all papers collectively, 400.

- (a) Teddhaunter's Mensuration for Beginners.
 (b) "Book-keeping," by Bell and Hamilton.
 "Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

- (1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)
- (2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.
- (3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

REVENUE DEPARTMENT.

NOTIFICATIONS.

No. 843 T.R.—The 22nd May 1905.—In exercise of the powers conferred by sections 41 and 42 of the Indian Forest Act, VII of 1878, as amended by Act V of 1890, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor of Bengal is pleased to make the following rules to regulate the transit of timber in the Alipur subdivision of the Jalpaiguri district:—

I. *Definition.*—For the purposes of these rules "timber" means all pieces of sāl or sisau, sawn or in the rough, which are at the same time over twelve inches in girth and five feet in length.

II. No timber may be transported along the Buxa Alipur, Phalakata Alipur, or Haldibari Alipur Roads or along any other public road or any stream or river leading into Alipur Duar, unless it is covered by a pass issued by one of the officers mentioned in rule III of these rules, and specifying:—

- (a) the name of the owner of the timber;
- (b) the number of pieces of timber, with their dimensions and descriptions;
- (c) the mark or marks on the timber; and
- (d) the date up to which the certificate will remain in force.

III. Passes may be obtained free of charge on application to:—

- (1) the Forest Revenue Station Officer at Rajabhatkhawa;
- (2) the Borojhar Range Officer at Chilapata;
- (3) the Haldibari Range Officer at Kumargram; or
- (4) the Officer in charge of the Buxa Forest Division.

Any of the said officers on receiving an application for a pass may refuse to issue a pass till he has examined the timber for which it is required and has satisfied himself that the Forest Department has no claim, or no further claim, to any royalty or fees on account of the timber.

IV. Every person taking out such a pass shall, unless specially exempted in writing by the officer in charge of the Buxa Forest Division, convey the timber mentioned in the pass to Alipur Duar within the period for which the pass is issued, and shall, on his arrival in Alipur Duar, present the timber for examination at the Alipur Duar Forest Checking Station, and shall deliver up his pass to the officer in charge of that checking station.

V. *Penalty.*—Any person infringing any provision of these rules shall be punished with simple imprisonment for a term which may extend to one month, or with fine which may extend to Rs. 500, or with both.

No. 743 T.R.—The 14th May 1905.—Maulvi Shamsuddin Haidar, Deputy Collector, is appointed to discharge the functions of a Collector, under sections 49, 69 and 70 of the Bengal Tenancy Act, VIII of 1885, in the district of Gaya.

No. 821 T.R.—The 20th May 1905.—Under the authority vested in him by section 2 (2) of the Sonthal Parganas Rent Regulation, II of 1886, the Lieutenant-Governor is pleased to vest Mr. H. L. L. Allanson, I.C.S., Settlement Officer of the Sonthal Parganas, with the powers of Deputy Commissioner for the purposes of section 25 of the said Regulation.

NOTIFICATION.

No. 846T.R., dated 22nd May 1905.—The following rules of the Postal Department relating to rent money-orders are published for general information:—

R. W. CARLYLE,

Offg. Chief Secy. to the Govt. of Bengal.

RULES RELATING TO RENT MONEY-ORDERS.

PART I.

The form of rent money-order.

1. The rent money-order form is divided into three parts, viz:—

- (a) The money-order.
- (b) The acknowledgement. (This is the tenant's receipt.)
- (c) The coupon. (This is the counterfoil of landlord's portion of the receipt.)

2. Part (a) requires no description, as it is exactly like the corresponding portion of the ordinary inland money-order form. Part (b) is much larger than the acknowledgement of an ordinary money-order form. On one side of this part are printed headings to provide for the entry of full particulars of the remittance, and on the other side are spaces for the name and address of the remitter. Part (c) is the same size as the acknowledgement, and contains the same headings as part (d). On the back of part (c) are special instructions relating to rent money-orders.

3. This form is to be used for rent money-orders only and for no other purpose.

4. Forms of rent money-order should be freely distributed among the rent-paying classes, and every facility should be given to tenants to obtain these forms.

5. Every postmaster, sub-postmaster and branch postmaster will be personally responsible that a sufficient supply of rent money-order forms is always available in his office. In case of emergency, supplies may be obtained by telegraph direct from the stock depot. Divisional Superintendents and Inspectors, when visiting offices, will see that a sufficient supply of rent money-order forms is available, and mention the fact in their inspection reports.

PART II.

Issue of rent money-orders.

6. Rent money-orders are issued from all head, sub and branch post-offices under the rules which govern the issue of ordinary inland money-orders, provided they are prepared in the prescribed form and are payable

in districts in the lower provinces of Bengal in which the Bengal Tenancy Act is in force or any other districts to which the Local Government may, from time to time, extend the provisions of the said Act. The following rules contain additional instructions which relate specially to the issue of rent money-orders.

Note.—Rent due on Government land may be remitted by rent money-order.

7. The rule prohibiting the inclusion of pies (fractions of an anna in the amount of an ordinary money-order does not apply to rent money-orders, which may contain any fraction of an anna not less than one pie.

Note.—The sub-items which go to make up the total of the rent money-order may contain any fraction of a pie.

8. There must be a separate money-order for each tenure or holding. Rent for two tenures or holdings may not be sent by one money-order.

9. The office of issue, when requested to do so, will help the remitter to make the requisite entries, and, if necessary, will make entries for him in the form of rent money-order; but no fee or any gratification for this service may be demanded or accepted, either directly or indirectly, by any official of the Postal Department.

10. Persons remitting money by rent money-orders should be informed that unless they have received special instructions from the landlord on the subject, they should make the orders payable to the landlord, or to his agent, or to the manager (if one has been appointed), according as the rent has previously been paid to the landlord, or to his agent, or to a manager. The name of the payee must in each case be entered on the money-order. In the absence of special instructions from the landlord, a rent money-order should always be made payable at the place at which the tenant has previously paid rent. If the rent has previously been collected in the tenant's village by an agent whose office is not in the village, the money-order should be made payable at the agent's permanent office, or at such other place as the landlord may appoint.

11. The office of issue is responsible that no rent money-order is issued of which the coupon and acknowledgement are blank, or are not completely filled up. The post-office has no means of ascertaining the correctness of the information supplied by the remitter; all that is necessary is that the postmaster or money-order clerk should see that entries are made against every heading in the coupon and acknowledgement. No rent money-order may be accepted for issue in which there is any erasure or correction in the name or month or year of the kist for which a remittance is made. If the remitter wishes to make any alteration, or tenders a money-order in which there is any alteration or erasure in the entry of the name or month or year of the kist, he must be instructed to fill up a fresh money order. When a rent money-order with deficient entries on the coupon, or no entry at all is presented for issue, the issuing postmaster should point out the omissions and help the remitter to the best of his power to supply them.

12. The office of issue must also see that no entry is made by the remitter beyond the entries provided for in the form of rent money-order. In some cases the tenant enters the annual rent or the area or the nature of his holding. Such entries are not provided for in the form, and were intentionally not provided for and should not be allowed. If a remitter tenders a rent money-order containing any entry for which the form does not provide, the postmaster or money-order clerk should refuse to accept the form and should ask the remitter to fill up another form. Under rule 9 the postmaster or money-order clerk will, if requested to do so, help the remitter to fill up a fresh form correctly.

13. The word "rent" should be written before the number of every rent money-order, and this mode of distinguishing rent money-orders should be adopted whenever the number is entered. The number assigned to a rent money-order by the head office or sub-office of issue will also be entered at the top of the acknowledgement and coupon by the money-order clerk of the head office or the sub-postmaster of the sub-office of issue, as the case may be.

14. One line of the return of rent money-orders issued (Form 2—Rent) should be filled in by every head and sub-office at the close of each day. On the 1st of the following month the return should be totalled and sent to the head-postmaster. The head-postmaster will compile a general return (Form 3—Rent) and submit it to the Postmaster-General not later than the 10th of the month following that to which it relates. Branch offices will not submit any returns, as rent money-orders issued from such offices will be included in the returns of their account offices.

PART III.

Payment of rent money-orders.

15. Before a rent money-order is made over to the postman for payment, the money-order clerk or postmaster of the office of payment will carefully examine the name or month and the year of the kist entered in the coupon and acknowledgement, and satisfy himself they have been clearly entered and bear no marks of erasure or correction.

16. If the examination prescribed in rule 15 shows any discrepancy or alteration in the entries of the kists in the coupon and the acknowledgement, the money-order must not be paid to the payee, but should be returned to the office of issue for repayment to the remitter with the following certificate endorsed in red ink by the postmaster of the office of payment across the acknowledgement:—"Entry of kist defective; returned for payment to remitter—(signature) postmaster." The office of payment will at the same time note the error in the error book, and send a copy of the entry to the Superintendent in whose jurisdiction the office of issue is situated, in order that the official in fault may be punished.

17. On receipt of the copy of the entry in the error book, the Superintendent will take such action as appears to him suitable, having regard to the special instructions to offices of issue in rule II of these rules.

18. A rent money-order should always be paid at the landlord's office at the place of payment entered in the money-order. If the money-order is drawn out as payable to the landlord himself, payment may be made to him or to any person authorized by him in writing to act as his agent, or to receive payment of money-orders in his favour. If the money-order is drawn out as payable to two or more joint landlords, the receipt and acknowledgement must be signed by both or all of the landlords, or by an agent authorized in writing by both or all of the landlords. If the money-order is drawn out as payable to an agent or manager, payment may only be made to the payee named and not to any one else. In making over money to postmen for payment of rent money-orders, the postmaster of the office of payment must observe the limit fixed for the amount to be entrusted at one time to a single postman or village postman. The date stamp of the office of payment should be impressed on the reverse of the acknowledgements just before the money-orders are given to the postmen for payment.

NOTE.—Rent money-orders in favour of a District Officer, Subdivisional Officer, Certificate Officer or other Gazetted officer of Government (excepting the Khaz Tahsildars, Tahsildars and Managers who are Deputy or Sub-Deputy Collectors), should be paid not in cash but by book transfer under the rules contained in Part II of the "Rules relating to money-orders in favour of Government or local bodies entitled to bank at treasuries or sub-treasuries."

19. In all other respects rent money-orders will be dealt with in the office of payment exactly like ordinary inland money-orders.

20. One line of the return of rent money-orders paid and refused (Form 4—Rent) should be filled in by every head and sub-office at the close of each day. On the 1st of the following month the return should be totalled and sent to the head-postmaster. The head-postmaster will compile a general return (Form 5—Rent) and submit it to the Postmaster-General not later than the 10th of the month following that to which it relates. Branch offices will not submit any returns. The rent money-orders paid by branch offices will be included in the returns of their account offices. All rent money-orders paid, whether paid to the original payees in cash or by book transfer or repaid to the remitters, are to be shown in these forms under "Rent money-orders paid."

PART IV.

Disposal of Rent Money-orders not accepted by the payee.

21. If a rent money-order is refused by the payee, the postmaster of the office of payment will certify in red ink across both the coupon and acknowledgement that the payee has declined

to receive payment. This certificate must always be recorded on refused rent money-orders whether the payee has or has not noted his refusal in writing, and the certificate will be signed by the postmaster. The postman who presented the order with the amount thereof to the payee will write his name and the date of presentation under the postmaster's signature. This certificate will be recorded in the form given below. The refused money-order will then be treated in the usual way and returned to the office of issue (with the coupon stitched to it) for repayment to the remitter. The coupon will be made over to the remitter (tenant) when the amount of the order is repaid to him. The acknowledgement will, when the office of payment is a head office, be retained in that office. In the case of any other office of payment, the acknowledgement for a refused money-order will be retained by that office until the 1st of the following month, when it will be attached to the return of rent money-orders paid and refused, and be forwarded to the head office. The acknowledgements relating to refused money-orders will be filed in monthly bundles in the head office and should be kept in the post-office safe. The postmaster will be responsible for their safe custody for three years from the last day of the agricultural year in which the money-orders were issued. On the expiry of the three years the acknowledgements should be destroyed.

22. In all other respects refused rent money-orders will be dealt with exactly like ordinary inland refused money-orders.

PART V.

Disposal of Rent Money-order Acknowledgements.

N.B.—The rules in this part apply to all acknowledgements pertaining to rent money-orders whether paid in cash or by book transfer.

23. The acknowledgements appertaining to paid rent money-orders will, if they are to be delivered from the head office of payment, be made over to the postmen or village postmen at the next delivery and be dealt with as prescribed in rule 26. The acknowledgement portion of rent money-orders paid by sub and branch offices should not be cut off by the actual office of payment, but the paid money-orders should be forwarded with the acknowledgements attached to them to the head office of payment. It is not, therefore, necessary for sub and branch offices to keep the form 'Rent 6' (book of rent money-order acknowledgements returned). This form should be maintained only in head offices, and acknowledgements to be delivered from any office other than the head office of payment should be sent to it in rent-acknowledgement envelopes (Rent 8) duly entered in registered lists.

24. Head and sub-offices should keep Form 'Rent 7' (book of rent money-order acknowledgements delivered). The acknowledgements of all rent money-orders to be delivered from a branch office should be sent by the head office of payment to the account office of the branch office. These acknowledgements should be detailed by the account office in the special book of rent money-order acknowledgements delivered (Form Rent 7), and be forwarded by the account office to the branch office entered on the reverse of the branch office daily account. The branch postmaster will note the numbers of the acknowledgements in the branch office journal, obtain the postman or village postman's signature against each entry, and then hand over the acknowledgements to the postman or village postman for delivery or deliver the acknowledgements himself in the case of offices in which the delivery work is performed by the branch postmaster.

25. The postman or village postman will enter the acknowledgements in detail in his book or register as the case may be, and will obtain the remitter's signature or mark therein when delivering each acknowledgement.

26. Acknowledgements appertaining to rent money-orders, the remitters of which have removed beyond the delivery range of the original office of issue, will be forwarded direct to the remitters at their new addresses (if known) enclosed in postal service registered covers.

27. Acknowledgements which cannot be delivered in consequence of the remitters not being found will be returned by the postman or village postman to the postmaster or money-order clerk (as the case may be), who will sign for them in the postman's book or village postman's register.

28. Undelivered acknowledgements will be kept in the office of issue (if a head office) for a period of six months, and, if still unclaimed, will be forwarded under a postal service registered cover to the Postmaster-General.

29. In sub and branch offices undelivered acknowledgements will be retained for a period of ten days, and, if still unclaimed, will be forwarded to the head office under a postal service registered cover. Such acknowledgements will be kept in the head office for a further period of six months, and, if still undelivered, will be forwarded under a postal service registered cover to the Postmaster-General.

30. A rent money-order acknowledgement received by the Postmaster-General under the provisions of the two preceding paragraphs will be kept by him for a period of three years from the last day of the agricultural year in which the money-order was issued and, if not claimed within that period, will be destroyed.

31. Postmasters, sub-postmasters and branch postmasters of offices of issue will be responsible that acknowledgements are delivered to remitters of rent money-orders without any unnecessary delay and free of charge. It will be useful to make enquiries as to the punctual and free delivery of acknowledgements from tenants who may call at post-offices to have rent money-orders issued.

32. Void rent money-orders are to be dealt with in accordance with rules 653, 654 and 655 of the Post-office Manual, volume I, 8th edition, and rules 505, 506 and 507 of the Post-office Manual, volume II, 8th edition.

P. K. RAY,

Offg. Principal, Presy. College.

PRESY. COLLEGE, CALCUTTA, the 16th May 1906.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

THIS School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengal); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of Elementary Mathematics.
- (2) Careful training in Survey work.
- (3) Drawing, both Free-hand and Engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Re. 1-8, except for non-domiciled Bengalis, who shall pay Re. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance examination of an Indian University in English and Mathematics.
- (2) Standard VII of the Code of European Schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion, and evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.
- (c) A certificate of good moral character.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

■ There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Re. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come.

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE,

The 14th February 1905.

H. R. JAMES,

Offg. Principal, Patna College.

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

The yearly examination of candidates for fourth grade, of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Dictation (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	120
Mensuration (a) the whole ...	60	30
Book-keeping (b) mercantile ...	100	50
Total ...	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping," by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the provinces or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

HIGH COURT NOTICES.

NOTIFICATION.

The following order of His Majesty in Council of the 20th March 1905, amending the procedure to be followed in England in appeals to His Majesty in Council where a Respondent fails to enter an appearance, is published for general information.

HIGH COURT;
ENGLISH DEPARTMENT
(CIVIL),
The 26th May 1905.

By order of the High Court,

A. P. MUDDIMAN,

Registrar.

AT THE COURT AT BUCKINGHAM PALACE.

The 20th day of March 1905.

PRESENT:

THE KING'S MOST EXCELLENT MAJESTY.

ARCHBISHOP OF CANTERBURY.
LORD PRESIDENT.

LORD SUFFIELD.
SIR WILLIAM WALKER.

WHEREAS there was this day read at the Board a representation from the Judicial Committee of the Privy Council, dated the 16th day of March 1905, and in the words following, viz.:—

"The Lords of the Judicial Committee having taken into consideration the practice under which an Appeal to Your Majesty in Council cannot, in the absence of a special Order

in that behalf made by their Lordships, be set down for hearing *ex parte* as against a Respondent to the Appeal who has failed to enter an Appearance thereto in the Registry of the Privy Council unless the Appellant shall have previously obtained from their Lordships two successive Orders commonly known as 'Appearance Orders' requiring the said Respondent to enter an Appearance to the Appeal within the periods by the said Orders respectively limited, and shall have duly published the said Orders by affixing the same on the Royal Exchange and elsewhere in the usual manner and unless the said periods so limited by the said Orders as aforesaid shall have expired. And being of opinion that the said practice is inconvenient and ought in certain cases and subject to certain conditions to be dispensed with. Their Lordships do this day agree humbly to recommend to Your Majesty to order as follows, that is to say:—

"1. That where a Respondent to an Appeal to Your Majesty in Council whose name has been entered on the Record of the Appeal by the Court admitting the Appeal fails to enter an Appearance to the Appeal in the Registry of the Privy Council, and it appears from the Transcript Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record to the Registrar of the Privy Council that the said Respondent has received notice of the Order admitting the Appeal to Your Majesty in Council or of the Order of Your Majesty in Council giving the Appellant special leave to appeal to Your Majesty in Council (as the case may be) and has also received notice of the dispatch of the said Transcript Record to the Registrar of the Privy Council the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an Appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date of the lodging of the Appellant's Petition of Appeal in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

"2. That where a Respondent to an Appeal to Your Majesty in Council whose name has been brought on the Record of the Appeal by an Order of Your Majesty in Council fails to enter an Appearance to the Appeal in the Registry of the Privy Council and it appears from the Transcript Record or from a Supplementary Record in the Appeal or from a Certificate of the Officer of the Court transmitting the said Transcript Record or Supplementary Record to the Registrar of the Privy Council that the said Respondent has received due notice of any intended application to Your Majesty in Council to bring him on the Record as a Respondent to the Appeal, the Appellant shall not, subject to any direction by their Lordships to the contrary, be required to take out Appearance Orders calling upon the said Respondent to enter an Appearance in the Appeal, and the Appeal may, subject as aforesaid, be set down for hearing *ex parte* as against the said Respondent at any time after the expiration of three calendar months from the date on which the said Respondent shall have been served with a copy of Your Majesty's Order in Council bringing him on the Record of the Appeal in like manner as if the said Appearance Orders had been taken out by the Appellant and the times thereby respectively limited for the said Respondent to enter an Appearance had expired.

"3. That nothing herein contained shall be deemed to affect the power of their Lordships to order the Appellant in an Appeal referred by Your Majesty to their Lordships to take out Appearance Orders or to be excused from taking out Appearance Orders in any case in which their Lordships shall think fit so to order and generally to give such directions to the time at which and the conditions on which an Appeal so referred as aforesaid shall be set down as in the opinion of their Lordships the circumstances of the case may require.

"4. That this Order shall apply to all Appeals in which the Petition of Appeal shall be lodged after the date hereof."

HIS MAJESTY having taken the said representation into consideration was pleased, by and with the advice of HIS PRIVY COUNCIL, to approve thereof and of what is therein recommended, whereof all persons whom it may concern are to take notice and govern themselves accordingly.

A. W. PITEROY.

Sheriff's Office, the 31st May 1905.

NOTICE is hereby given that the Third Criminal Sessions of the year 1905 of the High Court of Judicature at Fort William in Bengal, for the Town of Calcutta and Factory of Fort William, and the places subordinate thereto, will be held at the Court-house, in the Town of Calcutta, on Monday, the third day of July next, at 11 o'clock in the forenoon, and thenceforward from day to day until the said Sessions be over. EDUCATION DEPARTMENT, BENGAL.

Subordinate Educational Service.

The 27th May 1905.—Babu Durga Prasad Tewari, Deputy Inspector of Schools, Hazaribagh, under orders of transfer to Bhagalpur (Class IV), having returned to duty on the forenoon of the 31st May 1905, the unexpired portion of the leave granted to him under the orders of the 3rd May 1905 is cancelled.

Babu Ram Gopal Mukerjee, Sub-Inspector of Schools, Midnapore (Class V), is appointed, subject to the consent of the District Board of Midnapore, to act as Additional Deputy Inspector of Schools, Sonthal Parganas, during the absence, on deputation, of Babu Krishna Lal Sādhu, M.A., or until further orders.

V. H. JACKSON,

Asst. Director of Public Instruction, in charge.

RULES OF THE GOVERNMENT OUTTACK SURVEY SCHOOL.

I.—The school is under the general supervision of the Principal of the Ravenshaw College.

II.—The number of admissions to the first year class of each year is limited to 50, of whom only 20 can be other than Uriyas or Bengalis domiciled in Orissa; but should the number of eligible Uriya (or domiciled Bengali) candidates fall below 30, the vacancies thus occurring can be given to non-Uriya candidates.

III.—The session usually begins in the last week of June. All applications for admission should be made to the Principal of the Ravenshaw College on or before the 15th June previous to the commencement of the session, and should furnish the following particulars:—

- (a) Name, address and occupation of father and guardian.
- (b) Race and religion.
- (c) Age of the candidate (which must not exceed 20 years).

IV.—Candidates for admission must submit satisfactory evidence that they have read up to the first class of a High English School or, in the case of Uriya (or domiciled Bengali) candidates, have at least passed the Middle English Examination or have passed the annual examination of the 5th class of a High School.

V.—Each candidate must produce at the time of admission a certificate showing good moral character, and also a medical certificate of good and sound health from an Assistant Surgeon.

VI.—No student who fails to pass the final examination of a Survey School or does not bring a transfer certificate under the ordinary transfer rules will be permitted to join the second year class after the 31st July.

VII.—The admission fee is rupee one and the monthly fee rupee one, but Government scholars receive free tuition.

VIII.—There are six Government scholarships, which are awarded each year to the best Uriya students and domiciled Bengalis permanently settled in Orissa only on the results of the annual examination of the first year class.

IX.—The course of study in the school extends over two years, and the students are required to attend at least 75 per cent. of the working days.*

X.—The successful students at the annual examination of the first year class are usually promoted to the second year class; but those who wish may, at their option, leave the school with an amin certificate from the Head-master of the school. The successful students of the final survey standard examination receive certificates from the Director of Public Instruction, Bengal.

The curriculum of each year is detailed below:—

P. K. RAY,

Offg. Principal, Presy. College.

PRESY. COLLEGE, CALCUTTA, the 15th May 1905.

BIHAR SCHOOL OF ENGINEERING.

Prospectus for Admission.

This School is under the management of the Principal of the Patna College, assisted by a Board of Visitors. It owes its origin to a fund raised by residents of Bihar to commemorate the visit to India of His Royal Highness the Prince of Wales. The object of the fund was the promotion of technical instruction in Bihar. The School was formally opened on the 11th July 1896 by His Honour the Lieutenant-Governor of Bengal.

2. The number of students admitted to the first-year class of each year will be limited to 60, of whom only 15 can be other than Biharis by race (viz., natives of the United Provinces, Central Provinces or Bengal); but should the number of suitable applicants who are Biharis by race be insufficient to fill up the 45 vacancies, then the vacancies thus occurring can be given to those applicants who are natives of the United Provinces, Central Provinces, or Bengalis domiciled in Bihar or non-domiciled Bengalis.

As far as accommodation is available, students who have passed the final *B* class examination will be admitted to the second-year class, provided they are not over 21 years of age, preference, again, being given to Biharis and domiciled Bengalis.

3. The School, as at present constituted, is chiefly engaged in training students for appointment as Sub-Overseers and Overseers.

The curriculum includes—

- (1) A sound study of Elementary Mathematics.
- (2) Careful training in Survey work.
- (3) Drawing, both Free-hand and Engineering.
- (4) Elements of road-making and the construction of simple buildings.
- (5) Workshop practice, with hand tools and with machinery.

Students are prepared for the Overseer certificate of the Public Works Department. The necessary additional buildings have now been completed; and Government has agreed to reserve one appointment annually for a qualified student from this School, who must be a Bihari by race.

4. The next session will commence on 3rd July 1905.

5. In the Overseer Department, which corresponds to the Apprentice Department of the Shibpur College, the monthly fee is Rs. 1-8, except for non-domiciled Bengalis, who shall pay Rs. 3. All scholarship-holders, however, receive free tuition. Government scholarships of the value of Rs. 7 a month, tenable for one year, are awarded each year on the results of the annual examinations, eight being tenable in the second-year class, six in the third-year class, and six in the fourth-year class. Of the scholarships attached to the School, 75 per cent. of them are to be reserved for those students who are Biharis by race. The teaching is in English.

6. Candidates for admission to the Overseer Department must be under 20 years of age, and must have passed one of the tests mentioned below:—

- (1) The Entrance examination of an Indian University in English and Mathematics.
- (2) Standard VII of the Code of European Schools.
- (3) Students who have not passed either of these tests, and who are otherwise eligible, will have to pass an examination in English and Mathematics (of about the same standard as the Entrance examination of the Calcutta University in these subjects) to be held by the Principal of the Patna College on the 5th and 6th July, respectively (from 6 A.M. to 9 A.M. each day).

7. Candidates for admission must apply to the Principal not later than the 30th June. Their application must give the following particulars:—

- (a) Name, address, and occupation of father or guardian.
- (b) Race and religion, and evidence to show that he is either a Bihari or a native of the United Provinces or Central Provinces or a domiciled Bengali or a non-domiciled Bengali.
- (c) A certificate of good moral character.
- (d) An attested certificate of age (showing that he is under 20 years of age).
- (e) A medical certificate showing him to be fit for employment in the public service.
- (f) A certificate of having passed either of the first two of the three tests mentioned above, failing which the application will be kept pending till a certificate showing that the candidate has passed the third test is given to the Principal.

8. There is also an Amin class, admission to which may be obtained by students who do not know English. In the Amin class the course of study is for one year, and the monthly fee is Rs. 1. An Amin student is taught Elementary Surveying with a corresponding amount of Mathematics and of Geometrical Drawing. He will not be admitted to the Workshop. A student in the first-year class of the Overseer Department who fails to pass the examination for promotion to the second-year class, but who has shown an adequate knowledge of Elementary Surveying and the other subjects taught in the Amin class may, at his option, leave the School with an Amin certificate.

Candidates for Amin class who have not passed the Middle English or Middle Vernacular examination will be examined at the School on the 7th July; candidates failing at this examination will not be admitted.

9. Except in very special cases, a student will not be admitted to the Amin class for the session that commences from 3rd July 1905, unless application for admission is made before 30th June 1905.

10. Every candidate for admission to the School must bring a certificate of good character from the Head of the institution from which he has come.

11. All candidates for admission to the School should present themselves personally at the School on the 3rd July.

BANKIPORE,

The 14th February 1905.

H. R. JAMES,

Offg. Principal, Patna College.

NOTE.—There is a hostel in connection with the School which will be opened in July 1905.

Yearly Examination of Candidates for fourth grade of Accountants.

The yearly examination of candidates for fourth grade of Accountants, Public Works Department, will be held at the Civil Engineering College, Sibpur, on Monday and Tuesday, the 3rd and 4th July 1905, at 10-30 A.M., both days:—

SUBJECTS.

	Full marks.	Minimum pass marks.
Writing (neatness, clearness, and rapidity) ...	100	50
Diction (spelling, punctuation, etc.) ...	100	50
Arithmetic (the whole) ...	240	160
Mensuration (a) the whole ...	60	30
Book-keeping (b) mercantile ...	100	50
Total ...	600	

Minimum required in all papers collectively, 400.

(a) Todhunter's Mensuration for Beginners.

(b) "Book-keeping," by Ball and Hamilton.

"Book-keeping," by double and single entry, by W. Inglis (Chambers' Educational Course).

1. The examination is held annually at the Civil Engineering College, Sibpur, on the 1st Monday in July. The examination will be conducted either at the College, or by an Examiner, Public Works Accounts (including Railway and Telegraph), in Bengal, Assam, and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements, in regard to the place and hour of examination, with the candidates.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable

establishment on State Railways.

2. The candidate should apply to an Examiner of Public Works Accounts, not later than 30 days previous to the date fixed for the examination, and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates, and must be forwarded by him, not direct to the Principal, but through the Examiner.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but none will be returned:—

(1) Certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior, under whom he may have been brought up or employed, or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) Certificate of age (baptismal or of birth) not required, if the candidate is already in permanent Government employ.

(3) Certificate that the application is in the candidate's handwriting.

NOTE.—A candidate already in Government service should, in like manner, submit his application, through his immediate official superior, to an Examiner of Accounts qualified to hold the particular examination, and should state whether he desires to be examined at the office of the Examiner of Accounts concerned or at the College.

It will rest with the Examiner of Accounts, to whom the candidate submits his application, to decide, on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination or whether his application should be rejected. The Examiner of Accounts will then forward to the Principal, for registration, the names of the accepted candidates. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Examiner of Accounts. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fee paid will not be refunded.

6. Passed candidates should apply, not to the Principal of the College, nor to the Accountant-General, Public Works Department, but direct to the Examiner of Public Works Accounts, in the province or railway under whom they may desire to be employed.

7. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that in making appointments preference will be given to qualified persons who are already employed in the Department.

8. The Civil Engineering College acts solely as an examination body in reference to admission to the fourth grade of Accountants, Public Works Department.

9. Candidates for the fourth grade Accountantship examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination, at the Sibpur College centre only, but, even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Accountant-General, Public Works Department.

10. Candidates over 25 years of age should apply in writing to the Principal of the Civil Engineering College, not later than 30 days previous to the examination; the application to be accompanied by the fee of Rs. 10.

SIBPUR,

The 5th May 1905.

A. MACDONELL,

Offg. Principal, Civil Engineering College.

No. 16.—*Notification.*—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the provisions of sections VI and XI of Act V (B.C.) of 1864, to make the following addendum to the schedule of tolls in force on the Calcutta Canals and Tolly's Nala and published in Notification No. 144, dated the 23rd May 1893.

W. A. INGLIS,

Secy. to the Govt. of Bengal.

13.—During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Biddiadharee through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

For purposes of reckoning demurrage charges under item No. 11 of the schedule, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

4. In the second line of Rule 27 at page 139, insert the words "manuscript" between the words "of" and "copies."

5. After the first paragraph of Rule 28 at page 140, insert the following:—

In the case of type-written copies, certified or uncertified, the following uniform charges shall be made, viz.—

- (1) the impressed stamped paper of 3 annas referred to in the preceding paragraph, for copies of documents containing 150 type-written words or less;
- (2) the same impressed stamped paper of 3 annas with an adhesive stamp of 3 annas affixed thereto, for copies of documents containing from 151 to 300 type-written words; and
- (3) the same impressed stamped paper of 3 annas with an adhesive stamp of 6 annas affixed thereto, for copies of documents containing from 301 to 450 type-written words. These sheets should be used for copies of lengthy documents. For the concluding portion of such documents, the stamped paper (1), (2) or (3) should be used, according to the number of words remaining to be typed.

These charges, it will be seen, correspond exactly with the charges for manuscript copies, viz., 3 annas for a folio of 150 English words. The sheets will be divided into three equal parts by blue lines, each part being intended for 150 type-written words. In the case of the charges (2) and (3) above, the adhesive stamps will be affixed across the perforated line on the top of the sheet of the impressed stamped paper.

6. Cancel the second paragraph of Rule 28 at page 140.

7. In the third line of Rule 8 at page 154, insert the words "the Court-fee stamps affixed to the folios, together with" after the word "punch".

8. In the first line of Rule 2 at page 295, after the word "copyists", insert the words "and typists," and in the sixth line insert the words "or licensed typist" after the words "licensed copyist." At the end of the Rule, insert the words—"Typists providing their own type-writing machines should be given the preference over copyists, when fresh appointments are made."

9. In the first line of Rule 3 at page 295, insert the words "and typists" after the word "copyists"; in the third line cancel the word "and"; and in the fourth line insert the words "and of each typist, who provides his own type-writing machine, at least Rs. 50 per month" after the words "per month."

10. In the second line of Rule 5 at page 296, insert the words "and adhesive" between the words "impressed" and "stamps"; in the sixth line, insert the words "or typist" after the words "licensed copyists"; and in the twelfth line, insert the words "or typist's" between the words "copyist's" and "name." In the first line of Note 1 to this Rule, insert the words "or typist" after the word "copyist."

11. In the second and sixth lines of Rule 6 at page 297, insert the words "or typist's" after the word "copyist's."

12. In the fourth line of Rule 7 at page 297, insert the words "or typed" after the word "written"; in the seventh line, insert the words "or typists" after the word "copyists"; in the eighth line, insert the words "or typing" after the word "writing"; and in the tenth line, insert the words "or space" after the words "each sheet."

13. In the first line of Rule 8 (a) at page 297, insert the words "and typist" after the words "a copyist" and the words "and typists" after the word "copyists" appearing in the third and fifth lines.

14. In the first line of Rule 8 (b) at page 297, insert the words "typists or" between the words "No" and "copyist."

15. Cancel columns 7 to 10 of the "Register of Applications for copies" reproduced at page 89 of Volume II, and substitute therefor the following:—

No. 1172T.R.—*The 7th June 1905.*—The following draft of rules which it is proposed to make under the Glanders and Faray Act, 1899 (XIII of 1899), for the Port of Calcutta, the River Hooghly and the channels leading to the said Port, is published for the information of persons likely to be affected thereby. This draft will be taken into consideration on or after the 14th July 1905, and objections or suggestions which any person may desire to make should be sent to the undersigned by that date.

R. W. CARLILE.

Offg. Chief Secy. to the Govt. of Bengal.

Draft Notification.

In exercise of the power conferred by section 14 of the Glanders and Faray Act, 1899 (XIII of 1899), the Lieutenant-Governor is pleased to make the following rules for the

Port of Calcutta, the River Hooghly and the channels leading to the said Port, as defined in Government Notification No. 54 Marine, dated the 2nd March, 1887.

1. In these rules,—

- (1) "the Act" means the Glanders and Farcy Act, 1899 (XIII of 1899);
- (2) "the Head Office" means the head office at the Bengal Veterinary College, Belgaichia;
- (3) "the hospital" means the Contagious Diseases (Animals) Hospital attached to the Bengal Veterinary College, Belgaichia;
- (4) "Inspector" means an Inspector appointed under section 4 of the Act;
- (5) "the Port" means the Port of Calcutta, and includes the River Hooghly and the channels leading to the said Port;
- (6) "schedule" means a schedule annexed to these rules;
- (7) "the Superintendent" means the Superintendent or other officer in charge of the Civil Veterinary Department, Bengal; and
- (8) "Veterinary Practitioner" means a Veterinary Practitioner appointed under the Act.

N. B.—By virtue of section 29 of General Clause Act, 1897 (X of 1897), expressions used in these rules have the same meaning as in the Glanders and Farcy Act, 1899; consequently, the expression "diseased" has the meaning stated in section 2 (f) of the latter Act, and the word "horses" includes asses and mules—see section 2 (g) of that Act.

2. (1) The operations under the Act in the Port shall be under the direction of the Superintendent.
Control by Superintendent.

(2) All Inspectors and Veterinary Practitioners, and all members of the Veterinary Preventive Force appointed to assist Inspectors and Veterinary Practitioners in carrying out the purposes and objects of the Act, shall be under the control of the Superintendent.

3. Whenever a vessel with one or more horses on board arrives off Saugor Island,—
Duties of Master and signaller on arrival of vessel off Saugor Island.

(1) the Master shall—

- (a) report to the Pilot in charge of the vessel the fact ■ a horse or horses being on board; and
- (b) hoist at the main or mizen mast, for the information of the Inspector on duty in the Port (if any horse is from Queensland) Flag H, or (if none of the horses are from Queensland) Flag N; and
- (c) keep the said flag flying until he is informed by the inspector at Diamond Harbour that none of the horses are diseased; and

(2) the signaller at Saugor shall telegraph at once to the Inspector at Diamond Harbour and to the Superintendent the arrival of the vessel.

4. The said Pilot shall deliver to the said Master a printed copy of sections 2, 10 and 11 of the Act, and the Master shall give such copy to the owner or person in charge of the said horse or horses.
Delivery of copy of sections of Act.

5. If the said Pilot, or any officer of Police or of the Customs Department who goes on board the said vessel, has reason to believe that any horse on board is diseased, he shall at once give information thereof to—
Report of disease by Pilot or Police or Customs Officer.

- (a) the Master of the vessel,
- (b) the Superintendent of the Water Police, and
- (c) the Inspector on duty in the Port.

6. If the Master of the said vessel has reason to believe that any horse on board is diseased, or if information that any such horse is diseased is given to him under rule 5, he shall prevent any horse from being disembarked until an Inspector has inspected all the horses on board.
Suspension of disembarkation of horses.

7. If the services of the Inspector on duty in the Port should not be immediately available, when required for the purposes of any of the foregoing rules, the Police on duty in the Port must at once inform the nearest Inspector and the Head Office of the fact.
Report by Police when services of the Inspector on duty in the Port are not available.

8. Whenever any information is given to the Superintendent of the Water Police under rule 5, he shall cause the same to be taken down in writing, and shall at once forward the writing to an Inspector and to the Head Office.
Duty of Superintendent of Water Police on receiving information under rule 5.

(1) If any officer of the Government has reason to believe that any horse which is being landed or has just been landed at any wharf, dock, bandler or other place is diseased, the person in charge of such horse shall, upon the requisition of such officer, keep the said horse, and all other horses (if any) landed with it, separate, at or near the spot where it has been landed, until an Inspector has inspected all the horses.
Procedures where any officer of the Government suspects disease on landing.

(2) The officer making such requisition shall forthwith give information to the nearest superior officer of police, who shall cause the same to be taken down in writing, and shall at once forward the writing to an Inspector and to the Head Office.

10. (1) Whenever an Inspector has reason to believe that a diseased horse is to be found on board any vessel in or about to enter the Port, he shall enter such vessel and search for and inspect such horse and all other horses (if any) on board such vessel.

(2) Every entry upon and search of a vessel, and every inspection of horses, made by an Inspector under this rule or under section 5 of the Act, must be made in the presence of the Master or some other officer of the vessel, and of the owner or person in charge of the horses if he desires to attend.

(3) Before making any such entry the Inspector shall, if so required, produce his certificate of appointment.

(4) Every such certificate shall be in the form contained in Schedule I.

(5) When making any such entry, search and inspection, the Inspector may be accompanied by any other Inspector or Inspectors or any Veterinary Practitioner or any member or members of the Veterinary Preventive Force whom he may consider it necessary to take with him.

(6) The Master and every officer of such vessel, and the owner or person in charge of the horses on board, shall give free access to the Inspector and the persons (if any) accompanying him, and shall in every way facilitate his search and inspection.

11. (1) Whenever an Inspector has reason to believe that any horse on board a vessel in the port is diseased, he shall seize such horse and deliver it to a member of the Veterinary Preventive Force, to be taken to a Veterinary Practitioner.

(2) If such Veterinary Practitioner certifies under section 8 of the Act that the horse is suffering from any disease other than glanders or farcy, he shall, as soon as possible, order it either—

(a) to be destroyed, or

(b) to be sent, with all due care for the prevention of contagion to other horses and to human beings, to the hospital, where it shall be dealt with under the Act and these rules; or

(c) to be otherwise treated or dealt with,

as he may deem necessary.

(3) Any horse so sent to the hospital may be detained therein for such time as the officer in charge may consider necessary, and may be submitted to any recognised test.

12. (1) When an Inspector seizes a horse under section 6 of the Act, he shall present to the Master of the vessel, or to the owner or person in charge of the horse, a printed copy of these rules.

(2) If the Inspector is a Veterinary Practitioner, and if the horse is found on examination to be diseased, he shall also present to such owner or person a certificate in the form set forth in Schedule II.

(3) If the Inspector is not a Veterinary Practitioner, and if the horse is found on examination by a Veterinary Practitioner to be diseased, the Inspector shall, as soon as practicable, procure from such practitioner a certificate in the said form and shall serve a copy of it on the said Master, owner or person.

(4) If the said Master, owner or person is absent at the time of the seizure, the Inspector shall nail on to a prominent place on the vessel the documents hereinbefore mentioned.

13. (1) If, after completing the examination of a horse, the Veterinary Practitioner does not certify that the horse is diseased, the expenses incurred shall be debited to the Government.

(2) If the person entitled to the possession of the horse is not present to receive it under section 8 (2) of the Act, the Inspector shall forthwith serve upon him a notice, in the form contained in Schedule III, requesting him to remove the horse within a period of seven days from the date of the notice.

(3) The said notice may be served either personally or by leaving it at the last known residence or place of business of the person believed to be entitled to the possession of the horse; and in the latter case a copy of the notice shall be posted at the police-station within the local limits of which the horse was seized.

(4) If the horse is not removed within the aforesaid period of seven days, it may be—

(a) sold to defray expenses, in which case any balance that may remain after meeting all charges may be kept at the owner's disposal for two months, after which time it shall be the property of the Government; or

(b) sent to the Pinjrapole; or

(c) destroyed.

14. If a Veterinary Practitioner certifies under section 8 of the Act that a horse is suffering from glanders or fâroy, or orders, under rule 11, that a horse certified to be suffering from any other disease be destroyed, or if the destruction of a horse is ordered under rule 13, it shall be destroyed humanely in the presence of an Inspector, and the carcass shall be disposed of in the presence of a member of the Veterinary Preventive Force.

15. (1) Licenses under section 11 of the Act for the removal of horses which have been with a diseased horse shall be granted by the Inspector in the form contained in Schedule IV.

(2) The place to which horses shall be removed under any such license for isolation shall ordinarily be the hospital.

16. When a horse or carcass which is diseased or believed to be diseased is about to be removed to another place for examination, slaughter, cremation, burial or any other lawful purpose, the owner or person in charge of the horse or carcass shall attach a suitable covering over the nostrils and to any part of the body or carcass from which contagious or infectious matter may escape, so as to minimise danger from contact during removal.

17. (1) If a diseased horse dies, the owner or the person in charge of it shall, as soon as possible, and with all due care for the prevention of contagion to other horses and to human beings, cause the carcass to be taken to a suitable place, to be there burnt or buried or otherwise disposed of in the safest and most efficacious manner practicable.

(2) The means of disposal to be adopted shall be decided in each case by an Inspector, and shall be recorded in writing; and the work shall be carried out under the supervision of a member of the Veterinary Preventive Force.

18. (1) Whenever an Inspector issues a notice under section 9 of the Act to the Master or the officer in charge of a vessel, to have the same disinfected, such disinfection shall be regulated as follows, namely:—

- (a) all refuse derived from cleansing, and all dung, litter, straw, grass or hay, shall be taken to a suitable place and burnt; and any material left after burning shall be buried according to orders issued by an Inspector;
- (b) every piece of stable gear connected in any way with a diseased horse, including feeding-troughs, pails and buckets, shall be destroyed by fire, except iron-work, and that shall be made red hot;
- (c) every part of the vessel which has been within reach of a diseased or suspected horse shall be thoroughly scraped.
- (d) in the case of a steam vessel,—
 - (i) the steam hose superheated shall be turned on and carefully applied to every part of the deck, hold or other place which has been occupied by any horse;
 - (ii) the deck, hold or other place shall then be washed with soft soap and hot water, mixed with crude carbolic acid or phenyls in the proportion of one part of acid to twenty parts of water; and
 - (iii) the said place shall then be freely ventilated;
- (e) in the case of a sailing ship, or of a steam-ship unprovided with a steam hose, the procedure prescribed in clause (d) shall be adopted, except that scrubbing with hot water may be substituted for the use of a steam hose.

(2) Notwithstanding anything in clause (1), the Inspector may, for reasons recorded in writing, prescribe any method of disinfection which the special circumstances of a particular case may seem to him to require.

19. (1) Every vessel which has been disinfected under rule 18 shall, after disinfection, be examined by an Inspector.

Examination of vessel by Inspector after disinfection.

(2) The Master or officer in charge of any such vessel shall give such Inspector all reasonable facilities for such examination.

(3) If the Inspector is not satisfied that the work of disinfecting any vessel has been thoroughly done, he may pass such orders as he may consider necessary to secure the proper disinfection of the vessel, and the Master or officer in charge of the vessel shall be bound forthwith to carry out such orders.

20. The expense of detaining, isolating and testing, under the Act or these rules, any horse which a Veterinary Practitioner has certified to be diseased shall be recovered from the owner or the person who was in charge of such horse, according to the following scale, namely:—

- (a) a fee of one rupee for admission to the hospital;
- (b) four annas a day for food; and
- (c) in the event of slaughter or death, a fee of two rupees for disposing of the carcass.

Provided that the whole or any part of such expense may be remitted and debited to the Government by the Superintendent, if it is proved to his satisfaction that the debtor has

executed promptly and thoroughly all the duties laid upon him by or under the Act or these rules:

Provided also that no charge shall be made for admission or for food if the owner or the person who was in charge of the horse himself provides food and an attendant.

21. Every account rendered under rule 20 to an owner or to a person who was in charge of a horse shall be prepared in the form contained in Schedule V, so far as it is applicable.

Form of account.

22. All sums due from any person under rule 20 shall be recoverable, on application to a Magistrate, as if they were fines.

Recovery of sums due.

23. In the event of obstruction, the Police shall be bound, on the written application of an Inspector, a Veterinary Practitioner, or a member of the Veterinary Preventive Force, to render such officers

Assistance by police.

such assistance as may be necessary to enable them duly to perform their duties under the Act and these rules.

24. Every Inspector, and every member of the Veterinary Preventive Force, who is not a gazetted or commissioned officer, shall, when on duty, wear a distinctive uniform prescribed for his department:

Uniform.

Provided that the Superintendent may, by written order, exempt any officer from compliance with this rule.

25. Whoever commits a breach of any of these rules shall be punishable with imprisonment for a term which may extend to one month, or with fine which may extend to fifty rupees, or with both.

Penalty for breach of rule.

IRRIGATION DEPARTMENT.

The 13th June 1905.

No. 17.—Notification.—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.O.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to make the following alterations and additions in rules 5, 6, 9, 15, 47 and 48 of the Water-rate Rules for the Orissa Canals and in Appendices III and VIII thereto.

W. A. INGLIS,

*Secy. to the Govt. of Bengal.**Existing rules.*

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be received either at the Subdivisional or Sectional Canal office; in the latter case, the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer.

Proposed rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented at any time; but if presented after the 1st of April in the year during which the lease is to commence, an additional charge of 1 piece per *gooni* of local measure, equivalent to 6 annas 3 piece per *mán*, will be made for the year following that in which the lease has been applied for.

The Subdivisional Canal Officer shall, at a date not less than three months and not more than six months before the expiry of a lease for a term of years, send a notice in writing to the representative of the cultivators informing him of the fact. Such notice shall request that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 1st of April.

The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the zilladar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

Existing rules.

6. The milledar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

9. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the milledar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. The chaukidar of the village or such other representative as, with the consent of a majority of the lessees and with the approval of the Subdivisional Canal Officer, may be appointed for the purpose by the Deputy Collector, or other officer in charge of the Revenue

Proposed rules.

6. The milledar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The amin shall write out daily in the form provided for the purpose abstracts for each cultivator of the entries in the khasra relating to lands in his occupation and shall deliver such abstracts, to the representative for distribution.

9. On the 1st December of each year, or on any subsequent date, the Divisional Canal Officer may decline to proceed with a lease for a term of years the application for which has not been fully signed by that date. Provided that the form of application shall have been tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the milledar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. Before any lease other than a special lease for *dahra* rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators a person or persons who must have a direct interest in

Existing rules.

Division, in consideration of his giving assistance in the matters noted below, shall be entitled to free irrigation of lands in his own occupation which may be within the boundaries of a block leased for a term of years, or to which water is supplied under a season lease other than a special lease for *daira* rice provided for in rule 19, subject to a limit of 3 per cent. on the total area assessed:—

- (i) In assisting the amin while preparing the assessment papers for land, which it is proposed to lease for a term of years, or for lands which have been irrigated under season leases.
- (ii) In procuring and attesting the signatures to the applications for long leases or for season leases for rice.
- (iii) In receiving the individual notices of amounts assessed, and in distributing them to the persons concerned.
- (iv) In attending when required at enquiries into complaints.
- (v) In giving information to the Subdivisional or sectional officers regarding any insufficiency of the supply of water or of any misuse of the supply of water.
- (vi) In giving information to the zilladar with respect to alterations in the occupancy of lands under lease for a term of years.
- (vii) In assisting the tahsildar in collecting the rates.

48. The chaukidar or other representative shall only be entitled to the free irrigation if he renders the assistance required to the best of his ability. It shall be within the discretion of the Deputy Collector or other officer in charge of the Revenue Division to disallow the free irrigation and to recover the rates from the chaukidar or other representative for reasons duly recorded in writing.

Proposed rules.

the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease, and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village unless he or they resign the office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters:—

- (1) To assist the amin while preparing the assessment papers.
- (2) To assist in procuring and to attest the signatures to applications for leases.
- (3) To receive and to distribute to the persons concerned the individual notices of amounts charged.
- (4) To attend and to assist at enquiries into complaints.
- (5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.
- (6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years.
- (7) To assist the tahsildar in collecting the rates.

48. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent. of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 47A has not been rendered to the best of the ability of the representative or representatives.

[Second Publication.]

The 8th June 1905.

No. 16.—Notification.—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the provisions of sections VI and XI of Act V (B.C.) of 1864, to make the following addendum to the schedule of tolls in force on the Calcutta Canals and Tolly's Nala and published in Notification No. 144, dated the 23rd May 1893.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

13.—During neap-tides, when there is not sufficient water in the Tolly's Nala near Ruasa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Biddadharree through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

For purposes of reckoning demurrage charges under item No. 11 of the schedule, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

RAILWAY DEPARTMENT.

The 15th June 1905.

Inspector of European Schools, Bengal.

**CIVIL ENGINEERING COLLEGE, SIBPUR.
AGRICULTURAL DEPARTMENT.**

HIGHER AGRICULTURAL CLASS.

[Session 1905-1906.]

Rules for admission.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

- (i) He must have passed the F.E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural class after the expiration of five years from admission into the Engineering College.
- (ii) He must have passed the B.A. Examination of the Calcutta University by the B. course, or possess other sufficient educational qualifications; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs. 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs. 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fee will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be Rs. 8 a month.

Further particulars may be obtained free on application to the Principal.

No. 17.—*Notification.*—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.O.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to make the following alterations and additions in rules 5, 6, 9, 15, 47 and 48 of the Water-rate Rules for the Orissa Canals and in Appendices III and VIII thereto.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

Existing rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be received either at the Subdivisional or Sectional Canal office: in the latter case, the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer.

Proposed rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented at any time; but if presented after the 1st of April in the year during which the lease is to commence an additional charge of 1 pice per *gaut* of land measure, equivalent to 6 annas 3 pices per *maut*, will be made for the year following that in which the lease has been applied for.

The Subdivisional Canal Officer shall, at a date not less than three months and not more than six months before the expiry of a lease for a term of years, send notice in writing to the representative of the cultivator informing him of the fact. Such notice shall require that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 1st of April.

The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the *zilladar* in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the *zilladar* in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

Existing rules.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

9. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. The chaukidar of the village or such other representative as, with the consent of a majority of the leasees and with the approval of the Subdivisional Canal Officer, may be appointed for the purpose by the Deputy Collector, or other officer in charge of the Revenue

Proposed rules.

6. The zilladar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The amin shall write out daily in the form provided for the purpose abstracts for each cultivator of the entries in the khasra relating to lands in his occupation and shall deliver such abstracts, to the representative for distribution.

9. On the 1st December of each year, or on any subsequent date, the Divisional Canal Officer may decide to proceed with a lease for a term of years the application for which has not been fully signed by that date. Provided that the form of application shall have been tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. Before any lease other than a special lease for autumn rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators a person or persons who must have a direct interest in

Existing rules.

Division, in consideration of his giving assistance in the matters noted below, shall be entitled to free irrigation of lands in his own occupation which may be within the boundaries of a block leased for a term of years, or to which water is supplied under a season lease other than a special lease for *dabra* rice provided for in rule 10, subject to a limit of 3 per cent. on the total area assessed:—

- (i) In assisting the amin while preparing the assessment papers for land, which it is proposed to lease for a term of years, or for lands which have been irrigated under season leases.
- (ii) In procuring and attesting the signatures to the applications for long leases or for season leases for rice.
- (iii) In receiving the individual notices of amounts assessed, and in distributing them to the persons concerned.
- (iv) In attending when required at enquiries into complaints.
- (v) In giving information to the Subdivisional or sectional officers regarding any insufficiency of the supply of water or of any misuse of the supply of water.
- (vi) In giving information to the zilladar with respect to alterations in the occupancy of lands under lease for a term of years.
- (vii) In assisting the tahsildar in collecting the rates.

48. The chaukidar or other representative shall only be entitled to the free irrigation if he renders the assistance required to the best of his ability. It shall be within the discretion of the Deputy Collector or other officer in charge of the Revenue Division to disallow the free irrigation and to recover the rates from the chaukidar or other representative for reasons duly recorded in writing.

Proposed rules.

the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease, and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village unless he or they resign the office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters:—

- (1) To assist the amin while preparing the assessment papers.
- (2) To assist in procuring and to attest the signatures to applications for leases.
- (3) To receive and to distribute to the persons concerned the individual notices of amounts charged.
- (4) To attend and to assist at enquiries into complaints.
- (5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.
- (6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years.
- (7) To assist the tahsildar in collecting the rates.

48. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent. of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 47A has not been rendered to the best of the ability of the representative or representatives.

No. 16.—*Notification.*—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the provisions of sections VI and XI of Act V (B.O.) of 1864, to make the following addendum to the schedule of tolls in force on the Calcutta Canals and Tolly's Nala and published in Notification No. 144, dated the 23rd May 1898.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

13.—During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Biddiadharee through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

For purposes of reckoning demurrage charges under item No. 11 of the schedule, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

ISSUED BY AUTHORITY OF THE HIGH COURT OF JUDICATURE
AT FORT WILLIAM IN BENGAL.

(CIVIL.)

No. of 1905.

At page 182 of Volume I of the High Court's General Rules and Circular Orders (Civil) insert the following:

6A. Parties shall be required to file with the nazir, not later than 12 noon,¹ lists of the witnesses who are in attendance to give evidence on their behalf. Lists presented later than that hour will not be received by the nazir. The nazir, or naib nazir, will verify the fact of the attendance of the witnesses named in the lists, and will, not later than 12-30 P.M.,² send the lists, after initialling them, to the Bench Clerk of the Court concerned. The Bench Clerk will enter in the Register of the attendance of witnesses the names of the witnesses who are entered in the lists, and also of those who, though not so entered, are actually examined.

The omission of the name of a witness from the list sent to the Court by the nazir shall be no bar to such witness being examined, if presented for examination, but no costs shall be allowed to any witness on account of his expenses for the day's attendance, if he is neither entered in the lists, nor actually examined.

NOTE.—This rule in no way affects the obligation, on the part of witnesses, to attend punctually at the time to which they are summoned.

(CRIMINAL.)

No. of 1905.

Insert the following at page 29 of Volume I of the High Court's General Rules and Circular Orders, Criminal:—

74A. The Police Officer attached to the Court, or some other responsible officer of the Court, specially appointed to the duty, shall be required to make over to the Bench Clerk, not later than 12-30 P.M.,¹ a list, verified, dated and initialled by him, of the witnesses who, up to 12 noon,² are in attendance for examination. The Bench Clerk will enter in the Register of attendance of witnesses the names of the witnesses entered in the list, and also of those who, though not so entered, are actually examined. The omission of the name of a witness from the list shall be no bar to such witness being examined, if presented for examination; but no costs shall be allowed to any witness on account of his expenses for the day's attendance, if he is neither entered in the list, nor actually examined.

NOTE.—This rule in no way affects the obligation, on the part of witnesses, to attend punctually at the time for which they are summoned.

**CIVIL ENGINEERING COLLEGE, SIBPUR.
AGRICULTURAL DEPARTMENT.**

HIGHER AGRICULTURAL CLASS.

[Session 1905-1906.]

Rules for admission.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

- (i) He must have passed the F.E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural class after the expiration of five years from admission into the Engineering College.
- (ii) He must have passed the B.A. Examination of the Calcutta University by the B. course, or possess other sufficient educational qualifications; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If the officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs. 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs. 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be Rs. 8 a month.

Further particulars may be obtained free on application to the Principal.

[Third Publication.]

The 13th June 1905.

No. 17.—*Notification.*—In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor of Bengal proposes to make the following alterations and additions in rules 5, 6, 9, 15, 47 and 48 of the Water-rate Rules for the Orissa Canals and in Appendices III and VIII thereto.

W. A. INGLIS,

*Secy. to the Govt. of Bengal.**Existing rules.*

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be received either at the Subdivisional or Sectional Canal office: in the latter case, the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer.

The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the sildar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The sildar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

9. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the sildar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry,

Proposed rules.

5. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented at any time; but if presented after the 1st of April in the year during which the lease is to commence, an additional charge of 1 pice per *goont* of local measure, equivalent to 6 annas 3 pias per *mán*, will be made for the year following that in which the lease has been applied for.

The Subdivisional Canal Officer shall, at a date not less than three months and not more than six months before the expiry of a lease for a term of years, send a notice in writing to the representative of the cultivators informing him of the fact. Such notice shall request that early intimation may be sent if it is desired to renew the lease, and shall draw attention to the extra charge which will be incurred if the application is presented after the 1st of April.

The preliminary application may be presented either at the Subdivisional or Sectional Canal office. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block, and that it can be irrigated, shall at once inform the Divisional Canal Officer, giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval, he shall forward the preliminary application to the sildar in order that the detailed assessment of the block may be taken in hand. A copy of the map alluded to in rule 4 shall be sent with the application, and this constitutes the basis of the assessment.

6. The sildar on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map and shall measure the areas with a chain or measuring-rod.

The application shall be written in the form provided for the purpose, and shall be signed by the representative of the cultivators of the lands in his occupation, and shall be countersigned by the representative of the distribution.

9. On receipt of the application, the sildar may decline to proceed with the application, or he may forward it to the Subdivisional Canal Officer by that date. Provided that the application shall have been

recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures should be those of the leading cultivators in the block in question, and they should represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. The chackidar of the village or such other representative as, with the consent of a majority of the leasees and with the approval of the Subdivisional Canal Officer, may be appointed for the purpose by the Deputy Collector, or other officer in charge of the Revenue Division, in consideration of his giving assistance in the matter noted below, shall be entitled to free irrigation of lands in his own occupation which may be within the boundaries of a block leased for a term of years, or to which water is supplied under a season lease other than a special lease for *dalua* rice provided for in rule 19, subject to a limit of 3 per cent. on the total area assessed:—

- (i) In assisting the amir while preparing the assessment papers for land, which it is proposed to lease for a term of years, or for lands which have been irrigated under season lease.
- (ii) In procuring and attesting the signatures to applications for long leases or for season leases for rice.

Proposed rules.

tendered to the cultivators through their representative for signature after the adjustment of any matters in dispute with regard to classification or area of land not less than 15 days before the 1st December or subsequent date. Any provisional lease covering the same lands on which a supply of water may have been granted pending the completion of the lease for a term of years shall then become the substantive lease for the season and shall be put in force.

9A. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that certain of them decline to sign the application, the zilladar shall report the matter to the Subdivisional Canal Officer. This officer shall hold a local enquiry, recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide if the lease may be accepted, excluding the fields in the occupation of the persons who decline to sign or whether the lease shall be declined. The Divisional Canal Officer is authorized to grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desirable to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reason for granting the lease shall be fully recorded.

15. Applicants for a lease for a term of years or for a season lease for the irrigation of autumn rice who may require water before the lease has been concluded can obtain a supply on tendering an application for a provisional lease in the form given as Appendix No. III to these rules. This application must be signed in the presence of the Sectional Officer or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. VIII to these rules, and shall at once supply water.

47. Before any lease other than a special lease for *dalua* rice provided for in rule 19 is entered into, the Deputy Collector or other officer in charge of the Revenue Division shall select as representative of the cultivators person or persons who must have a direct interest in the land covered by the lease. The selection shall be made with the consent of a majority of the cultivators having an interest in the lease, and in consultation with the Subdivisional Canal Officer. The person or persons so selected shall continue as representative for the village unless he or they resign in office, or unless the Deputy Collector or other officer in charge of the Revenue Division shall, for reasons recorded in writing, remove him or them from the office.

47A. The person or persons so selected are required to give assistance in respect of the following matters:—

- (1) To assist the amir while preparing the assessment papers.
- (2) To assist in procuring and to attest the signatures to applications for leases.

Existing rules.

- (iii) In receiving the individual notices of amounts assessed, and in distributing them to the persons concerned.
- (iv) In attending when required at enquiries into complaints.
- (v) In giving information to the Subdivisional or sectional officers regarding any insufficiency of the supply of water or of any misuse of the supply of water.
- (vi) In giving information to the zilladar with respect to alterations in the occupancy of lands under lease for a term of years.
- (vii) In assisting the tahildar in collecting the rates.

43. The chaukidar or other representative shall only be entitled to the free irrigation if he renders the assistance required to the best of his ability. It shall be within the discretion of the Deputy Collector or other officer in charge of the Revenue Division to disallow the free irrigation and to recover the rates from the chaukidar or other representative for reasons duly recorded in writing.

Proposed rules.

- (3) To receive and to distribute to the persons concerned the individual notices of amounts charged.
- (4) To attend and to assist at enquiries into complaints.
- (5) To give information to the Subdivisional Officer or to the Sectional Officer of any insufficiency in the supply of water or of any misuse of the water.
- (6) To give information to the zilladar with respect to alterations in the occupancy of lands under a lease for a term of years.
- (7) To assist the tahildar in collecting the rates.

44. For such assistance the representative or representatives shall be entitled to the free irrigation of lands in his or in their own occupation which may lie within the lands covered by the lease, subject to a total limit of 3 per cent of the area assessed.

The Deputy Collector or other officer in charge of the Revenue Division may, for reasons recorded in writing, disallow in whole or part such free irrigation, and may recover the rates which would otherwise have been charged, if the assistance required by rule 43A has not been rendered to the best of the ability of the representative or representatives.

No. 16.—*Notification.*—It is hereby notified for general information that the Lieutenant-Governor of Bengal proposes, under the provisions of sections VI and XI of Act V (B.O.) of 1864, to make the following addendum to the schedule of tolls in force on the Calcutta Canals and Tolly's Nala and published in Notification No. 144, dated the 23rd May 1898.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

13.—During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Biddiadharee through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

For purposes of reckoning demurrage charges under item No. 11 of the schedule, two extra days will be allowed over and above those provided for vessels plying on the Tolly's Nala.

Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

MARINE DEPARTMENT.

The 27th June 1905.

No. 68 Marine.—In exercise of the powers conferred on him by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), and in supersession of the rules sanctioned under Notification No. 104 Marine, dated the 20th September 1904, the Lieutenant-Governor is pleased, with the previous sanction of the Governor-General in Council, to make the following rules for regulating the grant, to owners of motor vehicles, of licenses to possess and transport petrol for use in such motor vehicles.

1. In these rules—

- (a) "motor vehicle" includes all vehicles propelled by mechanical means on ordinary roads, and motor boats and launches;
- (b) "petrol" includes "other dangerous petroleum" used for the propulsion of motor vehicles.

2. (1) Licenses may be granted to the owners of motor vehicles—

- (a) to possess petrol intended for use in motor vehicles;
- (b) to transport petrol on motor vehicles for use in propelling such motor vehicles;
- (c) to transport petrol by other means of conveyance by road, rail or water.

(2) Such licenses may be granted, in the town and suburbs of Calcutta, by the Commissioner or Deputy Commissioner of Police, and elsewhere by the District Magistrate or such other officer as the Local Government may, from time to time, by order in writing appoint.

(3) The licenses under rule 2 (1), clauses (a) and (b), shall be granted in the annexed Form H, and those under rule 2 (1), clause (c), in the annexed Form I.

3. The licenses under clauses (a) and (b) of rule 2 (1) shall be granted free of charge, and those under clause (c) of that rule for a fee of Rs. 5. The licenses shall remain in force for a period of one year, at the expiry of which they shall expire, but may be renewed.

4. Every license shall be subject to the following conditions, namely:—

- (1) When not carried in a receptacle forming part of a motor vehicle the petrol shall not be kept, used or transported except in iron or steel vessels so substantially constructed as not to be liable, save by gross negligence or extraordinary accident, to be broken or become defective or insecure. Every such vessel shall be so constructed and maintained that no leakage, whether of liquid or vapour, can take place therefrom.
- (2) Every such vessel, when used for transporting or keeping petrol, shall have attached thereto a metallic or enamelled label in conspicuous characters, stating the description of the petrol with the addition of the words "highly inflammable" legibly and indelibly stamped or marked thereon, and with the addition of the name and address of the owner.
- (3) Every such vessel shall have an air-space equal to one-tenth of its capacity to allow for expansion of the petrol.
- (4) No such vessel shall contain more than four gallons.
- (5) Before repairs are done to any such vessel, it shall, as far as practicable, be cleaned by the removal of all petrol and of all dangerous vapours derived from the same.
- (6) The store-house or building in which the petrol is stored shall be well ventilated and constructed of nonflammable materials.
- (7) Where a store-house forms part of, or is attached to, another building, and the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble.

- A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.
- (8) The amount of petrol which may be kept by the owner of a motor vehicle, whether or not upon motor vehicles, shall not exceed sixty gallons at any one time.
- (9) The amount of petrol which may be transported under a license granted under rule 2 (1), clause (c), shall not exceed sixty gallons.
- (10) The filling or replenishing of any vessel with petrol shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour arising from the petrol, and no fire or artificial light capable of igniting inflammable vapour shall be brought within dangerous proximity of the place where any vessel containing petrol is being kept.
- (11) In the case of all petrol kept or transported for the purpose of, or in connection with, any motor vehicle—
- all due precautions shall be taken for the prevention of accidents by fire or explosion, and for the prevention of unauthorized persons from having access to any petrol kept or transported, and to the vessels containing, or intended to contain, or having actually contained the same, and
 - every person managing or employed on, or in connection with, any motor vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing any such act.
- (12) The store-house shall be liable to inspection by any police officer not lower in rank than Inspector of Police, or by any other officer whom the Local Government may depute for that purpose.
5. The general rules for the possession and transport of dangerous petroleum in force in the province of Bengal for the time being shall, except so far as they are inconsistent with the foregoing rules, apply to petrol kept or transported for use in motor vehicles.

ABDUL KARIM,

Inspector of Schools, Chittagong Division.

CIVIL ENGINEERING COLLEGE, SIBPUR.

AGRICULTURAL DEPARTMENT.

HIGHER AGRICULTURAL CLASS.

[Session 1905-1906.]

Rules for admission.

For admission to the Higher Agricultural Class, an applicant must have one of the following qualifications:—

- (i) He must have passed the F.E. Examination of the Calcutta University, and be under 23 years of age, but no student will be allowed to join the Agricultural class after the expiration of five years from admission into the Engineering College.
- (ii) He must have passed the B.A. Examination of the Calcutta University by the B. course, or possess other sufficient educational qualifications; be under 23 years of age, and, in addition, have received a nomination from the Bengal Government.
- (iii) He must have had a general education qualifying him to follow the instruction in the Higher Agricultural Class, and must also receive a nomination from Government for admission as a special student. To be eligible for a nomination under this rule, a candidate must either have landed property of his own, or be recommended by some influential landholder who desires to train him to take part in the management of his estate, or he must otherwise satisfy Government that he intends to make practical use of his agricultural training. Students entering under this rule will be termed Special Agricultural students. They will not be subject to any maximum limit of age, but will not be entitled to the privileges conferred on passed students under rules 12 and 13, even though they should obtain fully-signed diplomas in due course after passing the necessary examinations.

Every candidate for admission to this Department must apply in writing to the Principal not later than the 14th July. The form of application for a nomination, which must be addressed to the Principal, is given in Appendix B. In the event of the form not being properly filled up and accompanied by the necessary certificates, no notice will be taken of the application.

The number to be nominated each year will depend on the accommodation available.

Every applicant, not already a student of the College, must undergo a medical examination by the College Surgeon before admission to this Department. If this officer's report is unsatisfactory, the applicant will not be admitted.

The session begins on the first Monday in November. All students are required to join the College on that day. Any student prevented by sickness from attending on the opening day must produce a certificate to that effect from a Civil or Assistant Surgeon, failing which he will be liable to a fine not exceeding Rs. 10. No student will be admitted or re-admitted to the College after the month of November, except by special orders of the Director of Public Instruction. This permission will only be given under exceptional circumstances.

COURSE OF INSTRUCTION.

The course of instruction in the Higher Agricultural Class will extend over two academic years.

SCHOLARSHIPS.

Senior scholarships awarded in the Engineer Department are tenable in the Agricultural Department.

One graduate scholarship of Rs. 30 a month, tenable for one year, will be awarded on the result of the examination held at the end of the first academic year.

APPOINTMENTS.

Two appointments annually are assigned to students holding a fully-signed diploma: one in the Provincial Executive Service and one in the Subordinate Executive Service. The right of selection for these appointments will rest with Government, and the students who gained the highest marks at the examination for diplomas will not necessarily be selected.

ENTRANCE AND TUITION FEES.

Each student in the Higher Agricultural Department will be required to pay an admission fee of Rs. 10.

F.E.'s who elect to join the Agricultural Department immediately after passing the F.E. Examination are exempted from the payment of this fee, as their names are already borne on the College books.

For the present no tuition fees will be charged to students in the Agricultural Department, except in the case of those joining as special students under rule 3 (iii). The tuition fees for these students will be Rs. 8 a month.

Further particulars may be obtained free on application to the Principal.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Calcutta, the 29th December 1904.

RESOLUTION—No. 3770M.

RE-ESTABLISHMENT OF THE COMMISSIONERS OF THE NADIA MUNICIPALITY.

READ—

Resolution No. 32M., dated the 4th January 1904.

By the orders contained in the Resolution cited above the Commissioners of the Nadia Municipality were superseded for a period of one year under section 65 of the Bengal Municipal Act, 1884; and the Government ordered, under section 66, that all their powers and duties should during that period be exercised and performed by Babu Barada Das Basu, Deputy Magistrate, who was at that time Subdivisional Officer of Ranaghat.

2. That period will expire on 5th January 1905. Babu Arun Kumar Bose, Deputy Magistrate, the officer who is at present vested with all the powers and charged with all the duties of the Commissioners of the Nadia Municipality, has submitted a proposal under section 9(e) of the Act that the number of Commissioners should be reduced from twelve to nine; and the Lieutenant-Governor is pleased to direct that a notification declaring his intention to issue orders to that effect be published in the next issue of the *Calcutta Gazette*.

2. The Lieutenant-Governor is also of opinion that it is desirable for the present, in the interests of the town, that the Chairman and the Commissioners shall be appointed by the Local Government. His Honour trusts that it will be possible soon to restore to the Nadia Municipality its former privileges, and the question will be considered on the expiry of another year. Meanwhile the Lieutenant-Governor is pleased to direct, under section 66 of the Act, that this Municipality be entered in both the first and second schedules of the Bengal Municipal Act, 1884.

By order of the Lieutenant-Governor of Bengal,

L. P. SHIRRES,

Secretary to the Govt. of Bengal.

No. 85M.—*The 6th January 1905.*—It is hereby notified for general information that in exercise of the power conferred on him by section 566 of the Calcutta Municipal Act, III of 1899, the Lieutenant-Governor is pleased to sanction, with certain modifications, the following Bye-laws made by the Commissioners of the Calcutta Municipality under clauses (18) and (51) of section 559 of the Act:—

Bye-laws under section 559(18) of the Calcutta Municipal Act, 1899, prohibiting or regulating the placing of obstructions, projections, or encroachments or the depositing of materials or goods, in a public street, or in or over any drain or aqueduct in a public street or on any land vested in the Corporation.

(1) When any person has, whether before or after the passing of these Bye-laws, placed or allowed to be placed any wall, fence, rail, post, platform, plank, culvert or other masonry or brick-work erection (not being a fixture attached to a building within the meaning of section 841 of the Act) or any structure, in such a position as to cause a projection, encroachment or obstruction over or on any public street or over or in any drain or aqueduct in a public street or over or on any land vested in the Corporation, the Chairman may, by written notice, require the owner of, or the person who has erected such wall, fence, rail, post, platform, plank, culvert, erection or structure to remove the same within a reasonable time, and any person who fails to comply with the terms of such notice shall be liable to a daily

fine which may extend to Rs. 10 per diem for every day after the expiry of the time specified in the notice.

(2) No person shall, except in accordance with a license from the Chairman in this behalf and paid for according to the rate specified in the schedule annexed, deposit any building materials or put up any fence, pole, or plank, for the protection of the same in any public street or over any drain or aqueduct or on any land vested in the Corporation.

No person shall place or leave or cause to be placed or left any earth, furniture, wares, merchandise, bale, bag, lamp, oak, tub, basket, pail, bucket, grain, timber (in the form of logs or scantling), scrap metal, goods, standing place, stool, bench, stall, or show-board, or shall place, hang up, or otherwise expose for sale any goods, wares, merchandise, fruit, vegetables, matter, or other article whatsoever, so as to cause a projection in or on any land vested in the Corporation, not being a public street, drain, or aqueduct without or otherwise than in accordance with a license granted by the Chairman in this behalf.

No person shall place or leave any blind, shade, covering, awning or other projection which has not been sanctioned by the General Committee under section 340 (4) over or along any public street, drain, aqueduct, or land vested in the Corporation; provided that the Chairman may, if he thinks fit, permit an awning of a temporary nature to be erected on special occasions for a specified purpose and for a specified time.

No person shall place or leave any show-board, furniture, wares, merchandise, stool, bench, stall or goods of any description not elsewhere mentioned in these Bye-laws, in any public street or in or on any drain or aqueduct in a public street.

(3) No person shall place, hang up, or otherwise expose for sale any goods, wares, merchandise, fruit, vegetables, matter or other article whatsoever, so as to cause a projection into or over any public street, drain or aqueduct in a public street or so as to obstruct or incommode the passage of any person over or along a public street.

(4) No person shall place any line, cord, wire, pole or plank across any public street or hang or place anything thereon or erect any archway or gate over or upon any public street, drain or aqueduct in a public street, or land vested in the Corporation without or otherwise than in conformity with the terms of a license granted by the Chairman in this behalf.

(5) Any person who causes any obstruction, projection or encroachment in a public street in the manner indicated in Bye-laws 2, 3 and 4 hereof shall cause the same to be lighted during the night to the satisfaction of the District Engineer, and shall take such precautions as the District Engineer shall deem fit for guarding against accident.

The Chairman may, by written notice, require any such person to provide such lights and to take such precautions as may be specified in the notice, and every person who fails to comply with such notice within the time specified therein shall be liable to a daily fine which may extend to Rs. 10 per diem for every day after the expiration of such specified time.

(6) No barber, shoe-maker or cobbler shall ply his trade in or upon any "public street" in such a manner as to obstruct or incommode the passage of any person over or along the same.

(7) No person shall shoe or allow to be shod any horse, pony, donkey, mule, bullock, buffalo or other four-footed animal in or upon any "public street."

(8) No person shall wash any carriage, cart, utensils, clothes or animal in or upon any public street.

(9) No person shall tether or allow to be tethered or allow to stray any horse, pony, donkey, mule, bullock, bull, cow, calf, goat, sheep, buffalo or other similar animal in or upon any public street.

(10) No person shall leave a carriage or cart standing in a public street unattended.

(11) Any person who shall commit a breach of Bye-laws 2, 3 and 4 hereof shall be liable to a fine which may extend to Rs. 20, and, in the case of continuing breach, to a fine which may extend to Rs. 10, for every day during which the breach continues after conviction for the first breach.

Any person who shall commit a breach of Bye-laws 6, 7, 8, 9 and 10 hereof shall be liable to a fine which may extend to Rs. 5.

SCHEDULE A.

The following fees shall be payable for licenses issued under Bye-laws 2 and 4 hereof, and shall be payable in advance:—

(1) Earth, furniture, goods, wares, merchandise, bales, grain, timber, scrap iron, fruit, vegetables, building materials, stand-place, stall, show-board, or any similar thing, blind, shade, covering, awning, or similar contrivance.

One anna a month per superficial foot of the area occupied. In cases where the area occupied is greater than the area provided for in the license, the excess area shall be paid for at the rate of 10 annas a month per superficial foot. A fraction of a month shall be treated as an entire month.

(2) Bale, bag, lamp, oak, tub, basket, pail, bucket, stool or bench or chair or similar article, line, cord, wire, pole or plank or similar article.

One anna a month for each separate article. A fraction of a month shall be treated as an entire month.

2. No male person under the age of 16 years, and no female person shall drive, or be in charge of a cart.

3. No person suffering from a contagious or infectious disease shall drive, or be in charge of a cart.

4. Every driver or person in charge of a cart shall drive or conduct his cart on the extreme left of the road in a line with and in rear of any other carts or cart proceeding in the same direction, and he shall not in any way make any attempt to pass the cart immediately in front of his cart.

5. No person shall load or unload a cart in a narrow street, except in such portion thereof as shall admit the passage of two carts abreast.

6. When loading or unloading a cart in a street, the person in charge of the cart shall rest it parallel with the footpath and immediately on the edge of the carriage-way, or if there is no footpath, then parallel with and immediately on the edge of the street.

7. Every driver or person in charge of a cart shall light his lamp as soon as it becomes dark, and shall obey all reasonable orders of the Police on duty.

8. All loads carried on any cart shall be properly fastened and secured so as to prevent any portion of the load from falling off the cart. Carts laden with bamboos, iron rails, pipes, timber or other materials of a similar character, projecting beyond the cart, must be in charge of not less than three men of whom one shall go in front to guide the load and another behind; and after dark, the persons accompanying all carts so laden, must each carry a light.

9. Every driver or person in charge of a cart shall give correct information about his own name, age and residence, the name and residence of the owner, the place where the cart is ordinarily kept, and such other particulars necessary to establish his own identity and that of the owner of the cart, as he may be required by the Registering Officer to state at the time of each half-yearly registration.

10. Every driver shall carry with him, when plying for hire, the cart license for the then current half-year or when the driver or person in charge of a cart is not its proprietor he shall carry with him a copy of the said license, under the signature of the proprietor, and produce it for inspection whenever required to do so by any Municipal or Police Officer or the hires of the cart.

11. The proprietor and the driver or person in charge of a cart in respect of which an offence is committed against any of the above Bye-laws, shall be punishable for every such offence with a fine which may extend to Rs. 20, and in the case of a continuing breach to a fine which may extend to Rs. 10 for every day during which the breach continues after conviction for the first breach.

No. 1441M.—The 17th March 1905.—Whereas a Notification No. 116M., dated the 9th January 1905, was published at page 8, Part IB of the *Calcutta Gazette* of the 11th January 1905, declaring the intention of the Lieutenant-Governor to extend the provisions of Part VII of the Bengal Municipal Act, III of 1884, to the Tollygunge Municipality, in the district of 24-Parganas, and whereas no objection has been raised to the proposal within one month from the date of the publication of the above notification within the Municipality, it is hereby notified for general information that, in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Tollygunge Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

No. 1444M.—The 16th March 1905.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint Mr. P. S. Shettle to be a Commissioner of the Parulia Municipality, in the district of Manbhum, *vice* Revd. F. Hahn, resigned.

No. 1451M.—The 16th March 1905.—It is hereby notified for general information that the Lieutenant-Governor intends, in the exercise of the power vested in the Local Government by section 221 of the Bengal Municipal Act, III of 1884, and in accordance with the recommendation of the Commissioners of the Midnapore Municipality, in the district of Midnapore, made at a meeting, to extend the provisions of section 241 of the said Act to the above Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the Municipality.

No. 1453 L.S.-G.—The 18th March 1905.—It is hereby notified for general information that, in exercise of the power conferred on him by section 139 of the Bengal Local Self-Government Act III of 1885, the Lieutenant-Governor is pleased to confirm the following additional bye-law which has been framed by the District Board of Manbhum under that section:—

“Any person driving a bullock-cart without springs on any part of a road except *hats*, so long as the latter are in good order, shall be liable to a fine not exceeding Rs. 10.”

No. 1456 L.S.-G.—The 16th March 1905.—In exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to make the following amendment in rule 24 of the rules made under clauses (i) and (f) of that section and published with Notification No. 2009 P.—M., dated the 9th November 1901 at pages 217-273 of Part IB of the *Calcutta Gazette* of the 4th December 1901:—

The words “with the pass-book” in the second paragraph of rule 24 should be omitted.

2. Rule 24 after being amended will stand thus:—

“24. All money paid into the treasury otherwise than by money-order to the credit of the District Fund, whether by servants of the District Board or others, shall be accompanied by a chalan in Form No. II.

“This chalan shall be in triplicate, having the words ‘Original,’ ‘Duplicate’ and ‘Triplicate’ printed or written in red on the first, second and third parts, respectively. The first part shall be retained by the treasury office, the second part shall be returned on the same day to the office of the District Board, and the third part shall be delivered to the person paying in the money.

“As an exception to the above rule, the payments into the treasury of the rents of pounds and ferries which are administered by Local Boards shall be accompanied by chalans in quadruplicate, and the fourth part shall be sent by the treasury to the office of the Local Board.”

3. The Lieutenant-Governor is also pleased to make the following rule in modification of rule 25 of the rules above referred to:—

“25. All moneys remitted to the treasury to credit of the District Board, and all payments made by the treasury on cheques or otherwise on account of the District Board, shall be entered in a pass-book; the pass-book shall remain in the custody of the Chairman, and it shall be sent to the treasury on the 10th and also on the last working day of every month. On receipt of the pass-book by the treasury officials, the receipts and payments up to date, and credits referred to in rules 30 and 31, shall be entered therein, and (when the book is received on the last working day of the month) the account shall be balanced and signed by the treasury officer, the amount being entered in words as well as figures. The book shall be returned to the office of the District Board as soon as the entries prescribed in this rule have been made in it.”

4. The amendment in rule 24 and the modified rule 25 will be taken into consideration with a view to their final adoption on the 1st May 1905 when any objection or suggestion which may be made by any person and received before that date will be considered.

No. 1459 M.—The 18th March 1905.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint Mr. K. Mackenzie to be a Commissioner of the Darjeeling Municipality, *vice* Revd. T. E. F. Cole.

No. 1477 M.—The 20th March 1905.—It is hereby notified for general information that the Lieutenant-Governor intends, in exercise of the power vested in the Local Government by section 85 of the Bengal Municipal Act, III of 1884, to sanction the imposition by the Commissioners of the Bhadreswar Municipality, under section 85 (b) of the Act, of a rate on the annual value of holdings within the Gourhaty Ward of that Municipality in lieu of the tax upon persons occupying holdings within the Municipality according to their circumstances and property which is at present in force within the Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the aforesaid Municipality.

No. 1483 M.—The 20th March 1905.—Whereas a notification No. 3702 M., dated the 20th December 1904, was published at page 270, Part IB of the *Calcutta Gazette* of the 21st December 1904, declaring the intention of the Lieutenant-Governor to extend the provisions of sections 262 to 265 of the Bengal Municipal Act, III of 1884, to the Sitamarhi Municipality, in the district of Muzaffarpur, and whereas no objection has been raised to the proposal within one month from the date of

the publication of the above notification within the Municipality, it is hereby notified for general information that in the exercise of the power vested in the Local Government by section 221 of the Act, and in accordance with the recommendation of the Commissioners of the Sitamarhi Municipality, made at a meeting, the Lieutenant-Governor sanctions the extension of the above provisions of the Municipal Act to the said Municipality.

No. 1503M.—The 21st March 1905.—In exercise of the power conferred on him by section 566 of Bengal Act III of 1899, the Lieutenant-Governor is pleased to sanction the following bye-laws made by the Commissioners of the Calcutta Municipality under sub-section (40) of section 559 of the Act:—

Bye-laws pursuant to section 559 (40) of the Calcutta Municipal Act, 1899, for the control and supervision of butchers carrying on business within Calcutta or at any Municipal Slaughter-house.

1. No person shall flay, wholly or partially, or attempt to flay an animal while such animal is alive.
2. No person shall sell, or offer, or expose for sale, the skin of any animal with any portion of the skin of the head adhering thereto.
3. No butcher shall have in possession the skin of any animal with any portion of the skin of the head adhering thereto.

Explanation 1.—If the skin of any animal with any portion of the skin of the head adhering to it is found upon premises occupied by any person who carries on the trade of a butcher, it shall be presumed that such skin was being offered or exposed for sale by him.

Explanation 2.—The expression "animal" means and includes cattle, sheep, goats, kids and pigs.

4. Any person who shall commit a breach of any of the provisions of bye-laws 1 to 3 hereof shall be liable to a fine which may extend to Rs. 20.

SCHEDULE II.

SCHEME FOR THE ADMINISTRATION OF THE TRUST.

The endowment hereby created shall be called the "Rani Manindra Mohini Debi Sanitary Improvement Fund," and shall be a supplement to the "Raja Jogendra Narain Roy's Water-Supply Fund" created under Notification No. 401L.S.-G., dated 28th January 1903, published at pages 19 to 20, Part IB., *Calcutta Gazette* of the 4th February 1903, and the income of the present endowment shall be paid by the said Treasurer of Charitable Endowments for the time being to and be administered by the Board of Trustees for the time being of the said "Raja Jogendra Narain Roy's Water-Supply Fund," and in accordance with the rules of procedure adopted by that body.

The present endowment is created for the sanitary improvement of the district of Murshidabad, and it shall be applied as far as possible to areas in that district which are not under municipal control. Areas of which the sanitary conditions in the opinion of the Trustees require improvement shall be selected by the Trustees periodically, and the net annual income accruing from the fund shall be applied by the Trustees in improving the sanitary condition of such areas. When a particular tract is taken up for improvement the work in connection with that tract should ordinarily be completed as far as may, in the opinion of the Trustees, be practicable, or desirable, before any other tract is taken in hand, but this provision shall not be deemed to prohibit the Trustees from applying, from time to time, the said net income or a portion thereof to the improvement of another or other tract or tracts under urgent or special circumstances, or as preventing the Trustees from giving from the said net income, under the authority in that behalf hereinafter contained, medical help or medicine to persons who may be living within a part of the said district of Murshidabad not under municipal control, but in a tract which is not at the time undergoing improvement under the provisions herein contained. The improvement of the areas so selected by the Trustees shall be effected, at the discretion of the Trustees, by re-excavating tanks, clearing jungles, securing good drainage, and other works of a nature which, in the

opinion of the Trustees, are likely to improve the sanitary condition of such areas, and the Trustees shall be at liberty from the said net income from time to time at their discretion to give medical help and supply medicine without charge to poor people living within a part of the said district of Murshidabad not under municipal control and suffering from malarial fever or other chronic diseases or diseases due or deemed to be due to the insanitary condition of the neighbourhood in which they may be residing.

No. 1579M.—The 24th March 1905.—It is hereby notified for general information that the Lieutenant-Governor intends, in exercise of the power vested in the Local Government by section 85 of the Bengal Municipal Act, III of 1884, to sanction the imposition by the Commissioners of the Nadia Municipality, under section 85 (b) of the Act, of a rate on the annual value of holdings within the Municipality in lieu of the tax upon persons occupying holdings within the Municipality according to their circumstances and property, which is at present in force within the Municipality, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the aforesaid Municipality.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

No. 402T.M.—The 2nd May 1905.—It is hereby notified that the ratepayers of the Kurseong Municipality, in the district of Darjeeling, having failed to elect two Commissioners, the Lieutenant-Governor is pleased, under sections 16 and 27 of the Bengal Municipal Act, III of 1884, to appoint the Revd. Arthur Penohyn Stanley Tulloch and Mr. James Waller Savi to be Commissioners of the said Municipality, *vice* Mr F. Willet and Babu Shekhar Lal Ghose, resigned.

No. 404T.M.—The 2nd May 1905.—In exercise of the power conferred by section 8 (2), (d) and section 62 of the Calcutta Municipal Act, III of 1899, the Lieutenant-Governor is pleased to appoint Mr. F. W. Duke, *s.c.s.* to be a Commissioner of the Calcutta Municipality, *vice* Mr. R. A. D'O. Bignall, resigned.

No. 425T.M.—The 4th May 1905.—In exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to make the following rule under clauses (i) and (f) of that section in addition to those published with Notification No. 2009T.—M., dated the 9th November 1901, at pages 217—273 of Part IB of the *Calcutta Gazette* of the 4th December 1901. The rule will be taken into consideration with a view to its final adoption on the 15th June 1905 when any objection or suggestion which may be made by any person and received before that date will be considered:—

10(a). No person may be permanently appointed to superior service without a certificate of physical fitness, which should be in the form shown below. This certificate shall ordinarily be given by the Medical Officer in charge of a Civil station or other Commissioned Medical Officer, but when the services of such officers are not available, the certificate of a duly-qualified Medical Officer approved by the Chairman may be accepted:—

Form of certificate.

I do hereby certify that I have examined A. B., a candidate for employment under the District Board of _____ and cannot discover that he has any disease, constitutional affection or bodily infirmity, except _____. I do not consider this a disqualification for employment in the office of the District Board of _____. A. B.'s age is, according to his own statement, (x) years and by appearance, about (y) years.

No. 434T.M.—The 4th May 1905.—In exercise of the powers conferred on him by section 138 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to make the following amendments in rule 115 of the rules made under clauses (x) and (i) of that section and published with Notification No. 2009T.—M., dated the 9th November 1901, at pages 217–273 of Part IB of the *Calcutta Gazette* of the 4th December 1901. These amendments will be taken into consideration with a view to their final adoption on the 15th June 1905 when any objection or suggestion which may be made by any person and received before that date will be considered:—

- (1) In clause 2, line 2, the words "permanent pensionable establishment" should be substituted for the words "permanent establishment."
- (2) In clause 2 (a) the words "permanent pensionable appointment" should be substituted for the words "permanent appointment."
- (3) In clause 2 (e), line 4, the words "the particulars of their previous service and the rules or orders under which their service qualifies for pension should be given" should be substituted for the words "their age and health certificates should be attached to the statement."

2. The amended rule will stand as follows:—

"115. The Chairman or Vice-Chairman is primarily responsible that every necessary entry is made, especially in regard to leave or suspension, but it is also the duty of each employé to remind the Chairman, Vice-Chairman, or Secretary, when any entry is necessary, and to see that his own service-book is properly written up and attested. It should be carefully explained to each employé that unless he does so, there may be a difficulty hereafter in verifying his service when his claim to pension shall come to be investigated and considered. Service-books shall be introduced and kept up, whether rules for the grant of pensions and gratuities have been framed or not.

At the time of preparing the pay-bill for March in each year, a detailed statement of the permanent pensionable establishment existing on the 1st April should be prepared in Form XXIIIA and transmitted to the Accountant-General direct not later than the 15th April. In preparing the statement the following instructions should be carefully observed:—

- (a) The name, designation, and pay of every officer, clerk, or menial servant holding a permanent pensionable appointment, whether on duty or absent on leave or deputation, or under suspension, should be distinctly shown.
- (b) The date of birth, of appointment to present post, and of promotion to present pay of each person should be entered in the appropriate columns of the statement; the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated.
- (c) The name of any person acting in an appointment, as well as the acting allowance paid to him should be shown in the column "Name of incumbent" beneath the name of the absentee, for whom he is officiating.
- (d) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated.
- (e) A detailed statement in Form XXIIIB should be given at foot of the original return, Form XXIIIA showing new names of officers which are not found in the return of the previous year, and when these new names include those of persons who have entered the service of the District Board for the first time, the particulars of their previous service and the rules or orders under which their service qualifies for pension should be given. Columns are also provided in Form XXIIIB for information required in regard to the names of officers which appeared in Form XXIIIA of the previous year, but are now omitted, as also regarding officers who have been on leave, other than privilege leave, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension.
- (f) If any person on the establishment is a Government pensioner, or is not the servant of the District Board solely, the fact should be noted in the statement. If he be an officer transferred from the pensionable service of Government, for whose pension contribution is paid, a note should be entered against his name to the effect "Contribution paid to Government for pension."

When completed in accordance with the preceding instructions, the statement should be carefully checked with the service-books, as it will be the authority by which hereafter pension claims will be tested by the Accountant-General.

No. 1104T.M.—The 14th June 1905.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Dr. S. Deost to be a member of the District Board of Jalpaiguri, vice Mr. J. Wedderspoon.

No. 1106T.M.—The 14th June 1905.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Mr. J. Thompson to be a member of the District Board of Jalpaiguri, vice Mr. C. L. Clifford.

No. 1119T.M.—The 15th June 1905.—Whereas a Notification No. 1070M., dated the 28th February 1905, was published at page 41, Part IB of the *Calcutta Gazette* of 1st March 1905, declaring the intention of the Lieutenant-Governor to revise the boundaries of the Balasore Municipality so as to include within its limits the following area, and whereas no objection was raised to the proposal within six weeks from the date of publication of the above notification within the Municipality, it is hereby notified for general information that, in exercise of the power vested in the Local Government by section 9A (2) of the Bengal Municipal Act, III of 1884, and in accordance with the recommendation of the Commissioners of the Balasore Municipality, made at a meeting, the Lieutenant-Governor sanctions the above proposal.

The area to be added is bounded—

On the north—By an imaginary line drawn along the bank of the Nuniajuri river running from the southern end of the Nuniajuri bridge in the east as far as the village Begunia in the west.

On the west—By an imaginary line drawn parallel at a distance of 1,200 feet (running from the north to the south between the boundary line of the two villages, Arar Bazar and Begunia, from the Nuniajuri river in the north, where the western end of the aforesaid northern boundary line ends, to the junction of the Diversion Grand Trunk Road and Mitrapur road on the south) to the west of the portion of Old Grand Trunk Road, from Mitrapur road on the south up to the southern end of the Nuniajuri bridge on the north, and from the junction of Grand Trunk Road and Mitrapur road, with a bend to the east along the southern side of the Mitrapur road, up to the northern end of the eastern fencing of Railway station compound, and from thence along the eastern fencing of the Bengal-Nagpur Railway station compound towards the south as far as the point where it meets with the short round road.

On the south—By the portion of short round road from the point towards the west where the aforesaid western boundary (Bengal-Nagpur Railway fencing) meets as far as the junction of short round and Grand Trunk Roads towards the east.

On the east—By the portion of Grand Trunk Road from the junction of short round and Grand Trunk Roads towards the south up to the southern end of the Nuniajuri bridge towards the north. (This Grand Trunk Road should be understood as was before the introduction of Railway here at Balasore.)

The revised boundaries of the Municipality after the inclusion of the above area will be as follow :—

On the north—By the Nuniajuri river as far as the village Begunia towards the west, and from the junction of the Nuniajuri and Burabalang rivers towards the east up to the eastern boundary of the Old Balasore towards the east along the bank of the said Burabalang river.

On the west—By an imaginary line drawn parallel at a distance of 1,200 feet (running from north to south between the boundary line of the two villages, Arar Bazar and Begunia, from the Nuniajuri river in the north, where the western end of the aforesaid northern boundary line ends, to the junction of the Diversion Grand Trunk Road and Mitrapur road on the south) to the west of a portion of Old Grand Trunk Road, from Mitrapur road on the south up to the southern end of the Nuniajuri bridge on the north, and from the junction of Grand Trunk Road and Mitrapur road, with a bend to the east along the southern side of the Mitrapur road up to the northern end of the eastern fencing of Bengal-Nagpur Railway station compound, and from thence along the eastern fencing of Bengal-Nagpur Railway station compound towards the south as far as the point where it meets with the short round road, and by a portion of short round road from the southern end of the eastern fencing of Bengal-Nagpur Railway station compound as far as the junction of short round road and Grand Trunk Road, and thence along the eastern side of Grand Trunk Road towards the south up to the point where it meets the southern boundary line of the mauza Poruapada.

On the south—By a zigzag line running from west to east from Grand Trunk Road on the west to the Chandipur road on the east, drawn along the southern boundary of the mauzas Poruapada, Karanjia, Gobendrapur, Makalpur, Mansing Bazar, Akhrasal, southern side of Dighipokhar and Sunbat mauza.

On the east—By a line drawn along the eastern boundary of the mauza Burna Balasore from the point towards the north where it meets the eastern end of the aforesaid northern boundary at the bank of Burabalang river as far as the north-western corner of Ambhira tank, and from that corner towards the south along the western side of the said tank up to its south-western corner, and from thence by an imaginary straight line towards the south-western direction joining the Chandipur road, where the eastern end of the aforesaid southern boundary line meets and touching the south-eastern corner of the Aihua tank in the way.

No. 1137 T.M.—The 16th June 1905.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint Babu Dina Nath Das to be a Commissioner of the Faridpur Municipality, in the district of Faridpur, *vice* Mr. H. Mullick, resigned.

No. 1143 T.M.—The 17th June 1905.—It is hereby notified that under section 19 of the Bengal Local Self-Government Act, III of 1885, Babu Nagendra Chandra Sen has been elected by the members of the Kendrapara Local Board, in the district of Cuttack, to be a member of the Cuttack District Board, *vice* Mr. J. S. Davidson, resigned.

No. 1146 T.M.—The 17th June 1905.—It is hereby notified that the members of the Kendrapara Local Board, in the district of Cuttack, having at a meeting, under section 25 of the Bengal Local Self-Government Act, III of 1885, requested the Lieutenant-Governor to appoint a Chairman, the Lieutenant-Governor is pleased, under sections 25 and 29 of the Act, to appoint Babu Nagendra Chandra Sen to be the Chairman of that Local Board, *vice* Mr. J. S. Davidson, resigned.

No. 1176 T.M.—The 17th June 1905—In exercise of the power conferred by section 17, sub-section (1), of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to impose a water-rate at two and three-quarters per cent. on the annual value of holdings situated within the Lebong Cantonment:

Provided as follows:—

(1) Such water-rate shall not be levied upon—

- (a) any house or land, no part of which is within a radius of one thousand feet from the nearest stand-pipe or other supply of water available to the public; or
- (b) any land used exclusively for purposes of agriculture; or
- (c) any holding consisting only of tanks.

(2) Nothing in clause (1) shall prevent the Cantonment Committee from making any special arrangement consistent with any enactment or rules for the time being in force in the Cantonment with persons residing beyond the radius prescribed in sub-clause (a) of that clause.

No. 1177 T.M.—The 17th June 1905.—In exercise of the power conferred by section 17, sub-section (2) of the Cantonments Act, 1889 (XIII of 1889), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to apply for the assessment and recovery of the water-rate imposed in the Cantonment of Lebong by Notification No. 1176 T.M., of this date, the provisions of sections 44, 96, 97, 99, 101, 103—105, 107—109, 112—130, 279, 281—286 and 312 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), in the adapted form set forth below:—

PART I.—ASSESSMENT.

1. The Cantonment Committee, after making such inquiries as may be necessary, shall determine the valuation of all holdings within the Cantonment as hereinafter provided. [Ben. Act III of 1884, section 96.]

2. Save as herein otherwise provided, such valuation shall be valid for five years from the date on which it first takes effect in the Cantonment, and until the beginning of the year next after the date on which a new valuation may be made, or until the valuation be revised and amended. [Ibid., section 97.]

3. The Cantonment Committee, in order to prepare the valuation list, may, whenever they think fit, by notice, require the owners or occupiers of all holdings to furnish them with returns of the rent or annual value thereof, and the Cantonment Committee, or any person authorized by them in writing in that behalf, at any time between sunrise and sunset, may enter, inspect and measure any such holding after having given forty-eight hours' previous notice their intention to the occupier thereof. [Ibid., section 99.]

Provided that if an assessor is appointed, such assessor shall not be competent to authorize any other person to enter, inspect, and measure any such holding.

[*Ibid.*, section 101.]

4. The gross annual rental at which any holding may be reasonably expected to let shall be deemed to be the annual value thereof, and such value shall be accordingly determined by the Cantonment Committee and entered in the valuation list:

Annual value of holding how to be ascertained.

Provided that, if there be on a holding any building or buildings the actual cost of erection of which can be ascertained or estimated, the annual value of such holding shall in no case be deemed to exceed an amount which would be equal to seven and-a-half per cent. on such cost, in addition to a reasonable ground-rent for the land comprised in the holding:

Provided also that, in estimating the annual value of a holding, the value of any machinery that may be on such holding shall not be taken into consideration.

[*Ibid.*, section 102.]

5. The Cantonment Committee shall cause to be prepared a valuation and rating list, which shall contain the following particulars, and any others which the Cantonment Committee may think proper to include:—

Preparation of valuation and rating list.

- (a) name of street or road in which the holding is situated;
- (b) number of the holding on the register;
- (c) description of the holding;
- (d) annual value of the holding;
- (e) name of owner;
- (f) amount payable for the year;
- (g) amount of quarterly instalment;
- (h) if the holding is exempted from assessment, a note to that effect.

[Ben. Act III of 1884, section 104.]

6. If any house belongs to one owner and the land on which it stands and any adjacent land which is usually occupied therewith belongs to another, the Cantonment Committee may value such house and land together, and may impose thereon one consolidated rate.

Power to assess upon house consolidated rate for house and land on which it stands.

The total amount of the rates shall be payable by the owner of the house, who shall thereafter be entitled to deduct from the rent which he pays for the land one-fourth of the water-rate so paid.

[*Ibid.*, section 107.]

Application for reduction of assessment.

7. If the value of any holding shall be diminished from any cause beyond the control of the owner thereof, the owner thereof may apply for reduction of the valuation of the same.

[*Ibid.*, section 108.]

8. The Cantonment Committee may, at any time after the publication of the notice required by rule 10, value and rate any holding which was without authority omitted from the valuation and rating list; or which has become liable to valuation and rating after the publication thereof; and may enhance the valuation and rating of any holding which may appear to have been insufficiently valued or rated through mistake, oversight or fraud; and may re-value and re-assess the water-rate on any holding the value of which has been increased by additions or alterations to any building thereon.

Power to revise valuation and assessment.

Any water-rate imposed, or enhancement made, under this rule shall take effect from the beginning of the quarter next following that on which the rate shall be imposed or enhancement made.

[*Ibid.*, section 109.]

9. The Cantonment Committee may, at any time, substitute for any name mentioned in the valuation and rating list the name of any person to whom any holding mentioned therein shall have been transferred.

Power to revise assessment list.

Such person shall be liable to pay the water-rate payable on such holding from the first day of the quarter next after the date of the transfer.

[*Ibid.*, section 112.]

Publication of notice of assessment.

10. When the valuation and rating list of the water-rate on the annual value of holdings shall have been prepared or revised, the President shall sign the same, and shall cause it to be deposited in the office of the Cantonment Committee, and shall cause the notice in Form A of the First Schedule annexed to these rules to be published as far as possible in the manner prescribed by section 354 of the Bengal Municipal Act, 1884.

[*Ibid.*, section 113.]

Application for review.

11. Any person who is dissatisfied with the amount assessed upon him, or with the valuation or rating of any building, or his liability to be assessed or rated, may apply to the Cantonment Committee to review the amount of valuation or rating, or to exempt him from the rate.

[*Ibid.*, section 114.]

Procedure upon review.

12. Every application presented under the last preceding rule shall be heard and determined by not less than three members of the Cantonment Committee who shall be appointed in that behalf by the Committee at a meeting. The members so appointed, after taking such evidence and making such enquiries as they may deem necessary, may pass such orders as they shall think fit in respect of such application.

[*Ibid.*, section 115.]

The decision of such members, or of a majority thereof, in such cases shall be final.

Limitation of time for application of review.

13. Unless good cause shall be shown to the satisfaction of such Cantonment Committee for extending the time allowed, no such application shall be received after the expiration of one month from the date of publication of the notice required by rule 10.

relating to the list containing the valuation or rating in respect of which application is made, or after the expiration of fifteen days from the date of service of the first notice of demand for payment at the rate in respect of which the application is made, whichever period shall last expire.

Assessment to be questioned only under these rules.

14. No objection shall be taken to any rating in any other manner than is provided for in these rules. [Ben. Act III of 1884, section 116.]

PART II.—RECOVERY.

15. By notification to be posted up in their office the Cantonment Committee shall declare at what hours of each day (not being a Sunday or other recognized holiday), the office shall be open for the receipt of money and the transaction of business. [Ibid, section 117.]

Office hours for payment of the water-rate.

16. The amount due by any person on account of the water-rate shall be deemed to be the amount entered in the lists, the notice relating to which is published under rule 10, unless the amount entered in such lists is subsequently altered by the Cantonment Committee as provided in these rules, in which case the amount to which the rating is so altered shall be deemed to be the amount due. Every instalment of such rate shall be deemed to be due on the first day of the quarter in respect of which such instalment is payable. [Ibid, section 118.]

Water-rate payable in advance.

Payment of water-rate.

17. The water-rate shall be paid by the occupiers of the holdings by quarterly instalments in advance. [Ibid, section 119, sub-section (3).]

18. For all sums paid on account of the water-rate a receipt stating the amount and the rates on account of which it is paid shall be given, signed by the tax-collector or by some other officer authorized by the Cantonment Committee to grant such receipts. [Ibid, section 119.]

Receipts to be given.

19. At any time within six months after any sum has become due on account of the water-rate, the Cantonment Committee shall cause to be presented to the person liable to the payment thereof a bill for the said sum which shall contain a statement of the period for which the water-rate is in arrear. If the amount mentioned in such bill be not paid on presentation thereof a notice of demand, in the form marked A in the Second Schedule, with copy of the bill appended thereto, shall be served on the person liable to pay the same, and such notice of demand may be served at any subsequent time: [Ibid, section 120.]

Bill and notice of demand to be presented.

Provided that no charge shall be made in respect of the service of such notice. Such notice shall be signed by the President or an officer authorized on that behalf, and shall be served by the person authorized to receive payment.

20. If the sum due from the owner of any holding remains unpaid after the notice of demand has been duly served, and such owner be not resident within the Cantonment, or the place of abode of such owner be not known, the same may be recovered from the occupier for the time being of such holding. [Ibid, section 121.]

Water-rate due from non-resident owner may be recovered from occupier.

21. Whenever the person by whom the water-rate shall have been paid, or from whom the said rate shall have been recovered is not the owner of the house or land in respect of which the water-rate shall have been assessed, such person may recover from the owner so paid or recovered, and may deduct the same from the rent one-fourth of the water-rate payable by him to such owner. [Ibid, section 122.]

Occupier paying water-rate may deduct one-fourth from rent due to owner.

one-fourth of the water-rate payable by him to such owner.

22. Whenever any house or land has been unoccupied during an entire quarter the owner of the said house or land shall pay to the Cantonment Committee one-fourth of the sum which would have been payable as water-rate by the occupier if such house or land had been occupied. [Ibid, section 123.]

When house is unoccupied, owner to pay one-fourth of water-rate.

land had been occupied.

The sum payable by the owner under this section shall be deemed to be due on the first day of the quarter following that in respect of which the said sum is payable.

23. Whenever any quarterly instalment of the water-rate shall have been paid in respect of any house or land and such house or land shall, during the quarter for which such instalment shall have been paid, cease to be occupied, the person who shall have paid such water-rate shall be entitled to be repaid by the Cantonment Committee three-fourths of such sum as shall bear to the amount paid by him the same proportion which the residue of the quarter bears to the entire quarter: [Ben. Act III of 1884, section 124.]

Refund of water-rate when house ceases to be occupied.

Provided that notice shall have been given in writing to the Cantonment Committee of such house or land being unoccupied, and that the application for refund be made within six months next after the date on which the house or land ceased to be occupied.

The date on which the said notice is delivered at the office of the Cantonment Committee shall for the purpose of this rule be deemed to be the date on which the house or land ceased to be occupied.

[Ibid, section 254.]

24. Whenever any house or land which shall have been unoccupied shall begin to be occupied during any quarter, there shall be forthwith payable by the occupier in respect of such house a sum calculated at one-fourth of the rate that would have been payable if the house or land had been occupied during the entire quarter for the period during which the house or land was not occupied, and the full rate for the residue of the quarter.

And such occupier shall be entitled to deduct from the rent, or otherwise recover from the owner, one-fourth of the water-rate that would have been payable if the house or land had been occupied during the entire quarter.

[Ibid, section 255.]

25. Whenever any person holding any house or land from the owner thereof has sub-let the same in severalty to two or more persons, the person holding from the owner shall, for the purposes of these rules, be deemed to be the occupier of such house or land.

[Ibid, sections 256 and 257.]

26. If any holding shall be occupied by more than one tenant holding severally, or shall be of less value than one hundred rupees, it shall be lawful for the Cantonment Committee to recover the rate from the owner of such holding, who shall have for the recovery of such rate from the tenant the remedies provided by sections 313 and 314 of the Bengal Municipal Act, 1884:

Provided that the owner shall not be entitled to recover from any occupying tenant more than three-fourths of the water-rate that would but for this proviso be recoverable by him under the said sections.

[Ibid, section 258.]

27. If any person after service upon him of the bill and notice referred to in rule 19 shall not, within fifteen days of the service of such notice or from the date of any order made on an application for review under rule 11, pay the sum due either to the Cantonment Committee at their office or to some person authorized by them to receive the money, or show to the Cantonment Committee sufficient cause for not paying the same, the amount of the arrear due, with costs on the scale shown in the table of fees marked B in the Second Schedule, may, at any time within three months after the date of service of the said notice, or of the order made on an application for review as aforesaid, be levied by distress and sale of any moveable property belonging to the defaulter, except ploughs, plough-cattle, tools or implements of agriculture or trade, wherever found, or of any moveable property belonging to another person, subject to the same exceptions which may be found within the holding in respect of which such defaulter is liable to such rate:

Provided that when the holding in respect of which the default is committed is a place of business, and the moveable property distrained is shown to the satisfaction of the Cantonment Committee to have been left there for repairs or safe custody in the ordinary course of business it shall be released:

Provided also that if the said property or any part thereof belong to any person other than the defaulter, the defaulter shall be liable to indemnify the owner thereof for any damage he may sustain by reason of such distress, or by reason of any payment he may make to avoid such distress or any sale under the same.

[Ben. Act III of 1884, section 125.]

28. Every warrant of distress and sale under the last preceding section shall be issued by the Cantonment Committee, and shall be in the Form marked Q in the Second Schedule.

Distress shall be made by actual seizure of moveable property, and the officer charged with the execution of the warrant shall be responsible for the due custody thereof.

Such officer shall make an inventory of all moveable property seized under the warrant, and shall give not less than ten days' previous notice of the sale, and of the time and place thereof, by beat of drum, in the cantonment and by serving on the defaulter a notice in the Form marked D in the Second Schedule:

Provided that, if the property is of a perishable nature, it may be sold at once with the consent of the defaulter, or without such consent at any time after the expiry of six hours from the seizure.

[Ibid, section 125.]

29. The officer charged with the execution of the warrant may, under the special orders of the Cantonment Committee, between sunrise and sunset, break open any outer or inner door or window of a house, in order to make the distress, if he has reasonable ground for believing that such house contains any moveable property belonging to the defaulter, and if, after notification of his authority and purpose and demand of admittance duly made, he cannot otherwise obtain admittance:

Provided that he shall not enter or break open the door of any room appropriated for the zenana or residence of women, which by usage of the country is considered private, except after three hours' notice and opportunity given for the retirement of the women.

[Ibid, section 124.]

30. If the sum due be not paid with costs before the time fixed for the sale or the warrant be not discharged or suspended by the Cantonment Committee, the moveable property seized shall be sold by auction at the time and place specified, in the most public manner possible, and the proceeds shall be applied in discharge of the arrears and costs.

The surplus sale-proceeds (if any) shall be credited to the Cantonment Fund, and may be paid on demand to any person who establishes his right to the satisfaction of the Cantonment Committee or in a Court of competent jurisdiction.

The tax-collector, or other officer authorized in that behalf, shall make a return of all such sales to the Cantonment Committee in the Form marked E in the Second Schedule.

31. All officers and servants of the Cantonment Committee, and all chaukidars, constables and other officers of police are prohibited from purchasing any property at any such sale. [Ibid, section 186.]

Certain persons prohibited from purchasing at sales.

32. The Cantonment Committee shall cause a regular account to be kept of all distresses levied and sales made for the recovery of the water-rate under these rules. [Ibid, section 186.]

Cantonment Committee to keep account of distress and sales.

33. If no sufficient moveable property belonging to a defaulter, or being upon the premises in respect of which he is rated, can be found within the Cantonment, the Deputy Commissioner of Darjeeling, or any other Magistrate having jurisdiction over the cantonment may, on the application of the Cantonment Committee, issue his warrant to any officer of his Court for the distress and sale of any moveable property or effects belonging to the defaulter within any other part of the jurisdiction of the Magistrate, or for the distress and sale of any moveable property belonging to the defaulter within the jurisdiction of any other Magistrate exercising jurisdiction within the territories administered by the Lieutenant-Governor of Bengal, and such other Magistrate shall endorse the warrant so issued and cause it to be executed, and the amount, if levied, to be remitted to the Magistrate issuing the warrant, who shall remit the same to the Cantonment Committee. [Ibid, section 187.]

Sale of property beyond limits of Cantonment.

34. No distress or sale made under these rules shall be deemed unlawful, nor shall any party making the same be deemed a trespasser on account of any error, defect, or want of form in the bill, notice, summons, warrant of distress, inventory or other proceedings relating thereto. [Ben. Act III of 1884, section 133.]

Distress or sale not unlawful for want of form.

35. Instead of proceeding by distress and sale, or in case of failure to realize thereby the whole or any part of the water-rate, the Cantonment Committee may sue the person liable to pay the same in any Court of competent jurisdiction. [Ibid, section 189.]

Cantonment Committee may bring suit instead of distraining or on failure of distress.

36. The Cantonment Committee may order to be struck off the books any amount in respect of water-rate which may appear to them to be irrecoverable. [Ibid, section 190.]

Irrecoverable amounts.

37. The President of the Cantonment Committee shall, for the transaction of business under these rules, exercise all powers vested in the Cantonment Committee, but not any power directed to be exercised by the Cantonment Committee at a meeting. [Ibid, section 44.]

Powers of President.

Notice of Demand.

To

CANTONMENT OF LEBONO.

TAKE notice that the sum of Rs. , being the amount due from you, as shown in the accompanying bill, is hereby demanded from you, and that if you do not, within fifteen days, pay the same to an officer authorized to receive payment, or into the office of the Cantonment Committee, the amount together with costs will be levied by distress and sale of your goods and chattels, or otherwise as provided by law.

A. B.,

President of the Cantonment Committee

[The following note will be added at the foot of the above notice in those cases only in which the notice is to be addressed to a person who has not already paid one instalment of the tax at the rate at which the demand is made.]

NOTE.—If you have any objection to make against this demand, you may, instead of paying the amount which is hereby demanded, present a petition to the Cantonment Committee praying for a review of the amount assessed (or rated). Such petition must be presented within fifteen days of the service of this notice, otherwise it will not be received. If you present such petition, no amount will be levied from you until the Cantonment Committee shall have passed an order on your petition; but after fifteen days from such order the amount due by you, with such costs as the Committee may direct, will be levied unless it has been previously paid.

No. 1246T.M.—The 20th June 1905.—It is hereby notified for general information that in exercise of the power conferred on him by section 188 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to make the following amendments in rules 24 and 25 of the rules made under clauses (i) and (c) of the aforesaid section of the Act and published under Notification No. 2009T.—M., dated the 9th November 1901, at pages 217-273 of Part IB of the *Calcutta Gazette* of the 4th December 1901:—

In the second paragraph of Rule 24 omit the words "with the pass-book."
In rule 25, line 4, after the words "to the treasury," insert the words "on the tenth and also," and after the words "every month" insert the words "and on any other day on which the District Board may require the posting to be done." In line 6 after the words "entered therein, and" insert the words "when the book is received on the last working day of the month." In line 8 omit the words "at once" after the words "be returned," and insert the words "as soon as the entries prescribed in this rule have been made in it, i.e., on the day of receipt or the next day at latest."

Rules 24 and 25 after amendment will stand thus:—

"24. All money paid into the treasury otherwise than by money-order to the credit of the District Fund, whether by servants of the District Board or others, shall be accompanied by a chalan in Form No. II.

"This chalan shall be in triplicate, having the words 'Original,' 'Duplicate' and 'Triplicate' printed or written in red on the first, second and third parts, respectively. The first part shall be retained by the treasury office, the second part shall be returned on the same day to the office of the District Board, and the third part shall be delivered to the person paying in the money.

"As an exception to the above rule, the payments into the treasury of the rents of pounds and ferries which are administered by Local Boards shall be accompanied by chalans in quadruplicate, and the fourth part shall be sent by the treasury to the office of the Local Board."

"25. All moneys remitted to the treasury to credit of the District Board, and all payments made by the treasury on cheques or otherwise on account of the District Board, shall be entered in a pass-book; the pass-book shall remain in the custody of the Chairman, and it shall be sent to the treasury on the tenth and also on the last working day of every month and on any other day on which the District Board may require the posting to be done. On receipt of the pass-book by the treasury officials, the receipts and payments up to date, and credits referred to in rules 30 and 31, shall be entered therein, and when the book is received on the last working day of the month the account shall be balanced and signed by the treasury officer, the amount being entered in words as well as figures. The book shall be returned to the office of the District Board as soon as the entries prescribed in this rule have been made in it, i.e., on the day of receipt or the next open day at latest."

No. 1251T.M.—The 22nd June 1905.—It is hereby notified that, under section 19 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor is pleased to appoint Mr. G. H. Grant to be a member of the District Board of Bhagalpur, *vice* Mr. Tilakdhar Lall, resigned.

No. 1263T.M.—The 22nd June 1905.—In exercise of the power conferred on the Local Government by section 53, clause 3 of the Calcutta Hackney Carriage Act, II of 1891, the Lieutenant-Governor is pleased to confirm the following bye-laws which have been made by the Commissioners of the Cuttack Municipality, in the district of Cuttack, under clause (2) of the said section in supersession of the bye-laws confirmed in Notification No. 8050M., dated the 29th July 1895, published at page 173, Part IB of the *Calcutta Gazette* of the 31st idem:—

A.—FIRST CLASS.

1. First class hackney carriage licenses shall only be granted for comfortable, roomy, clean, easy-running vehicles of a description superior in all respects to second class carriages. They may be of any approved pattern, such as broughams, landaus, phaetons, office jaunes, &c., &c. Each carriage must have a thoroughly good pair of lamps.

2. No carriage drawn by a pair of horses shall be licensed in the first class unless both animals are fit for their work and at least 14-2 hands high, and none drawn by a single horse unless the animal is fit for its work and at least 15 hands high.

B.—SECOND CLASS.

1. No carriage shall receive a second class license unless it be in a thoroughly fit and proper condition.

2. If it be of a kind known as "Palki-garry" or "Brownberry" it shall conform to the following dimensions:—

Breadth of carriage inside	Not less than 33 inches.
Depth of seat	Eighteen inches.
Width of well of carriage between cushions	Not less than 20 inches.
Height of roof above cushions	Not less than 38 inches.

3. The springs and axles must be of thoroughly strong manufacture, all the iron work strongly put together, and the carriage must have a good pair of lamps.

4. No carriage drawn by a pair of horses shall be licensed in the second class unless both animals are fit for their work and at least 12-2 hands or 50 inches high, and none drawn by a single horse unless the animal is fit for its work and at least 13-2 hands or 54 inches high.

C.—THIRD CLASS.

1. No carriage shall receive a third class license unless it be in a clean and safe condition, have sufficient room inside to seat four persons conveniently, and have stout axles, springs, and wheels and a good pair of lamps.

2. When drawn by a pair of ponies, each pony must be in a fit condition, and not less than 11-2 hands or 46 inches high. When drawn by a single pony the animal must be fit and at least 13 hands or 52 inches high.

3. Carriages of the description known as tem-tom or dog-carts shall be registered in the third class.

D.—GENERAL.

1. No animal shall be deemed fit for its work unless it is so in respect of height, bone, muscle and condition and equal to the work of drawing the carriage.

2. Harness must be of good description and strong. No chain or rope traces, unless they be covered with leather, and no string fastenings will be allowed.

3. Every carriage of all three classes shall have a plate affixed in some conspicuous part of the outside of the carriage specifying the class, the number of each class in the register, and the number of persons it be licensed to carry. A second and third class carriage shall also bear the owner's name painted on some conspicuous parts of the outside of the carriage. Every carriage shall be distinctly marked on its panels with the number of the class to which it belongs, figures to be not less than 6 inches in length, resembling the marking of railway carriages.

4. It shall be obligatory on the owner of every hackney carriage to produce within 24 hours every horse or vehicle registered under the Hackney Carriage Act when required to do so by the Registering Officer, failing which the working of the vehicle or horse shall be suspended for a period not exceeding a month.

5. Every person applying for a driver's license must be acquainted with the principal places and streets in Outrack and have a thorough knowledge of the rates and fares in the schedule.

6. A schedule of fares by distance and time for each class shall be printed and affixed to a metal plate which should be hung up in a conspicuous place in each hackney carriage.

7. Each driver and syce must be properly dressed in clean uniform.

The syce should invariably be in attendance whenever a hackney carriage is being plied.

8. Every place where any hackney carriage or horse is kept shall be open to inspection of the officers of the Municipality at all reasonable hours.

9. On the day fixed for granting licenses to, or examination of hackney carriages, all owners of hackney carriages should produce their carriages and animals at the place and hour appointed for the purpose.

No. 1271T.M.—The 22nd June 1905.—It is hereby notified that, under section 27 of the Bengal Municipal Act, III of 1884, the Lieutenant-Governor is pleased to appoint Bahu Sarat Chandra Sen to be a Commissioner of the Darbhanga Municipality, in the district of Darbhanga.

No. 1275T.M.—The 23rd June 1905.—It is hereby notified that, under clause 2, section 5 of the Bengal Local Self-Government Act, III of 1885, the Lieutenant-Governor intends to establish a Local Board in the Balurghat subdivision of the district of Dinajpur, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the area affected.

No. 12887.—M.—*The 24th June 1905.*—Under Rule 9 of the rules framed under section 5 of the Local Authorities Loan Act, 1879, it is hereby notified for general information that the Lieutenant-Governor intends to sanction the following application from the Commissioners of the Darjeeling Municipality for a loan of Rs. 33,000 from Government, bearing interest at the rate of 4 per cent. per annum, and repayable in 40 equal half-yearly instalments of Rs. 1,206-5-4 each, unless good reasons are shown to the contrary within one month from the date of the publication of this notification within the said Municipality.
